NINETY-THIRD GENERAL ASSEMBLY
of the
STATE OF MISSOURI
SECOND REGULAR SESSION

FIRST DAY, WEDNESDAY, JANUARY 4, 2006

Speaker Jetton in the Chair.

Prayer by Reverend James Earl Jackson.

Heavenly Father, we stand before You, in this opening session, as mere men and women. We speak of our plans, our authority to act, our ambitions, but they are empty words in comparison to Your plans and purposes for this legislative body and the people of this great state of Missouri. In whom do we trust, that we should dare say, "we have accomplished much by the strength of our arm and the sweat of our brow or by the superiority of our intellect?" This obviously is Your doing and it is marvelous in our eyes.

May we do nothing through selfish ambition or conceit, but in lowliness of mind may we each esteem each other better than ourselves. Let each of us look out not only for our own interests, but primarily for the interests of those we represent.

We are instructed in Your Word that, "he who rules over the people must be just, ruling in the fear of God. The benefits of a righteous rule are enlightenment, fruitfulness, and refreshment." Grant wisdom to us as we seek to serve and fulfill the duties and requirements of this session.

Now may the grace of our Lord rest and abide with each of us.

We ask these things in the name of Your Son. Amen and amen.

The Missouri State Highway Patrol, Troop F Color Guard, presented the Colors.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as an Honorary Page for the Day, to serve without compensation: Jacob William Maxwell.

ADDRESS BY SPEAKER ROD JETTON

The Welfare of the People

Good afternoon to all of the new and returning members, staff and special guests.

Ladies and Gentlemen:

Take a brief moment and look at the Latin words inscribed on the Dais before me. In English, they translate to:

“Let the welfare of the people be the supreme law of land.”

As you know, that is our state motto. As we enter the second regular session of the 93rd General Assembly, I think it is prudent for us to reflect and consider the meaning of our state motto. We should also consider the obstacles to reaching that idealistic goal.

In preparing my remarks for today, I thought about all of the things that I have seen during my five years of service in this body, which have kept us from achieving the goal of making our state motto a reality, and I came up with these four:

1. Party influences.
2. Regional interests.
3. Political self-interest.
4. And personal conflict.

In this election year, the temptation for all of us to put politics and party above good policy will be strong. The desire to fund new programs for your district or region will be even greater. The need to have a bill passed with your name on it to help your re-election will be hard to resist. And all of these things could make personal conflict more likely.

We have all seen these types of obstacles put a halt to legislation that would have promoted the welfare of all Missourians. Party influences should not cause us to do things that we feel are not right. Political self-interest should not cause us to promote bad policy. And personal conflict should not cause us to kill good legislation.

I want all of us to do what we believe is the right thing. And I want each of us, both Democrats and Republicans to come together and vigorously debate the laws that affect all Missourians.

One year ago, I stood before this body armed with proposed rule changes to be agreed upon by both parties. To the surprise of many, we actually implemented those rule changes, and created a much more professional and open environment. As Democrats and Republicans, we actually worked together to pass good legislation. And we engaged in fair, honest and vigorous debates on the key bills that passed this House.

Was it perfect? No.

Did anyone ever lose his or her temper? Yes.

Did party, personal and regional interests sometimes slip in? Occasionally.

But overall, we had one of the most productive and historic sessions in memory.

I have to give credit to the Gentleman from St. Charles, Dempsey district, for the professional manner in which he conducted the floor schedule and kept the minority informed.

And credit must also go to the Gentleman from Boone, Harris district, for his willingness to help settle disputes when they came up.

In 2005, we had a session where we treated each other like friends, respected the other's intentions and knew that we were all here to do our very best to improve this state.

Because of this, we were able to keep the promises that we made before being sworn in.

FIRST, WE KEPT OUR PROMISE TO MAKE EDUCATION OUR NUMBER ONE PRIORITY – We passed a new foundation formula that added \$113 million for our children's education last year. This year we will fully fund the foundation formula by adding an additional \$137 million.

SECOND, WE KEPT OUR PROMISE TO IMPROVE THE ECONOMY – After last year's historic session, our state's unemployment rate dropped to its lowest level in four years. In August, Missouri's employment increased at the second fastest rate in the country, and we were fourth in number of jobs created with over 13,000 new jobs. From January to November of 2005, Missouri industry created more than 28,000 new jobs. That's 28,000 more citizens who have a job, who are paying taxes and who are providing for their families. And to think that just two short years ago Missouri was losing more jobs than almost any other state in the country.

THIRD, WE KEPT OUR PROMISE TO PROTECT OUR FAMILIES – Meth lab busts are down 21.4% from last year, proving that our aggressive approach to the problem is working. And in the St. Louis area, violent crime was reduced by 46%. And thanks to our new DWI laws, drunk driving incidents in Missouri are decreasing.

FOURTH, WE KEPT OUR PROMISE TO SPEND YOUR TAX DOLLARS MORE WISELY – We finished the last fiscal year \$124 million in the black. And this year we're at a 4.9% growth rate, which is well above the 1.0% growth rate we need to meet the growth in the budget. The changes we made to improve Missouri's economy are working.

Now, the policy experts said we could never fix Missouri's fiscal mess without a tax increase. They told us it was impossible to reform state government and improve the business climate without raising taxes. Well, I am here to tell you, our economy is improved, more people are working and Missouri state government is much more efficient and effective than it was just one year ago. Today, we have more Missourians paying taxes, not fewer Missourians paying more in taxes. So despite what the experts said, we did it without raising your taxes!

These are accomplishments that all of us can, and should take credit for. All of you are responsible for this success. I can assure you that the bills we passed last year only worked because we had both sides of the aisle debating,

inquiring and, yes, even compromising to get to the final product. And ultimately, the bills we passed were better because of it.

Today, as the elected leader of this body, I want to lay out my thoughts about what we should work to accomplish in this new session.

To begin, we need to provide energy assistance for our poorest citizens. We all know that heating costs have increased dramatically. We need to make sure that our senior citizens are able to heat their homes without having to sacrifice the foods and medicines they need. We must quickly take the extra taxes collected from higher gas prices and put the excess revenue into a fund that will help seniors pay their higher heating costs.

Second, we must reinstate and reform the MAWD program. Last session, we passed a Medicaid reform bill that put a cap on how much a person could earn and still qualify for Medicaid. That legislation kept the disabled employees at sheltered workshops and VIP Industries from being able to continue to work and qualify for Medicaid benefits. Working in sheltered workshops and VIP Industries gives these individuals a sense of purpose and adds to their quality of life. The income they earn is not a lot, but that job gives them something to look forward to each and every day.

We passed a bill at the end of last session that would have fixed the problem and allowed these Missourians to keep working and still qualify for Medicaid. Unfortunately, the bill died in the Senate. We need to pass it again quickly at the beginning of this session.

Third, in 2005 the U.S. Supreme Court pushed the issue of eminent domain to the forefront. This session, we need to pass reforms that will protect our homes, but still allow the use of eminent domain for the good of the public; to build roads, put up utility lines and improve blighted areas. However, it is never right for the local, state or federal government to take someone's family home just so another private citizen can turn a quick dollar.

Fourth, this session Missouri must pass Jessica's Law to deal with child sex offenders. Unfortunately, most sexual assaults are committed by repeat offenders. We need to keep track of these criminals to make sure our children and families are kept safe. Jessica's Law would require a 25 year sentence for first-time offenders convicted of child sex crimes. In addition, upon release, convicted sex offenders must wear electronic tracking devices 24 hours a day. This way, law enforcement personnel will always be able to tell where these most violent criminals are, and our children can live and play without fear.

And finally, this body must pass meaningful insurance reform. In today's society, it is vital that everyone have health insurance they can count on.

While we have worked to pass tort reform to crack down on junk lawsuits, we also must make sure the insurance companies understand and fulfill their responsibilities. We need to make health insurance more affordable for all of our citizens. This year we will take on the medical malpractice insurance companies and help all of our citizens have access to quality healthcare.

Some may scoff and say we can never work together and put people before politics.

And you may be sitting here today thinking the very same thing; saying to yourself, "In an election year it will never happen."

But I choose to think that we can. I choose to hope that it is possible. And I know that if we will only try, if we will only strive for the goal, then the people of Missouri will be better. Because in striving to be the ideal deliberative body, we will be much closer to the mark than had we sat back, never tried and said it wasn't possible.

And when we achieve our goals, we will keep Missouri moving forward by protecting citizens' homes and property, by improving the access and quality of their healthcare, and by providing a hand up to those that need it.

Thank you, and may God bless the members of the 93rd General Assembly!

Pursuant to the provisions of Section 9.141, RSMo, the Bill of Rights was read by former Marine Major Steven Stovall.

SECOND DAY, THURSDAY, JANUARY 5, 2006

Speaker Jetton in the Chair.

Prayer by Reverend James Earl Jackson.

Heavenly Father, You are so good to us and Your love for us is obvious. We have our health, loving families, sound minds, abundant provision and an opportunity to make a difference in this state. You continue to provide safe passage to and from our place of residence. How can we not pause to say thank You.

Loving Father, be merciful and gracious to us, bless us and cause Your face to shine upon us and among us. Give us wisdom and knowledge to make wise decisions, help us to honor and respect one another in spite of our apparent differences. May all bitterness, indignation, animosity and evil-speaking be put aside in order that the decisions made in this place be appropriate, timely and advantageous to this state as a whole.

Thank You for this New Year, thank You for new opportunities to serve and thank You for sustained friendships.

Now may Your grace and mercy abide with us all throughout this day.

We ask these things in the name of Your Son. Amen and amen.

JOURNAL OF THE HOUSE

Second Regular Session, 93rd GENERAL ASSEMBLY

FOURTH DAY, TUESDAY, JANUARY 10, 2006

The House met pursuant to adjournment.

Speaker Pro Tem Bearden in the Chair.

Prayer by Father Donald W. Lammers.

Let us pray.

“Praise the name of the Lord,
praise him, servants of the Lord,
who stand in the house of the Lord
in the courts of the house of our God”
(Psalm 135:1-2)

We thank You, Lord, for bringing us into the second week of the 2006 Session of the Missouri House of Representatives.

We give thanks for the people of our districts who have sent us to represent them here. We thank You for the great trust they have placed in us. Give us the grace and courage never to betray that trust.

In our own lives and about life in our State, give us the wisdom of discernment between needs and wants, between the issues that merit top priority or lesser attention.

In our work today, help us to be at our best in clarity of thought, in communication, and in working with all others in this body and with those who assist us.

We give You praise and we pray to You at this hour, because You are our God, now and forever. Amen.

The Pledge of Allegiance to the flag was recited.

JOURNAL OF THE HOUSE

Second Regular Session, 93rd GENERAL ASSEMBLY

FIFTH DAY, WEDNESDAY, JANUARY 11, 2006

The House met pursuant to adjournment.

Speaker Jetton in the Chair.

Prayer by Reverend James Earl Jackson.

Heavenly Father, it has been written, "Man shall not live and be upheld and sustained by bread alone, but by every word that comes forth from Your mouth."

You have also declared that the one who rules righteously, who rules in the fear of God, is like the light of the morning, like the sunrise bursting forth in a cloudless sky, like the refreshing rains that bring tender grass from the earth.

Lord God, may we not be of those who are darkened, speaking with flattering lips and a double heart, but of those who are enlightened, speaking the truth from a sincere heart.

As we focus on the state of our state, we have no fear of financial deficiencies nor trust in abundance, but our eyes are fixed on You.

Now may the grace of our Lord be with us all throughout this day's events.

For it is in His name we pray. Amen and amen.

The Pledge of Allegiance to the flag was recited.

Representative Nieves assumed the Chair.

The Journal of the fourth day was approved as printed.

The Doorkeeper announced the approach of the Honorable Matt Blunt, Governor of the State of Missouri. The Governor was duly escorted to the House Chamber and the Speaker's dais, where he delivered the following message to the Assembly in Joint Session.

MESSAGE FROM THE GOVERNOR

Lt. Governor Kinder, Mr. President Pro Tem, Mr. Speaker, distinguished state officials, judges of the Supreme Court, members of the General Assembly, reverend clergy, fellow Missourians:

Tonight, I have the privilege of delivering my second state of the state address. Last year's report was difficult news for me to deliver and for Missourians to hear. Missouri's economy was on life support. The budget was more than a billion dollars in the red, a series of government programs were bankrupting the state and tens of millions of dollars in waste were scattered throughout state government.

Tonight I am able to deliver a very different message. Our economy is now creating jobs for Missouri's families. We have moved from a massive budget shortfall to the first surplus in five years. Let me repeat that good news: because of the prudent decisions we made last year, we have balanced the books. We have taken an inherited deficit that exceeded five percent of total state spending and created a small but real surplus. We are sustaining government and investing in priorities without the higher job-killing taxes that the people have rejected time after time. We are saving millions of dollars within state government that can be sent to schools, used to provide healthcare or to improve Missouri's roads, highways and bridges. We have demonstrated that real, positive change can be realized without increased taxes. Tonight, Mr. President, Mr. Speaker, and fellow Missourians, just one year after we began to work together, the state of the state is strong.

Last session we enacted pro jobs, pro growth policies that have made state government a facilitator of job creation, not a free-spending, tax-increasing burden to economic growth. Today, the sun has risen and Missouri's economy is on the move. Jobs are coming back and staying in Missouri. Lawsuit reform and regulatory relief are having their desired effect. 28,000 jobs have been created since January. Our small business men and women are hiring more of their neighbors. The entrepreneurial spirit has been rekindled, and the results are dramatic. On average, we have seen the creation of more than 500 new jobs per week since my address last year.

We made great strides last year to keep doctors in Missouri by passing medical liability reform. Hospitals and doctors' groups report that they now can recruit and retain quality doctors, especially in crucial specialties such as obstetrics and neurosurgery. Lawsuit reform is making a tremendous positive difference for people and communities across Missouri and is improving access to high quality healthcare.

Thank you for passing a tough new anti-meth law to control the sale of key ingredients of methamphetamine. This new law is showing strong results, with a decline of 44 percent in meth incidents in Missouri.

I encourage the Congress to pass Senator Jim Talent's similar legislation at the federal level to better protect Missourians and to help stop the scourge of meth across the country.

As you drive across Missouri you are seeing new construction on virtually all our major highways. When complete, Missouri's Smooth Roads Initiative will deliver a total of 2,200 miles of safer, smoother and improved roads. MoDOT has turned the corner and is earning the trust of Missouri taxpayers because they are eliminating the problems that confronted them in the past and they are now focused on one central mission, "building and maintaining roads." I know they are up to the challenge and tonight, I call upon the State Highways and Transportation Commission and their Director, Pete Rahn, to complete the Smooth Roads Initiative by December 31, 2006 - one year ahead of schedule.

As a product of Missouri's public schools, I am deeply committed to public education. In the past, schools suffered from budget withholdings that were shortsighted and diminished opportunities for young Missourians. I pledged to Missourians that I would deliver consistent increases to our schools and that withholdings would stop. Last year, we fulfilled that promise and delivered 158 million new dollars to public schools, a 4.4 percent increase. We also passed a new funding formula that is based on the needs of Missouri school children rather than the taxing capacity of school districts. At the same time, we ensured that last year's budget provided public colleges and universities with more funding than any budget of the prior administration.

In 2005, we did the most basic things in making a Missouri Family First budget. We set priorities and made choices. We got serious about getting full value for people's hard-earned tax dollars. We found and ended many wasteful practices and created a culture that is committed to efficiency and responsible stewardship. We put children and taxpayers first. We changed course to bring the state's priorities in sync with the people's priorities.

Fiscal responsibility in budgeting works hand in hand with policy changes such as ending lawsuit abuse and establishing the Quality Jobs initiative. Today's deficit spending is tomorrow's job-killing tax hike. Last year we did not allow ourselves to make spending decisions under the false illusion that there is no end to state resources. We cannot dig ourselves into the spending hole that made last year so challenging. However, we can and should invest dollars wisely in order to secure an even brighter future.

The budget I present tonight required much thought and consideration. It lives within the people's means while funding the many important services provided by state government.

Notably, the new budget is balanced without new job-destroying taxes and without borrowing or accounting gimmicks. This is a MISSOURI balanced budget. Spending and revenue are in balance. Last year we ended the policy of spending money that we do not have.

My priorities remain clear. From pre-school to college, the state budget should reflect the number one fiscal priority of state government - "to educate and prepare our children for the 21st century." Last year, Melanie and I were blessed with the birth of our son. We, like all Missourians, want to provide him with every opportunity to achieve the American dream. At a young age, children's minds are eager to learn, and as a state we should look for opportunities to foster that desire for knowledge so that Missouri's students will lead the nation and, more importantly, thrive in the competitive global marketplace.

A key component of my comprehensive childhood education commitment is an increased investment in Parents-As-Teachers. Parents-As-Teachers changes children's lives and ensures that any developmental delays are identified and corrected early, providing a bright future for Missouri children. My new budget provides another \$1,000,000 to Parents-As-Teachers in addition to last year's increase.

I am committed to delivering more taxpayer resources to Missouri schools every year. Last year we increased state aid to education by \$158,000,000. My new budget fully funds the first year of the new school foundation formula and provides a total increase of 167 million new education dollars. Combined, these increases will result in 325 million new dollars for schools delivered by my Administration and this General Assembly.

We should ensure that as many of those new dollars as possible reach the classroom. There has already been a great deal of healthy and beneficial discussion regarding my proposal to deliver at least 65 percent of the education tax dollar to teachers and students, with others defending the current system. I do not believe it is acceptable to lag behind nearly every other state in teacher salaries or for some districts to spend only 52 or 53 cents of each education dollar on student instruction. That is not good stewardship of tax dollars.

I have heard comments and suggestions for adjustments to the education community's definition of what constitutes classroom instruction. The definition is not my own. It belongs to the education establishment, but it is clearly not sufficient. I am open to meaningful discussion on this issue, but the bottom line is that more dollars must be delivered to the classroom.

Learning does not begin in kindergarten nor does it end after high school. Prior to my service as governor, colleges and universities were hit with significant cuts. This year, my budget calls for a \$17,000,000 increase for state colleges and universities, providing them with the resources they need to improve quality and hold back tuition increases.

The A+ program is an additional tool that helps young Missourians stay in school and ensures that advanced learning is a reality for more Missourians. My budget increases state funding for A+ by \$1,800,000, which will allow additional Missouri young people to attend community college and acquire the skills they need to be competitive in today's global economy.

Residential care facilities such as Boys and Girls Town and Edgewood provide the love and support that can dramatically impact troubled children's lives. Last year my budget recommended a \$2,100,000 increase in funding for these care providers. This year, I am pleased to include 2.8 million new state dollars in my budget request for residential care facilities.

Smoking is one of the leading healthcare cost drivers. In Missouri, smoking takes thousands of lives and devastates families. We all pay the costs of smoking through increased insurance premiums, social welfare for smokers and most significantly through the loss of family and friends afflicted with cancer. The tobacco settlement funds have been misused in the past, and I propose that one million of those dollars be spent on smoking prevention and cessation this year.

The spike in gas prices and home heating costs has hit all of our families. Fortunately, common sense policies and regulations in Missouri have resulted in residential utility rates that are the eighth lowest in the nation. However, some seniors and low-income Missourians have been pushed past their financial ability to keep up, and we must respond. In order to help low-income Missourians pay high winter heating bills I ask that \$6,100,000 be dedicated immediately to Missouri's Utilicare program.

This program has never been fully funded and has received no funding since 2001. This crucial funding will provide real assistance to seniors and low-income Missourians. No Missourian should have to choose between heating and eating, between utilities or groceries.

Most seniors and disabled adults would like to remain in their own homes. In-home healthcare is more cost effective, and it allows them to do so. Last year, working together, we increased funding for in-home healthcare services. To continue encouraging home care as an option, this year's budget calls for a \$10,900,000 general revenue increase to improve the quality and availability of in-home healthcare.

Through the ethanol and bio-diesel incentive programs we are encouraging a vital expansion of the economy by producing renewable fuels and reducing America's and Missouri's dependence on the Middle East while providing ready markets for the farmers of the Midwest. My budget calls for full funding of Missouri's bio-diesel and ethanol incentive funds.

I also call upon this General Assembly to pass an “Energy and Green Power Initiative,” to reach beyond full funding for bio-diesel and ethanol incentives. I ask that we give Missouri’s heartland economy a major and lasting boost by requiring that motor fuel sold in Missouri for passenger cars and trucks contain 10 percent ethanol.

This standard will spur even greater economic development in rural Missouri. For all of us, it will provide cleaner air, lower prices and greater independence from Middle East oil supplies. Please stand with me against special interests and for our farmers, consumers, the environment and new energy supplies made right here in Missouri.

As a veteran, I feel a special privilege in leading a state that respects military service and supports those who have worn the uniform. In my budget, I ask that you establish a new state veterans’ cemetery, Missouri’s fifth, at Ft. Leonard Wood.

I also ask that you approve my requested appropriation to strengthen the Veterans’ Ombudsman program which serves men and women who are deployed in defense of our freedom and their families as well as those who have recently returned from deployment.

This night, and everyday as a free nation we are grateful to Missouri’s men and women in arms.

Tonight, we have with us two Missourians who recently returned from active duty. Please join me in recognizing Major Brian K. Tully of Cape Girardeau and Master Sergeant Robert Miller of Tebbetts. Both received the Bronze Star for their service in Iraq.

The state plays a key role in protecting children, families and seniors from criminals. We must do more to support law enforcement professionals on the front lines. Missouri has only four accredited full service crime labs. I ask that this General Assembly appropriate funds to staff and equip an additional state crime lab. This new lab will expedite forensic work, help ensure that case backlogs are not delaying justice, and get dangerous criminals out of our neighborhoods.

Drug courts save the state money. A University of Missouri study demonstrated that the cost per drug court participant is \$5,400 versus the \$14,000 cost the state bears to incarcerate a drug related inmate. Many non-violent drug offenders can be better punished and rehabilitated through drug courts, which is why my budget provides them with a \$2,100,000 increase.

We are striving every day for greater efficiency in your state government. In fact, the budget I am presenting tonight is the first in eight years that requests funding for fewer than 60,000 state employees. That is partly due to better management, but it is also dependent on Missouri’s state employees. They have answered my call to provide more efficient and effective customer service to Missourians while at the same time using fewer resources. They are truly doing more with less. We should reward their good work. An important component of my budget is the inclusion of a four percent pay raise for state employees.

One of government’s most basic responsibilities is to respect and safeguard the rights of the people. Sadly, a recent U.S. Supreme Court decision undermined those very rights.

I was offended by the ruling of the U.S. Supreme Court in the Kelo versus New London case. This ruling allows governments to take private property for the use and profit of private interests. This ruling was wrong. Churches and places of worship across our state that contribute immeasurably to society but generate no tax revenue should not fear the forced sale of their land.

I believe the work of my task force on this issue provides the Legislature with a sound basis for “fixing” the Kelo decision and ensuring that eminent domain abuses in Missouri are forever ended. I look forward to working with you to protect homeowners, farmers and small business men and women all across the state.

I recognize the importance of healthcare to every Missouri family, and I believe we have an obligation to provide assistance to those truly in need of help. Last year, we took important steps to save Medicaid for our neediest citizens and began a process of reform. What few Missourians have heard is that we spent more money on Medicaid last year than we did the year before. If left unchecked the old program would literally bankrupt state government within

a matter of years. Missourians know that simply throwing money at the problem without any other changes would not have solved the problem. Had we not taken action last year, today it would cost taxpayers an additional \$935,000,000 to fund the old program. For those who continue to clamor for a return to the old way I ask that you be candid. Be honest with the people of Missouri and tell them what programs you would cut or what taxes you would raise. Do not pretend that we can spend money in a vacuum with no resulting harm to schools or Missouri taxpayers.

My administration remains committed to providing meaningful assistance to our neediest citizens. Medicaid is an important state program. That is why my budget asks for 275 million additional state dollars to sustain its current commitments. This significant increase will allow us to continue providing healthcare for 16 percent of our fellow citizens. It also means that this important program will receive 29 percent of the entire budget.

Federally Qualified Health Centers and Community Health Centers combine federal, state and community resources with personal responsibility to expand access to healthcare. My budget provides an additional \$700,000 for the funding of new community health centers which will benefit tens of thousands of Missourians.

I also believe that technology and innovation are essential to improve the delivery of healthcare for all Missourians. That is why I am creating a Healthcare Information Technology Task Force to recommend ways to harness technology to make better care decisions for patients, which will lead to better results at reduced costs.

We must prepare now for the healthcare challenges of tomorrow. We should create a Healthcare Technology Fund to ensure that the basic technology that is pervasive throughout society is a part of the improved delivery of healthcare services to Missourians. This funding will involve multi-year projects that will explore new and innovative ways that technology can improve the delivery of care, reduce administrative burdens and eliminate waste and fraud. Programs funded with this money will emphasize personal responsibility and health literacy, and create a structure to help Missourians make informed healthcare decisions. The overarching goal is to improve the health status of all Missourians. The results will lead to a healthier state and a more efficient healthcare delivery system. That is why my budget provides 25 million new state dollars for a new Healthcare Technology Fund.

I commend the work of the legislative commission led by Senator Charlie Shields in outlining a structure for a new healthcare program that will improve the delivery and quality of healthcare in Missouri. We must also continue the successful work that has been done to improve efficiency, eliminate waste and track down and prosecute those who defraud the medical safety net.

Fraud, whether by dishonest providers or ineligible recipients, comes at the direct expense of people who truly cannot provide for themselves. In the past, we had a lackadaisical approach to fraud. Rooting it out was not a priority, but since January 2005, it has been one of my chief objectives. Since I assumed office, \$138,000,000 of Medicaid waste and fraud has been identified and corrected.

Missourians by their nature are generous and compassionate to those in need. We must work together to create a new and better healthcare system in this state. This new program should contain many elements, such as additional incentives for employers who provide insurance to their employees, tax incentives for those who purchase their own medical, long term care and in-home health insurance, buying pools for small businesses and individuals to increase their purchasing power, all as part of an aggressive effort to reduce the number of uninsured Missourians.

We also must join together to bring greater transparency to our healthcare delivery system. We must arm Missourians with knowledge through increased access to information regarding the quality and cost of healthcare services. This vital information will allow Missourians to make informed healthcare decisions, and it will drive costs out of the system.

No state has found a “silver bullet” for the delivery of healthcare, and no state has the perfect program. All states are struggling with how to pay the mounting bills. But Missouri is being viewed as a national leader because of our commitment to innovative solutions for low-income healthcare and for the comprehensive and complete reworking of our program in an attempt to provide temporary help for Missourians during their time of need. Let us work together to create a healthcare system that offers assurance to our seniors, comfort to our families and hope to our children.

We also must pay particularly close attention to healthcare for our seniors. We all know the federal government has created a prescription drug benefit for them and I encourage all Missouri seniors to sign up for this important new assistance. I look forward to working with all of you to ensure that the state funded MissouriRx program is a robust supplement to the federal benefit.

I commend your action last year to make Missouri a leader in protecting our children from predatory criminals. Tonight, I propose a new series of crime measures to further protect the safety of our children. First, I propose that Missouri enact a version of Jessica's Law, to impose a life sentence for sex crimes against children with a minimum of 25 years served in prison. These predators would then be under lifetime supervision after they complete their time behind bars.

We need to face facts. We have had little success at changing the behavior of child sex offenders. Too many children have been permanently scarred for us not to take action to appropriately punish these evil criminals. We need to lock sexual predators up for a very long time and monitor them for the rest of their lives.

The Internet has opened a new avenue for dangerous criminals. I am proposing a mandatory minimum sentence for Internet sex offenders who entice young children, and I am asking you to require the posting of their pictures on the Internet. Even if the "child" they think they are enticing is actually a law enforcement officer, these sexual predators must be punished.

In addition to protecting our children, Missouri must also maintain commitments to our seniors. Tonight, I urge this body to pass stronger penalties for those who commit violent crimes or fraud against senior citizens.

We are living in an age in which we must always be prepared to respond to man-made and natural disasters. Just last month the Taum Sauk reservoir burst releasing 1.3 billion gallons of water into Johnson Shut-Ins state park, injuring park superintendent Jerry Toops and his family. Please join me in recognizing the Toops family, who are with us tonight.

I am happy to report that Jerry, Lisa and their children, Tanner, Tara and Tucker have all recovered and are doing well. The prayers of many Missourians including my own were answered, and we are so pleased to have them here tonight. The faith they have demonstrated is truly inspiring. The reservoir that was breached was under federal jurisdiction and, while Missouri had no authority to inspect the dam, we will insist that AmerenUE fully compensate those affected and provide 100 percent reimbursement to the state.

Working together we have solved many of the problems we faced in January 2005. Although we must work diligently on the budget before us, we have contained the raging blaze kindled by past over-spending and deficit budgeting.

None of the new investments that I have proposed here tonight would be possible had we not acted last year to improve our jobs climate and control unsustainable spending. Increased funding for schools, the strengthening of the safety net and holding the line on taxes depend upon responsible budgeting decisions.

Our record is clear. We promised a balanced budget without accounting tricks or tax increases. We have turned an over one billion dollar shortfall into a surplus, and we will build a brighter future for all Missourians on a solid financial foundation.

We promised to re-fire the economic engine of opportunity, and we have created a jobs environment which has resulted in 28,000 more Missourians achieving the dignity and independence a paycheck provides.

We promised to develop a better way to fund schools and to make the teaching of young people our first priority. The new student need-based funding formula is now the law, and I have recommended that we fully fund it.

We promised better stewardship and to fight waste and fraud. Millions of taxpayer dollars have been saved, and we will continue our ongoing efforts to achieve greater efficiency.

It may not be normal in politics, but what we have promised is what we have delivered.

As we tackle other tough issues ahead we should keep in mind the words of the Bible that “to whomever much is given, much will be required.” We have been blessed as a people, as Americans and as Missourians. We have a moral obligation to set very high expectations for the future.

Every Missourian should be able to achieve their full potential, be blessed with financial security and be comforted knowing that we will keep our commitments and work together to build the Missouri of our dreams.

Thank you. May God bless you and may God continue to bless the great state of Missouri.

The Joint Session was dissolved by Senator Shields.

Speaker Jetton resumed the Chair.

HOUSE BILLS FOR SECOND READING

HB 1359 through HB 1400

JOURNAL OF THE HOUSE

Second Regular Session, 93rd GENERAL ASSEMBLY

SEVENTH DAY, TUESDAY, JANUARY 17, 2006

The House met pursuant to adjournment.

Speaker Pro Tem Bearden in the Chair.

Prayer by Father Donald W. Lammers.

Let us pray.

Thank You, O Lord, for the holiday on Monday, as we observed Dr. Martin Luther King's birthday. We thank You for raising him up to challenge the conscience of our nation. We thank You for the growth of our culture in the areas of civil rights for all our citizens, and for the growth toward racial equality that we have seen over the last forty years.

You know, O Lord, that many of us were raised to be prejudiced against people with a different color of skin or a different religion or culture. You have spoken to us through many wise teachers and leaders, encouraging us to let go of all prejudice based on race, color or creed. We thank You for the progress we have made in our own hearts.

You, O God, are Father of all. We are brothers and sisters in the one human family. Continue to bless us in letting go of all attitudes and feelings of prejudice and racism, so that our service to the people of our State may be clean and just and worthy of You.

We pray to You, our God, forever and ever. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as an Honorary Page for the Day, to serve without compensation: Leah Marie Pratt.

The Journal of the sixth day was approved as printed by the following vote:

JOURNAL OF THE HOUSE

Second Regular Session, 93rd GENERAL ASSEMBLY

EIGHTH DAY, WEDNESDAY, JANUARY 18, 2006

The House met pursuant to adjournment.

Speaker Pro Tem Bearden in the Chair.

Prayer by Reverend James Earl Jackson.

Heavenly Father, You are our Help and our Shield, You are the Glory and the Lifter of our heads. You are forever mindful of us.

Many may seek acceptable solutions, to the tasks before them, by the sweat of their brow, the strength of their hand or the force of their intellect.

But as for us, our prayer is to You, O Lord. At an acceptable and opportune time, O God, in the multitude of Your mercy and the abundance of Your loving-kindness, You hear us, and in the truth and faithfulness of Your salvation You answer us.

Here we are Lord, humble servants before You, desiring to do what is right for our state and our constituents. Though at times we suffer embarrassments and are perplexed and unable to find a way out, we are not driven to despair, for You are with us. We refuse to overestimate ourselves or be wise in our own conceits.

We thank You for granting us a heart full of skillful and godly wisdom, knowledge which is pleasant to us, discretion which watches over us, and understanding that keeps us.

Now may the grace of our Lord Jesus Christ rest and abide with us all.

For it is in His Name we pray. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as an Honorary Page for the Day, to serve without compensation: Richard Johnson, Jr.

HOUSE BILLS FOR SECOND READING

HB 1420 through HB 1443

JOURNAL OF THE HOUSE

Second Regular Session, 93rd GENERAL ASSEMBLY

NINTH DAY, THURSDAY, JANUARY 19, 2006

The House met pursuant to adjournment.

Speaker Pro Tem Bearden in the Chair.

Prayer by Father Donald W. Lammers.

Let us pray.

“Happy is he who has regard for the lowly and the poor;
in the day of misfortune the Lord will deliver him,”
(Psalm 41:1)

Almighty God, we thank You for the blessings of health and talent, education and opportunity. These are Your gifts to us. They are the reason we are not poor.

Give us a heart of compassion for those who are poor.

In all our work, this month and beyond, stir in our attention an awareness of poverty in America, especially poverty in Missouri. Whatever our agenda from day to day, may Your Holy Spirit cause us to consider the effects of our decisions upon the poor. Whenever our agenda focuses upon the needs of the poor, stir in us a special concern for those who have suffered great hardship and for those who have never enjoyed many of the blessings and opportunities we enjoy.

May our awareness of and our work for the poor be so godly that in the end we deserve the words of the prophet:

“Because he dispensed justice to the weak and the poor,
it went well with him.”
(Jeremiah 22:16)

We pray to You, our God, forever and ever. Amen.

The Pledge of Allegiance to the flag was recited.

The Journal of the eighth day was approved as printed by the following vote:

JOURNAL OF THE HOUSE

Second Regular Session, 93rd GENERAL ASSEMBLY

TENTH DAY, MONDAY, JANUARY 23, 2006

The House met pursuant to adjournment.

Speaker Jetton in the Chair.

Prayer by Reverend James Earl Jackson.

Heavenly Father, we acknowledge You this evening and declare You are our Rock, our Fortress, our Hope, and our Confidence. Our praise is continually of You.

You answer us according to Your goodness, mercy and the greatness of Your compassion. We are so grateful that You do not turn away from us when we call on Your Name.

Lord God, may Your hand be our source of strength and guidance: a strong foundation for every decision made this week.

Expand our capacity to serve. May we be sensitive to the needs of those around us, be thankful for our gifts; and may You grant us the wisdom to use them for the betterment of all.

Now may the grace of our Lord rest and abide with us all; to Him be the glory both now and forever.

For it's in the name of Your Son we pray. Amen and amen.

JOURNAL OF THE HOUSE

Second Regular Session, 93rd GENERAL ASSEMBLY

ELEVENTH DAY, TUESDAY, JANUARY 24, 2006

The House met pursuant to adjournment.

Speaker Jetton in the Chair.

Prayer by Father Donald W. Lammers.

Let us pray.

“Cold and Chill, bless the Lord;
praise and exalt Him above all forever.”
(Daniel 2:67)

Holy Lord, Almighty God, we allow You to bring us to full alertness by the cold and chill of earlier this morning.

Bless us with uncluttered minds to think clearly, and with open minds to receive the thoughts of others objectively. Bless us with ears to hear Your wisdom when it is contained in the words of others. Bless our tongues to speak the truth as You would have it spoken.

We pray for the gift of discernment that we might distinguish right from wrong, good from evil, truth from that which is less than true. We pray for the gift of courage that we might be strong enough always to follow You.

“Women and men of humble heart, bless the Lord;
praise and exalt Him above all forever. Amen.”
(Daniel 2:87, paraphrased)

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as an Honorary Page for the Day, to serve without compensation: Taylor Slattery.

JOURNAL OF THE HOUSE

Second Regular Session, 93rd GENERAL ASSEMBLY

TWELFTH DAY, WEDNESDAY, JANUARY 25, 2006

The House met pursuant to adjournment.

Speaker Jetton in the Chair.

Prayer by Reverend James Earl Jackson.

Heavenly Father, though many may say You have forsaken us, we speak of Your righteousness, which reaches to the heavens. You O God, are the strength of our heart and our portion forever. Our hope is in You. Your nearness is our benefit and You are our refuge.

Thank You for Your empowering hand as we conduct the business of this day. May we pause periodically, throughout our day, to reflect on what is important: Our faith, our families, integrity, commitment of purpose, strength of character and servant leadership.

You have instructed us that if we lack wisdom to ask of You and You will give it to us generously and without criticism. So we ask that we may receive.

We give thanks to You for Your mercy and grace: bringing us safely to and from our place of residence. Thank You for Your watchful eye over our spouses, children, parents; all of our loved ones as they travel conducting their daily activities.

Now may the grace of our Lord rest and abide with us all.

For it is in the name of Your Son we pray. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Alayna Nicole Brown, Caleb Parker Brown, Amber Gonzalez and Lyndsey LaBrier.

The Journal of the eleventh day was approved as printed.

The Doorkeeper announced the approach of the Honorable Michael A. Wolff, Chief Justice of the Supreme Court of Missouri. Chief Justice Wolff was duly escorted to the House Chamber and to the Speaker's dais where he delivered the following message to the assembly in Joint Session.

STATE OF THE JUDICIARY ADDRESS

by Honorable Michael A. Wolff
to Joint Session of the General Assembly

January 25, 2006

Thank you for that warm welcome. I'm truly grateful to be here. President Kinder, Speaker Jetton, honorable statewide elected officials, colleagues of the Supreme Court, honorable members of the cabinet, honorable members of this General Assembly and fellow citizens:

Thank you for this opportunity to speak with you today. Before I begin, I would like for us to remember Judge Theodore McMillian, who died last week. Judge McMillian was our state's first black circuit judge, state appeals judge and, for the past 27 years, a distinguished member of the United States Court of Appeals in St. Louis. He was a historic figure, an inspiration to those of us who were privileged to know him, and a generous mentor. Through his talents, persistence, civility and sense of humor, Judge McMillian opened doors that had previously been closed to men and women of his race. Let us pause for a moment of silence to honor him. Thank you.

This annual speech reminds us of our shared bond: our common oath to uphold the constitution and laws of this great state and nation. This shared promise binds us to a common goal, expressed by our state's motto: "The welfare of the people shall be the supreme law." We are, as my colleague Judge Mary Russell says, "constitutional partners."

Although members of the executive, legislative and judicial branches may not often think of themselves as partners, I believe the term fits. Each of us has a distinct and equally important role. The basic policies of our state are embodied in the constitution that the people themselves have enacted. In partnership with each other and with the people we serve – who retain for themselves the right to change the Constitution that we uphold and the laws that you write – we forge the body of law that governs all of us.

IMPORTANCE OF THE RULE OF LAW

More so than any other nation on Earth, we are a nation first and foremost of law. We have no common national origin or ethnicity that now forms our shared identity as Americans. Instead, our identity has been shaped by the rule of law and by our common experience that faithfulness to the law guarantees individual liberties, equality of opportunity and a functioning society. As constitutional partners, we all are given the task of protecting the long-standing rule of law. Its roots date back at least to the Magna Carta – some 800 years ago. In our state constitution, the people repeat the Magna Carta's command that "justice shall be administered without sale, denial or delay." Our partnership preserves certain long-standing principles of the rule of law that set us apart from the many societies where the people yearn to overcome the rule of "might makes right" or that perversion of the golden rule that "he who has the gold makes the rules."

Each of us may, from our varying perspectives and decidedly different constitutional roles, have a different view of what exactly the "rule of law" means. You in the General Assembly are commissioned broadly to carry out the preferences of your constituents – the majority of those who elected you. At times you may ask yourselves the age-old question: Am I elected merely to follow the will of my constituents, or do I use my own best judgment to achieve the welfare of all the people? Courts, by contrast, work from texts – the words of the constitution, the commonlaw precepts expressed in judicial decisions, and the words that you write in statutes and that executive agencies write in regulations. We in the judicial branch labor over these words, and we strive to be faithful to their meaning.

The courts' work is dedicated to the application and enforcement of the constitution and laws. The vast majority of our work involves the lives of ordinary citizens. Very little of what our courts do makes news: the thousands of cases where businesses, large and small, enforce their contracts; where marital disputes are resolved; where property is conveyed; where wealth is transmitted through probate; where children, victims of domestic violence and other vulnerable people are protected; and where those accused of crime are tried.

Courts provide stable and rational resolution of disputes, protect property and economic interests, and, when needed, protect people from the overreaching of government. Courts cannot make everyone happy, but I do hope that the litigants and the public will respect the integrity of our processes and of our decision-makers, both judges and juries.

The courts' challenge is to be fair and impartial, professionally competent and prompt. We can do so only with your help and your support and our citizens' belief that the rule of law protects all of us even when we might disagree with particular decisions.

IDEALS OF EFFECTIVE COURTS

The rule of law is simple in theory, yet how can we maintain it in practice? One way is to compare ourselves to those nations in the process of creating a functioning rule of law. Many countries do not have a strong tradition embodying the rule of law and still resolve their disputes in the streets. People in these countries often look to the United States of America as a model, for they respect the integrity of our courts and the constitutional processes as they watch cases unfold here.

American lawyers and judges, at the request of our federal government, offer guidance to many countries about how to establish effective judiciaries. Under the auspices of the U.S. Agency for International Development, American lawyers and the National Center for State Courts have helped implement rule-of-law programs in former Eastern bloc countries and in developing nations around the world. While we in America occasionally complain about the outcomes of particular cases, it is that process of peaceably resolving disputes that is one of our greatest exports and surely one of our most lasting legacies to the world. This simple concept of a rule of law – grounded in our constitutions, fashioned in our legislatures, administered by an executive branch and enforced in the courts – ensures civic order rather than civic chaos.

The rule of law is the foundation of a democratic government, of a strong economic system and of civic order. The rule of law ensures, in Lincoln's words, government of the people, by the people and for the people. What do we tell the world are the criteria for courts under a rule of law? There are three key measures: independence, accountability and adequate resources. By examining how independent, accountable and adequately supported a nation's judiciary is, one can determine if that nation adheres to the rule of law or is still suffering from tyranny, lawlessness and corruption. By looking to a nation's respect for the rule of law we can discern the integrity of its governmental process, the progress of civil society, and the robustness and stability of its economic development.

JUDICIAL PRINCIPLES APPLIED TO MISSOURI

So let us ask: how does our Missouri Judiciary stack up to the same three measures – independence, accountability and resources? What really is the "State of the Judiciary" in our great state?

To answer these questions, we must first understand what these terms – independence, accountability and resources – mean. I will touch briefly on the first two, which my predecessors have discussed with you in recent years, and then spend a bit more time on the third.

"Independence," quite frankly, is both overused and misunderstood. It should not be interpreted, either by the public or by any judge, to mean that a judge is free to do as he or she sees fit. Such behavior runs counter to our oaths to uphold the law, and any attempt to put personal beliefs ahead of the law undercuts the effectiveness of the Judiciary as a whole. Better stated, "independence" refers to the need for courts that are fair and impartial when reviewing cases and rendering decisions. By necessity, it also requires freedom from undue outside influence or political intimidation, both in considering cases and in seeking the office of judge. Courts are not established to follow opinion polls or to try to discern the will of the people at any given time but rather are to uphold the law.

The people rely on courts to protect their access to justice and to protect their legal rights. For the sake of the people, then, judicial independence must always be coupled with the second stated measure – accountability.

In recent months we have seen two men nominated to the Supreme Court of the United States face intense questioning of their views by members of the United States Senate. I believe these hearings offered an important lesson about the difference between judges and the legislators who questioned them.

The important lesson taught by Chief Justice John Roberts Jr. and Judge Samuel Alito is that they resisted demands to take positions on particular controversies that might come before the Court. They, in effect, refused to make campaign promises. Campaign promises are inconsistent with judging. After all, you don't want a referee in a football

game to announce which side he will penalize before the game begins! If judges are to be faithful to the law, they must be prepared to consider written and oral arguments with an open mind. And this open-mindedness is what we ask of our fellow citizens – and you – who serve as jurors in courtrooms throughout this state – to not pre-judge the outcome before they can consider all the evidence and arguments. Judges as well as jurors must make decisions that are faithful to the law, regardless of the will of the people and even where, on occasion, they personally might prefer to decide otherwise. That is the essence of judging, and it is quite unlike the legislative role.

In our state, judicial accountability occurs on two broad levels. First, just like you, we are accountable to our fellow citizens through the election and retention systems. Unlike federal judges, who enjoy lifetime tenure, judges in Missouri have a direct connection to the voters. The people of Missouri have crafted a system that balances independence and accountability. In smaller counties, where voters can get to know their judicial candidates, there are elections. In some urban trial courts and the appellate courts, judges are selected under the nonpartisan court plan and periodically face the voters in retention elections. This system balances various competing interests and avoids the problems seen in other states where the integrity of the judicial process, even at the highest levels, increasingly has been brought into question.

Many of us who spend time in the eastern part of our state could not avoid seeing on television the kind of election that can result when millions of dollars are raised and spent on a judicial campaign. In the 2004 race for one district seat on the Illinois Supreme Court, most of the money spent was assuredly special interest money – business interests on the one side, trial lawyers on the other side – with charges and counter-charges that detracted seriously from the public's trust and confidence in the integrity and the impartiality of the judiciary. Missouri's system keeps courts accountable to the people while avoiding the kinds of campaigns that can diminish respect for judicial office.

Second, judges in Missouri are, above all, accountable to the law and the constitution through our sworn oaths. We are also accountable through the judicial disciplinary system established by our constitution. For nonpartisan judges subject to retention, The Missouri Bar is seeking to improve accountability by giving voters better evaluations of judicial performance. This fall, voters in some areas will have available to them not only the traditional evaluations by lawyers who are acquainted with the judges' work but also evaluations by jurors of the judges who preside over the cases on which they serve.

Citizens view the courts as an important part of democracy that provides essential balance in our form of government. As a result, we conduct the courts' business as openly as possible consistent with the rights of individuals. We strive for predictability of outcomes for those who seek judgments in our courts as enshrined in the principle of stare decisis, constant professionalism, and fundamental fairness of procedure. The citizens of this great state expect – and deserve – no less.

FUNDING AN EFFICIENT AND PROFESSIONAL JUDICIARY

To ensure that Missouri's courts can give the level of performance required by these principles, we must have sufficient resources. On this third measure – resources – we are most reliant on our constitutional partners – both in the General Assembly and the executive branch. We rely on you to provide a budget that is sufficient to allow us to fulfill our constitutional responsibilities.

We share your hope that we are now emerging from the difficult fiscal times that have been so challenging for the past five years. During this time, we have tried to manage our resources well. Today, the judicial branch receives about 1.6 percent of the state's budget – less than the percentage of the state's budget that we received 20 years ago. During that same period, however, our responsibilities have increased; for instance, juvenile officers have been added to our budget to relieve county governments of some of the burden of supporting local courts. In the past 10 years, as our workforce has decreased, our trial court case filings have increased 23 percent, largely in civil cases involving breach of contract claims filed by businesses, landlord-tenant disputes and domestic relations. The other major area of increase was in felony criminal cases, due largely to new drug laws.

In light of these facts, it is clear that maintaining effective courts requires a renewed commitment of financial resources to the Missouri Judiciary. The amounts we need are quite small in comparison to the overall state budget, but they are essential. When you and your constituents visit the courthouses in your district, you see the effects that our recent budget restrictions have had on our deputy clerks, who are the frontline personnel and the true face of our court

system. Turnover in their ranks has reached an alarming rate, particularly in urban and suburban areas where the annual turnover rate is as high as 17 percent. Even in rural areas, where salaries are still more competitive, we experience significant turnover. Throughout the state – in both rural and urban courts – we have seen an actual decrease in the worth of salaries as wages fail to keep pace with the cost of living. Through these tough times, the many good people who have remained in our system despite layoffs and a lack of increasing salaries – like a lot of others in public service – have soldiered on.

We continue to improve court technology, consolidate local court functions and make other efforts to be efficient. But we need to retain our well-trained clerk staff, which we increasingly are unable to do. Often, after developing their skills and becoming proficient in working in the court system, they are marketable and move on to higher paying jobs with their new skills. While we can never stop some flow of workers out of public service, we hope that adopting the Governor's proposed 4-percent cost-of-living increase will assist us in retaining many of these frontline employees who are so important to the effectiveness of the Judiciary.

We appreciate your support, and the Governor's recent proposed increase, for our drug courts, which now operate in 35 of our 45 judicial circuits. It is in the interests of all of us, and the communities that we serve, to work together on measures such as drug courts and the sentencing advisory commission that can prevent repeat offenses so that our most expensive correctional resources – prisons – are reserved for violent offenders.

There is, of course, one other group on whom the budgetary constraints of recent years are taking a toll: our state's judges, who now face their sixth year without any pay increase or cost-of-living adjustment. The state of judicial salaries is having a negative impact on our ability to attract the state's best lawyers to judicial service to provide the best service to our citizens – and your constituents. I realize it may seem politically unpopular to some of you to consider a pay increase or cost-of-living adjustment for public servants who are paid better than most state employees. None of us, however, has the power to repeal the economic laws of the marketplace. Consider for a moment a few facts:

There now are Missouri attorneys fresh out of law school who are paid more in their very first legal jobs than some state trial judges before whom they may appear. For Missouri lawyers older than 36 years of age, the average salary is as much as one and a half times that of a state Supreme Court judge. While our state has attracted and retained – through increased compensation – many fine state-paid law professors, university administrators and other similarly talented public sector professionals, we have seen the opposite in the Judiciary. In recent years, some of our best jurists – including some from the Supreme Court – have moved on to much more lucrative jobs in the private sector, and the number of lawyers applying for judicial vacancies has decreased substantially. I appreciate the fact that many in this great chamber make substantial financial sacrifices to serve here. Judges do so as well, but they also give up the opportunity for any supplement to their state salaries through the practice of law for which they are trained.

We all know that the calling to public service involves financial sacrifice. As with our clerk staff, we will never completely stop talented people from leaving public service. But when the gap between the private sector and public service gets too large, good people will not sacrifice their families' financial interests to answer the call. My greatest fear is that we will lose the ability to attract enough of the state's finest lawyers to public service in the Judiciary.

I have one other request affecting the judicial branch that I make sincerely and respectfully: Let us consider the needs of the Judiciary and the state as a whole when evaluating local requests for additional resources. We in the judicial branch are aided in developing a statewide approach for the allocation of resources by judges from around the state who serve on our circuit court budget committee. I know that some of you have ideas for improving the use of our resources even beyond the efforts that we have made to assign judges to areas of critical need and to enlist the good work of senior judges in meeting those needs. We stand ready and willing to work with you, as constitutional partners, to improve the rational allocation of our resources.

OTHER PARTNERSHIPS THAT HELP THE STATE

Judicial effectiveness clearly does not rest on financial resources alone, nor is it solely the product of courts' efforts. It relies heavily on how we work with our other partners in this system of justice: law enforcement officers, prosecutors, public defenders and other attorneys. Members of The Missouri Bar contribute greatly to the cause of justice, not only as officers of the court but also through their volunteer efforts as pro bono attorneys, as members of Bar committees, and in other types of public service and civic leadership.

The public service of our law enforcement community is sometimes heroic and well known, but it is in their everyday efforts that they serve as frontline defenders of the rule of law. We continue to seek ways in which we can better cooperate and communicate with law enforcement, particularly through our ongoing commitment to court technology. The demands of recent legislation such as the sex offender registry, as well as the impending federal mandate to communicate commercial driver license revocations to other states, require us to be administrative partners in new and innovative ways with law enforcement. We seek your cooperation and support in these important efforts.

Likewise, we look to both prosecutors and public defenders on matters of mutual importance to the administration of justice. In this current session, we in the judicial branch pledge to work with these groups toward resolving some of the issues relating to administration of trials and other matters of mutual interest. We further pledge to work with the public defender system in whatever way possible toward the attraction and retention of employees and toward the alleviation of its ever-increasing caseload. When I spoke earlier of the challenge of attracting and retaining good public servants, those words echo all too loudly in light of the crisis facing our public defender system. Often the test of a system of justice is not how it treats our best citizens, but how it treats those who appear to be our worst. No system of justice can be effective without adequate legal representation for criminal defendants. It is in the interests of all of us – even if it were not a constitutional requirement – that those whom the state deprives of liberty or life are guilty in fact and law of the crimes they are charged with committing. This goes to the legitimacy of the rule of law.

THE RULE OF LAW: A LIVING PRINCIPLE

So, are we there yet? Can Missouri be said to have a fully independent, accountable and adequately supported Judiciary? Well, we may not be there yet, but we know the way.

A recent national survey shows that most Americans want strong courts that will protect their individual rights, that will offer equal access to justice for all people, that are accountable to the constitution and the law, and that are free from the influence of politicians and special interest groups. If we are to be responsive to those ideals and to the values of our citizens – fundamental principles of this nation – then it is most important to strive for these goals above all else. The ideals and values of the people are not expressed only in surveys. They are in our souls as Americans. From the beginning of the American Revolution, our people have understood the consequences of failing to have a judicial branch that is independent, accountable and adequately supported. The signers of the Declaration of Independence certainly understood what oppression could be inflicted by those in power when those values are ignored. The signers understood that it was necessary to have a stable justice system to protect the people from tyranny. We all remember “Life, Liberty, and the Pursuit of Happiness” enshrined in the Declaration of Independence. But consider, to be specific, some of the grievances in the Declaration against King George III, who deprived us “in many cases, of the benefits of trial by jury” and transported us “beyond seas, to be tried for pretended offenses. ... [H]e has obstructed the administration of justice, by refusing his assent to laws for establishing judiciary powers.”

As Americans in the 21st century, we intuitively value the checks and balances that are the hallmarks of our democratic republic, the protection of the rights of individuals, and the fundamental sense of fairness embodied in what the constitution calls due process of law. Our ideals and our goals are worthy of our constant efforts, individually and with you, our constitutional partners.

Today, in Missouri, we are responsible for administering justice in the highest sense of which we are capable ... to be fair and impartial; to be free of undue influence; to be accountable to the law and not to the popular will; and to be effective and consistent in the exercise of proper judgment.

We pray that we are up to the challenge of providing a forum where the people peaceably can resolve their disputes and their legitimate constitutional grievances against their government. It is a challenge that we approach humbly and in full recognition of the limitations of the judicial role.

I offer you our cooperation, and I ask for your support as we continue our ongoing, mutual pursuit of a Judiciary that lives up to the ideals expressed in our state’s motto. Thank you very much.

HOUSE CONCURRENT RESOLUTION NO. 9

WHEREAS, following breast cancer, cervical cancer is the second most common cancer in women worldwide after breast cancer; and

WHEREAS, according to United States cervical cancer statistics, the disease is the third most common gynecological cancer among American women. With approximately 12,200 new cases diagnosed annually, 4,100 of these cases result in death; and

WHEREAS, with regular and accurate screening, cervical cancer is highly preventable with regular and accurate screening; and

WHEREAS, widespread screening programs have helped reduce death rates from cervical cancer, but women are still dying even with such advanced medical techniques and evaluative procedures; and

WHEREAS, cervical cancer cases in the United States are generally attributed to lack of education, a reduction of access available to regular cervical cancer screening, and a lack of screening accuracy; and

WHEREAS, experience shows that increasing cervical cancer awareness among women, especially under served women within our state, significantly reduces the probability of mortality; and

WHEREAS, cervical cancer disproportionately affects minority women and women with lower incomes because they are less likely to have access to routine screening; and

WHEREAS, approximately one-half of all cervical cancer cases are in women who have never been screened, and ten percent of cases are in women who have not been screened within the last five years; and

WHEREAS, the median age of cervical cancer patients at diagnosis is 47 years, the youngest median age for all female reproductive cancers; and

WHEREAS, new screening technologies, including FDA-approved testing for human papillomavirus, which is the cause of virtually all cervical cancers, offer new opportunities to finally eliminate this potentially deadly disease through early identification of women at increased risk; and

NOW, THEREFORE, BE IT RESOLVED that the members of the House of Representatives of the Ninety-third General Assembly, Second Regular Session, the Senate concurring therein, hereby recognize that through education and screening women can lower their likelihood for developing cervical cancer, and that through early detection cervical cancer can be successfully treated after it develops; and

BE IT FURTHER RESOLVED that the Missouri General Assembly supported the Missouri Department of Health and Senior Services and the Missouri Cancer Consortium in taking the lead in formulating the Comprehensive Cancer Action Plan for Missouri, including the review of data regarding cervical cancer and human papillomavirus of women in Missouri, evaluating current methods used to provide women with information regarding cervical cancer, access to regular screening, and options for increasing screening accuracy; and

JOURNAL OF THE HOUSE

Second Regular Session, 93rd GENERAL ASSEMBLY

FOURTEENTH DAY, MONDAY, JANUARY 30, 2006

The House met pursuant to adjournment.

Speaker Jetton in the Chair.

Prayer by Reverend James Earl Jackson.

We give praise and thanks to You, O God, we praise and give thanks; Your wondrous works declare that Your Name is near and they who invoke Your Name rehearse Your wonders.

You have brought us to this place of exaltation. For promotion and power come from nowhere on Earth, but only from You. You promote one and depose another.

Lord God, we put out of our mind the things that are behind us and reach forth unto those things which are before us. We have much to accomplish in this session and refuse to be hindered by looking back at unfulfilled promises, personal disappointments, or fixating on past victories. We press forward with our eyes upon You, for we trust in You.

Heavenly Father, with Your help, Your wisdom, and Your guidance, we all can play a vital role in shaping a great future for our state and its people. With that in mind, we conduct the business at hand.

Now may the grace of our Lord rest and abide with us all; to Him be the glory both now and forever.

For it's in the name of Your Son we pray. Amen and amen.

The Pledge of Allegiance to the flag was recited.

Representative Rector assumed the Chair.

The Journal of the thirteenth day was approved as printed by the following vote:

JOURNAL OF THE HOUSE

Second Regular Session, 93rd GENERAL ASSEMBLY

SIXTEENTH DAY, WEDNESDAY, FEBRUARY 1, 2006

The House met pursuant to adjournment.

Speaker Pro Tem Bearden in the Chair.

Prayer by Reverend James Earl Jackson.

Blessed are You, Lord God, who alone works wonders and may the whole earth be filled with Your glory. O Sovereign Lord, we are Your servants. You have only begun to show us Your greatness and power. There is none like You.

You chose us from among the people: Fathers and mothers, husbands and wives, business men and women, professionals, friends and coworkers; brought here to represent our districts, to wisely introduce and establish law and in the performance of these duties, be an example of honesty, honor and strength.

Help us in our weakness, guide us in our deliberations, instruct us in Your plans and purposes.

We join a grieving nation at the passing of a beloved American and civil rights leader, Coretta Scott King. May her family experience Your peace and comfort during this trying season in their lives.

Now may the Lord of Peace, Himself, continually grant us peace in every circumstance. The Lord be with us all.

For it is in the name of Your Son we pray. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Alyssa Mary Struempf and Alexa Erin Struempf.

The Journal of the fifteenth day was approved as printed by the following vote:

JOURNAL OF THE HOUSE

Second Regular Session, 93rd GENERAL ASSEMBLY

SEVENTEENTH DAY, THURSDAY, FEBRUARY 2, 2006

The House met pursuant to adjournment.

Speaker Pro Tem Bearden in the Chair.

Prayer by Father James M. Smith, Associate Pastor, St. Peter Parish, Jefferson City, Missouri.

Father, all-powerful and ever-living God, we do well always and everywhere to give You thanks.

All things are of Your making, all times and seasons obey Your laws, but You chose to create the human family in Your image, setting us over the whole world in all its wonder. You made us stewards of Your creation, to praise You day by day for the marvels of Your wisdom and power.

Help us not to squander the precious resources of this World of Wonder. Protect us from wasting our time, talents, and treasures on myths and empty promises. Make us open to the truth, and guide us to use the many gifts You have given to protect all life in this beautiful world, especially that which is most vulnerable.

Accept the prayers we offer for our state and nation, by the wisdom of our leaders and integrity of our citizens, may harmony and justice be secured and may there be lasting prosperity and peace.

Help us to know and do Your will, not ours, for You are God, the Holy One, the Mighty One, the Immortal One, forever and ever. Amen.

The Pledge of Allegiance to the flag was recited.

The Journal of the sixteenth day was approved as printed by the following vote:

MESSAGES FROM THE GOVERNOR

February 1, 2006

REORGANIZATION PLAN NO. 1 2006

TO THE SENATE AND HOUSE OF REPRESENTATIVES OF THE NINETY-THIRD GENERAL ASSEMBLY THE STATE OF MISSOURI:

The elimination of legislatively created barriers to consolidation in the financial industry has allowed financial services companies to embark upon an unprecedented period of mergers and acquisitions resulting in companies now offering “one stop shopping” for financial products previously sold by entities strictly separated by law. Proper regulation of this changing field requires the similar consolidation of insurance and financial regulation within the state. Consolidating these responsibilities into one department makes sense administratively and as a matter of public policy because it will allow for a more coherent and comprehensive approach to regulating professionals, financial services, financial products and transactions.

By virtue of the authority vested in me by the Constitution and laws of the State of Missouri, including the Omnibus State Reorganization Act of 1974 and sections 26.500 through 26.540, RSMo, I hereby transmit Reorganization Plan #1 of 2006, by Executive Order 06-04, to remove the Division of Finance, State Banking Board, Division of Credit Unions, and the Division of Professional Registration from the Department of Economic Development and assign their responsibilities and functions to the Department of Insurance. The Department of Insurance will be renamed the Department of Insurance, Financial Institutions and Professional Registration.

The Division of Professional Registration will be included in this consolidation because the new department’s primary function will be the regulation of industries and individuals, which compliments the division’s primary function of regulating various professions.

SPECIFIC DEPARTMENT STRUCTURE

The new department will be under the administrative authority of the Director of the Department of Insurance, Financial Institutions and Professional Registration who shall appoint a Deputy Director. The Director will be responsible for the management of the department and administration of its programs and services.

The Deputy Director’s primary responsibility shall be assisting the Director with the regulation of the insurance industry. The Deputy Director shall report directly to the Director. There shall be a Division of Consumer Affairs and as many other divisions of insurance as the Director deems necessary for the efficient regulation of the insurance industry. Division directors shall report directly to the Deputy Director.

The Division of Professional Registration, Division of Finance, State Banking Board, and Division of Credit Unions shall be transferred, by Type III transfer, to the Department of Insurance, Financial and Professional Registration. The State Banking Board and the Directors of the Division of Professional Registration, Division of Credit Unions and the Division of Finance shall continue to be appointed and shall retain all authority as currently provided by law.

The department shall be structured in a manner consistent with the following organizational framework:

1. Insurance
 - a. Office of Director - Responsible for policy decisions, legislation, communications and regulations. Shall consist of the department director, deputy director, legal staff, public information staff, legislative coordinator and support staff.
 - b. Division of Financial Regulation – Responsible for conducting financial analysis and examinations of insurers domiciled in Missouri to verify their financial condition, compliance with Missouri laws, and accepted accounting practices.

- c. Division of Market Regulation - Responsible for regulating the performance of insurers in the marketplace.
 - d. Division of Consumer Affairs - Assists the public in resolving complaints, providing information on insurance policies and investigating insurance fraud.
 - e. Division of Resource Administration - Oversees licensing, budget, management information systems and support services.
- 2. Division of Professional Registration – Responsible for licensing qualified professionals, appropriately enforcing standards and maintaining an open communication network with the over 400,000 licensees in order to encourage the development of professional services throughout the state. This division shall be under the management and authority of the Director of Professional Registration.
 - 3. Division of Finance – Responsible for the execution of the laws relating to banks, trust companies, savings and loans, and the banking business of this state; and of the laws relating to persons, co-partnerships and corporations engaged in the small loan business in this state.
 - 4. State Banking Board - Advises the director of finance as to the proper administration of his office and the banking laws of this state and recommends statutory amendments to the general assembly. Also handles appeals from certain decisions and orders of the commissioner of finance; and
 - 5. Division of Credit Unions - Responsible for the examination, supervision, chartering, merger and liquidation of all state-chartered credit unions. The division also responds to consumer requests or complaints in regard to credit union services or operations.

Respectfully submitted,

/s/ Matt Blunt

**REORGANIZATION PLAN NO. 2
2006**

TO THE SENATE AND HOUSE OF REPRESENTATIVES OF THE NINETY-THIRD GENERAL ASSEMBLY THE STATE OF MISSOURI:

By virtue of the authority vested in me by the Constitution and laws of the State of Missouri, including the Omnibus State Reorganization Act of 1974 and sections 26.500 through 26.540, RSMo, I hereby transmit Reorganization Plan No. 2 of 2006, by Executive Order 06-05, to transfer the Missouri Rx Plan Advisory Commission from the Department of Health and Senior Services and assign it, and all of its responsibilities and functions, to the Department of Social Services.

The transfer of the Missouri Rx Plan Advisory Commission from the Department of Health and Senior Services to the Department of Social Services will improve efficiencies within state government, as the Department of Social Services is tasked with administering the state's pharmaceuticals program, popularly known as "The Missouri Rx Plan".

The Missouri Rx Plan Advisory Commission and the Department of Social Services currently have similar and overlapping functions, which results in the duplication of efforts and waste that can be eliminated by this consolidation. Further, combining these responsibilities into one department makes sense administratively and as a matter of public policy because it will allow a more coherent and comprehensive approach to administering and promoting the Missouri Rx Plan.

SPECIFIC DEPARTMENT STRUCTURE

The Missouri Rx Plan Advisory Commission will retain all functions and authority as provided by law. The Department of Social Services shall furnish administrative support and staff as is necessary for the effective operation of the Missouri Rx Plan Advisory Commission.

Respectfully submitted,

/s/ Matt Blunt

**EXECUTIVE ORDER
06-05**

WHEREAS, the Department of Social Services was established pursuant to Article IV, Section 37 of the Missouri Constitution; and

WHEREAS, the Department of Health and Senior Services was established pursuant to Section 192.005, RSMo; and

WHEREAS, the Missouri Rx Plan Advisory Commission ("Commission") was established by Section 208.792. 1, RSMo, and is currently assigned to the Department of Health and Senior Services; and

WHEREAS, the Commission provides advice on guidelines, policies, and procedures necessary to establish the Missouri Rx plan; educates Missouri residents on quality prescription drug programs and cost-containment strategies in medication therapy; and assists Missouri residents in enrolling or accessing prescription drug assistance programs for which they are eligible; and

WHEREAS, the Missouri Rx Plan was established pursuant to Section 208.782, RSMo and assigned to the Department of Social Services; and

WHEREAS, the purpose of the Missouri Rx Plan is to provide certain pharmaceutical benefits to certain elderly and disabled residents of this state, to facilitate coordination of benefits between the Missouri Rx plan and the federal Medicare Part D drug benefit program, as well as to enroll such individuals in said program; and

WHEREAS, consolidation of the Commission and the Missouri Rx Plan within one department would increase efficiencies and eliminate duplication of efforts and is a component of the Governor's Executive Branch Reorganization Plan of 2006; and

WHEREAS, I am committed to integrating executive branch operations to ensure that the state delivers quality services in the most accessible manner and at the lowest cost to taxpayers.

NOW, THEREFORE, I, MATT BLUNT, GOVERNOR OF THE STATE OF MISSOURI, by virtue of the authority vested in me by the Constitution and the Laws of the State of Missouri, do hereby order the Missouri Department of Social Services and the Missouri Department of Health and Senior Services, to cooperate to:

1. Transfer all the authority, powers, duties, functions, records, personnel, property, contracts, budgets, matters pending, and other pertinent vestiges of the Missouri Rx Plan Advisory Commission from the Department of Health and Senior Services to the Department of Social Services; and
2. Develop mechanisms and processes necessary to effectively transfer the Missouri Rx Plan Advisory Commission to the Department of Social Services; and
3. Take the steps necessary to maintain compliance with federal requirements, so as not to jeopardize federal financial participation with this consolidation.

This Order shall become effective no sooner than August 28, 2006 unless disapproved within sixty days of its submission to the Second Regular Session of the 93rd General Assembly.

**REORGANIZATION PLAN NO. 3
2006**

TO THE SENATE AND HOUSE OF REPRESENTATIVES OF THE NINETY-THIRD GENERAL ASSEMBLY THE STATE OF MISSOURI:

By virtue of the authority vested in me by the Constitution and laws of the State of Missouri, including the Omnibus State Reorganization Act of 1974 and sections 26.500 through 26.540, RSMo, I hereby transmit Reorganization Plan No. 3 of 2006, by Executive Order 06-06, to transfer the Missouri Assistive Technology Advisory Council from the Office of Administration and assign it, and all of its responsibilities and functions, to the Department of Elementary and Secondary Education.

The transfer of the Missouri Assistive Technology Advisory Council from the Office of Administration to the Department of Elementary and Secondary Education will improve efficiencies within state government, as other vocational rehabilitation and special education services are already provided by the Department of Elementary and Secondary Education.

Further, transferring this council to a department that provides services germane to the council's stated purpose makes sense administratively and as a matter of public policy because it will allow a more coherent and comprehensive approach to providing these services.

SPECIFIC DEPARTMENT STRUCTURE

The Missouri Assistive Technology Advisory Council will retain all functions and authority as provided by law. The Department of Elementary and Secondary Education shall furnish the necessary administrative support and staff for the efficient operation of the Missouri Assistive Technology Advisory Council.

Respectfully submitted,

WHEREAS, the Missouri Assistive Technology Advisory Council provides training, technical assistance, and education and rehabilitation services for individuals with disabilities and employers; and

WHEREAS, the work of the Missouri Assistive Technology Advisory Council would be strengthened by a move to the Department of Elementary and Secondary Education where other vocational rehabilitation and special education services are provided; and

WHEREAS, the transfer of the Missouri Assistive Technology Advisory Council would better serve Missouri's citizens by increasing efficiencies and eliminating duplication of efforts and is a component of the Governor's Executive Branch Reorganization Plan of 2006; and

WHEREAS, I am committed to integrating executive branch operations to improve the way the state delivers services;

NOW, THEREFORE, I, MATT BLUNT, GOVERNOR OF THE STATE OF MISSOURI, by virtue of the authority vested in me by the Constitution and the Laws of the State of Missouri, do hereby order the Missouri Office of Administration and the Missouri Department of Elementary and Secondary Education, to cooperate to:

1. Transfer all the authority, powers, duties, functions, records, personnel, property, contracts, budgets, matters pending, and other pertinent vestiges of the Missouri Assistive Technology Advisory Council from the Office of Administration to the Department of Elementary and Secondary Education, by Type III transfer, as defined under the Reorganization Act of 1974; and

REORGANIZATION PLAN NO. 4
2006

TO THE SENATE AND HOUSE OF REPRESENTATIVES OF THE NINETY-THIRD GENERAL ASSEMBLY THE STATE OF MISSOURI:

By virtue of the authority vested in me by the Constitution and laws of the State of Missouri, including the Omnibus State Reorganization Act of 1974 and sections 26.500 through 26.540, RSMo, I hereby transmit Reorganization Plan No. 4 of 2006, by Executive Order 06-07, to transfer the Missouri Life Sciences Research Board from the Office of Administration and assign it, and all of its responsibilities and functions, to the Department of Economic Development.

The transfer of the Missouri Life Sciences Research Board from the Office of Administration to the Department of Economic Development will improve efficiencies within state government, as the Department of Economic Development currently administers other programs and state initiatives promoting life sciences in Missouri.

Further, because the Missouri Life Sciences Research Board is responsible for the management, governance, and control of moneys appropriated from the Life Sciences Research Trust Fund, transferring the Board to the department responsible for promoting life science initiatives makes sense administratively and as a matter of public policy because it will allow a more coherent and comprehensive approach to allocating resources for the promotion of Missouri as a leading center for life sciences research.

SPECIFIC DEPARTMENT STRUCTURE

The Missouri Life Sciences Research Board will retain all functions and authority as provided by law. The Department of Economic Development shall furnish administrative support and staff as is necessary for the effective operation of the Missouri Life Sciences Research Board.

JOURNAL OF THE HOUSE

Second Regular Session, 93rd GENERAL ASSEMBLY

EIGHTEENTH DAY, MONDAY, FEBRUARY 6, 2006

The House met pursuant to adjournment.

Speaker Jetton in the Chair.

Prayer by Reverend James Earl Jackson.

Our voices rise to You, O God, and we cry aloud; Our voices rise to You, O God, and You hear us. We seek You in the times of trouble and in the times of rejoicing, our heart longs for You. How powerful You are! How great is Your strength!

When we experience roadblocks, and are troubled, perplexed and in need of answers, we pray, knowing You will hear us and provide answers to the complex issues before us.

We turn our ear to hear Your wisdom and apply our heart to Your instruction that we may discover what our primary pursuits should be this week. Guide us in Your grace, keep us in Your mercy, reveal to us Your insights concerning our daily activities.

Now may the Lord of Peace, Himself, continually grant us peace in every circumstance. May He comfort and strengthen our hearts in every good work and word.

We ask these things in the name of Your Son. Amen and amen.

The Pledge of Allegiance to the flag was recited.

The Journal of the seventeenth day was approved as corrected.

JOURNAL OF THE HOUSE

Second Regular Session, 93rd GENERAL ASSEMBLY

NINETEENTH DAY, TUESDAY, FEBRUARY 7, 2006

The House met pursuant to adjournment.

Speaker Jetton in the Chair.

Prayer by Father Donald W. Lammers.

Let us pray.

Almighty God, You are the Creator of all things. You give mankind dominion over all that You have made. May we use the natural resources of our state in ways that honor You as Creator and that serve the common good. Give us wisdom to know what is the common good. Give us the courage and a heart to defend the legitimate concerns of those who have little power.

May our care for the common good and for what is truly just and right, and our respect for You the Creator be so thorough that we fulfill the word of the prophet:

“In the desert make a highway for our God”
(Isaiah 40:4)

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Hannah Black and Rebecca Grossman.

The Journal of the eighteenth day was approved as printed.

STATE OF TRANSPORTATION ADDRESS

by
Pete Rahn

February 7, 2006

Lt. Governor, Mr. Speaker, Mr. President Pro Tem, Distinguished State Officials, Members of the 93rd General Assembly, Members of the Missouri Highways and Transportation Commission, and Citizens of Missouri:

What a difference a year makes!

Last year during this address, I made a lot of bold statements. I said that together, the people of Missouri and MoDOT, would make our highways smoother and safer, sooner than anyone could imagine. I said that MoDOT would become a model for state government by demonstrating openness, accountability and an unrelenting focus on the people we serve. And I said we would make the absolute best use of every taxpayer dollar we spent on your transportation system.

Last year, I talked the talk. During the past year, we have walked the walk. With your help, we are proud to bring you progress you can feel!

You are feeling that progress through the improved smoothness and safety of our highways. The voters of Missouri presented us with the opportunity to do great things by passing Amendment 3. We moved quickly to get vital projects ready to go and in 2005 our Smoother, Safer, Sooner plan roared full speed ahead.

I have said many times that people judge the job MoDOT is doing through the seat of their pants. In other words, the smoothness of our roads.

Upon completion of this initiative, over 2,200 miles of Missouri's busiest highways will be in good condition. These highways carry 60 percent of all traffic, and 86 percent of our population lives within 10 miles of one of them. Nearly 29 billion miles a year are traveled on these roads. We are making them smooth. That is progress millions of Missourians can feel.

As the average age of our driving population increases we must accommodate their needs too. So the Smooth Roads Initiative also means progress you can see and hear. Progress you can see through larger, easier-to-read road signs; and brighter, wider pavement markings. Progress you can hear through rumble stripes that alert you loud and clear when you are veering off the roadway and that provide a clear path on highway shoulders for bicyclists.

We moved quickly to get Amendment 3 improvements started, and a majority of Smooth Roads Initiative projects are now under contract. In his State of the State Address, however, Governor Blunt issued a challenge to even further speed up our efforts to improve Missouri's highways. He challenged MoDOT to complete the Smooth Roads Initiative by the end of 2006 - a full one year ahead of schedule. And, not that we're keeping track, but that is a mere 327 days, 13 hours, 19 minutes and 46 seconds from now.

This is a major challenge, but the Governor was right to stress fixing our roads as fast as possible. It is paramount to the success of our state. The sooner we finish, the sooner we benefit from the results. It will not be easy, but we will meet the Governor's challenge. When we do, it will be progress you can feel. . . in record time.

A sage once said, "The shortest distance between two points is . . . under construction." Well, we demonstrated that in 2005 with over 1,000 work zones from border to border. A record number of work zones means a record number of opportunities to inconvenience travelers. We responded to this by working closely with our contractors to ensure work zones flowed as well as possible and that they were safe for crews and the traveling public. We are committed to progress, but we must achieve it safely.

There is no doubt, 2006 will be even bigger - in fact, the biggest year in Missouri's highway construction history. That's unprecedented progress. Progress you can feel!

The second element of Smoother, Safer, Sooner focused on getting scheduled highway improvements done quicker. Bonding made possible by Amendment 3 allowed us to speed up work already in our five-year construction plan - some by several years. We have moved up 55 projects totaling four hundred and thirty two million dollars, with work already under way on more than 35 highway improvements.

Getting this work done sooner is extremely important. An improved road saves lives, creates jobs, and makes travel more efficient for millions of drivers. This is a vital aspect of our Amendment 3 implementation. This is progress you can feel!

The third element of Smoother, Safer, Sooner resulted from the most open and transparent highway improvement selection process in Missouri's history and, I am confident, the entire nation. We invited private citizens from every region of Missouri to sit at the table with MoDOT and decide what new projects should be added to our five-year plan.

The people of Missouri helped us identify 39 projects to be added to the five-year construction program. These are high-priority, major projects totaling one point six billion dollars that otherwise could not have been built for decades.

Ladies and gentlemen, this progress means that you can feel the state of your transportation system improving, but there is much work left to be done and insufficient resources to do it. Amendment 3 and the outstanding work of our congressional delegation on the renewal of the federal transportation-funding bill have provided an increased highway revenue stream that is greatly appreciated, and we are using it to dramatically improve your state highways. However, in 2010 the construction bubble bursts and our construction program will diminish by over six hundred million dollars annually.

Our five-year construction program will average one point four billion dollars per year. We will make the best use of every dollar spent to successfully complete the largest transportation program in Missouri's history with 866 projects totaling seven point three billion dollars.

At the end of those five years, however, our per-year construction average will plummet to \$805 million. Additionally, we are experiencing higher fuel prices and a decrease in car sales. These are factors that add up to less than expected revenues for needed highway improvements and increasing costs to build them.

The sun is shining on transportation in Missouri, but there are storm clouds on the horizon. Good old Missouri common sense says that you fix the roof when the sun is shining not once it starts raining. It is imperative that we initiate a discussion about future transportation investments.

This year we celebrate the 50th anniversary of the nation's interstate highway system. Interstate highways have changed the American way of life. They have brought us closer together, revolutionized freight shipment and fueled the most powerful economic engine in world history. Unfortunately, interstate highways weren't built to last 50 years.

In Missouri, stretches of I-70 that are now nearly 50 years old were designed to last just 20 years. There was no way to predict that this corridor, connecting our two largest cities and Missouri to the world, would carry the amount or type of traffic it now does. The congestion on I-70 presents safety concerns, could affect productivity and has damaged this vital highway all the way to its core. By 2030, the entire length of I-70 will be stop-and-go traffic and I-44 is just ten years behind. The bottom line is that our interstates are victims of their own success.

I-70 needs to be rebuilt from the ground up and needs to be expanded to accommodate ever-growing traffic and the ever-larger vehicles using it. A total reconstruction would cost more than three and a half billion dollars. With current funding, however, we will only be able to rebuild this vital corridor one short section at a time. That method will mean none of us will be alive to see its completion.

Unfortunately, while we know how much it will cost to fix I-70 and we know what will not work as a reasonable way to pay for it, we do not know how we WILL pay for it.

As Ron McLinden of the Sierra Club mentioned to me, “The future isn’t what it used to be.” We are now competing in a global economy with legitimate global competitors. China, for example, is replicating our interstate system, along with major new air and water ports, and is already a world economic power that will challenge U. S. markets in the future.

We must not lose our competitive advantage in the global economy and part of maintaining that advantage is investing in transportation. We know that right here in Missouri for every dollar spent on transportation we get a five-dollar return on that investment. We must continue to invest and, to do so, we must find innovative ways to generate the money. We face many tough decisions that cannot be avoided.

Big problems, however, do not have to mean inaction. Due to unique circumstances involving a new Mississippi River Bridge, we are asking the General Assembly to authorize the creation of an innovative public/private partnership to construct a sorely needed new river crossing in St. Louis. We have gone back to the drawing board on this project and, working with the Illinois Department of Transportation, have reduced its cost by nearly half. Yet, we still do not have the money to build it.

A new river bridge in St. Louis would benefit our entire state through commerce, tourism, safety and positive environmental impacts. Analysis by the Missouri Department of Economic Development shows a 16 to one return on investment for this project. I urge you to pass this vital legislation quickly.

We also support legislation this year to redirect the sales tax paid by highway contractors to transportation. MoDOT is charged with being a transportation department, but it is funded like a highway department. Our plan is to use revenue generated by the highway contractors’ sales tax to fix this situation.

Ending this mini-diversion from transportation will mean better airports for economic development. Greater access to rail and river resources to move freight and reduce traffic on our highways. And better public transit options in both our urban and rural communities.

Now, I realize that we cannot expect major increases in resources . . . until the public knows that we make the absolute best use of every tax dollar. It is imperative that we stretch our dollars to do more because that’s what the people of Missouri demand.

MoDOT is listening and responding. A major reconstruction of I-64, also known as Highway 40, is in the works. It will be the largest highway construction project in Missouri history. It will also be the most innovative through the use of a design-build process and unprecedented contractor flexibility to allow for innovations and cost savings. The completion of this project will mean congestion relief and greater connectivity for motorists in St. Louis. That is progress of record proportions.

With progress, however, sometimes comes annoyance. We will do everything we can to minimize inconvenience to travelers on this 12-mile section of highway, but some inconvenience is inevitable. What we will not do though is close I-64 in its entirety for the duration of construction. That is our promise to the people of St. Louis. We have heard you, we have responded and that option is off the table.

While a complete closure is off the table, we are giving more people a seat at the table. A job can change a life. Therefore, we are working with community organizations that represent Missouri’s under served to ensure greater opportunity for low income and minority citizens in our highway program. It is our hope that I-64 will become a model for the future.

Our innovations also include the implementation of a common sense approach to designing highway construction projects. This no-frills philosophy, called Practical Design, allows us to build safe roads and bridges that meet the needs of Missourians without unnecessary extravagances. This approach allows us to save money on each project so we can do even more projects.

Through Practical Design, we will save four hundred million dollars on highway improvements over the next five years. That is four hundred million dollars going to vital road work in all parts of this state, work that would not have been done previously. Now THAT is progress taxpayers feel in their pocketbooks.

Our innovations also include the most extensive results-based performance measuring system in state government. Through a report called the Tracker, we provide you and all Missourians with a direct window into MoDOT - warts and all.

We have identified 18 tangible results that the people of Missouri expect us to deliver. These include smooth and unrestricted roads and bridges; uninterrupted traffic flow; a safe transportation system; personal, courteous and fast customer service; the best value for every dollar spent; and customer involvement in decision making - among other vital outcomes.

To gauge our progress toward these critical results, we track 123 measures. How we are doing on these measures, good or bad, is reported in the Tracker quarterly and immediately released for anyone to see. Hard copies are made available and it is posted on our web site.

We are proud that the Governor's Government Review Commission cited the Tracker as a model for other state agencies and has recommended that they implement similar processes. That feels like progress to me.

Additionally, we have looked to the people of this state for innovative solutions to our transportation challenges. For example, we brought together private citizens, business leaders, elected officials, highway contractors, consultants and many others for a day-long session to identify ways we can do things better, faster and cheaper.

We call this process Partnering for Innovative Efficiencies. It has yielded numerous ideas, many of which we are implementing, and we are planning another session in April where we will further focus on better, faster and cheaper ways to improve transportation in Missouri.

I believe strongly that we must continuously find ways to do things better, faster and cheaper. When I asked MoDOT workers to do things better, however, the response was, "just better isn't good enough. We will not produce a world class transportation system unless we do world class work."

When I said faster, MoDOT workers said, "faster isn't fast enough. We will move at unreasonably fast speeds to deliver the best transportation system in the world."

When I said cheaper, MoDOT workers said, "we will build quality products of great value - efficiently - and we will save the taxpayers of this state more money than you would have thought possible."

Ladies and gentlemen, welcome to the new MoDOT! An organization committed to innovation. Our approach is economical, but our success will be enormous. We are listening to you. We are working with you. We are showing you progress like never before - progress you can feel!

In 2005, MoDOT employees showed there is no limit to how far they will go to help their fellow Missourians. During the past year, these dedicated public servants have gone above and beyond the call of duty.

When the Taum Sauk Dam failed last December in south central Missouri, MoDOT employees were among the first on the scene. Operations Engineer Henry Haggard was a mere 15 minutes behind the wall of water that flooded the area. He arrived on Route N and began coordinating crews clearing the roadway.

Among those crew members were Ben Meredith and Justin Blankenship of Centerville and Nick Lambert of Bellevue. These folks did not stop until the roads were clear of debris, traffic could pass again, an alternate route could be used if the second dam failed and whatever else needed to be done was done. They and many other members of the MoDOT family went home covered in mud, but today they are wrapped in our appreciation.

MoDOT employees responded heroically to that disaster, but heroism is common among the people with whom I am privileged to work. Tragedy struck twice near a repaving project on Route 61 through Moscow Mills. On both occasions, MoDOT Construction Inspector Lee Ann Kelly reacted in heroic fashion.

At around 2 a.m. on August 11, a man was thrown from his motorcycle landing on the centerline, with the cycle in the middle of the passing lane. As a licensed emergency medical technician, Lee Ann knew what to do. Traffic was diverted and she enlisted a bystander to hold the gentleman's head while she cared for him until an ambulance arrived.

Just a few weeks later, another accident occurred at Route 61 and U south of Troy. Lee Ann ran to the wrecked car. The driver was unconscious sitting upright in the driver's seat. She placed his head in the correct position, opened his airway, and made sure he was breathing until emergency responders could reach the scene.

Local law enforcement officials credited Lee Ann with saving both drivers' lives. Lee Ann and the Taum Sauk responders are here today. I ask them to stand and receive the recognition they deserve.

These are just five of the outstanding people who work for MoDOT and are dedicated to public service. They reacted to dire circumstances in extraordinary ways.

We are asking all MoDOT employees, however, to accomplish extraordinary feats. We are asking them to complete the single largest transportation project in Missouri history, we are asking them to deliver the largest construction program in Missouri history, we are asking them to deliver the Smooth Roads Initiative a full year early and we are holding them accountable for results at every step along the way.

Last year, I promised you that MoDOT employees would accomplish these things and more without adding personnel or new buildings. We have kept that promise and will remain committed to it.

MoDOT employees are doing more, but like other state employees they have not received a significant pay increase in five years. Therefore, I ask the General Assembly to pass a four percent across-the-board pay increase for Missouri's dedicated state employees. Missouri has a lot of things to be proud of - being last in state employee pay isn't one of them.

Statewide, we are focused on saving more than 200 lives per year and getting traffic fatalities below 1,000 by 2009. Through a partnership with the Highway Patrol, local law enforcement, highway safety advocates and other governmental agencies we have formed the Missouri Coalition for Roadway Safety. I know this grassroots effort will save lives on Missouri's roads.

The news from 2005, however, is not good. After a dramatic decrease in traffic deaths in 2004, fatalities increased by 9 percent this past year. 1,234 sons and daughters, mothers and fathers lost their lives on our highways in 2005. These numbers are unacceptable, undeniably tragic and an inexcusable embarrassment to our state.

They are particularly inexcusable when you consider that we could save 90 lives per year through a primary safety belt law. We can accomplish that noble goal by simply allowing officers to enforce our current law that requires safety belt use.

Now, I realize this issue may not be universally popular, but I feel a moral obligation to appeal to you once again for a primary safety belt law. Not because it is necessarily popular, but because it is right.

Doing what is right isn't always easy, but it is always right. We are losing an obscene number of Missourians to traffic crashes. A primary safety belt law will save lives and it is the right thing to do.

Etched in stone over the back entrance to this chamber is the phrase, "Progress is the law of life." In other words, when we are through making progress, then we are through. Well, we're not through. With your help, MoDOT will continue to get better, to make our transportation system better and to make our great state better.

You don't achieve progress, however, through talk. You achieve it through action. On the wall of my office I have a sign with an equation that reads, "Dreams minus Action equals Squat."

MoDOT is your action agency. We dream big, and we deliver big. Gone is the indecisive bureaucracy. Arrived is the more nimble organization that gets things done. The department that produces real progress. Progress you can feel.

To paraphrase a great Missourian, George Washington Carver: It will only be when MoDOT does common things in an uncommon way that people will take notice. That's our commitment to you - to make you notice uncommon progress. Progress you can feel.

So, how does this make you feel? In the coming years, we will undertake the reconstruction of I-64 in St. Louis and will finally connect it to I-70. We will also build a new Paseo Bridge in Kansas City. And we will complete the four-laning of U.S. 67 from Festus to Poplar Bluff.

Within five years, we will have new major river bridges in Hermann and Atchison.

Plus, we will complete the four-laning of U.S. 60 from Springfield to Sikeston; the four-laning of U.S. 71 from I-44 to Arkansas; the four-laning of U.S. 61 from Iowa to St. Louis; the four-laning of U.S. 65 from Buffalo to Arkansas; the four-laning of U.S. 36 from St. Joseph to Hannibal; the four-laning of U.S. 13 from Clinton to Springfield and the four-laning of U.S. 63 from Kirksville to Jefferson City.

Additionally, our 2,200 busiest miles of state highways - including all of I-70, all of I-44 and every other interstate in Missouri - will be in good condition.

What does that feel like to you? That feels like real, tangible progress to me. Progress you can feel!

I look forward to working with each of you for even greater progress in the years ahead. Thank you and may God bless your travels.

The Joint Session was dissolved by Senator Shields.

Representative Nieves assumed the Chair.

JOURNAL OF THE HOUSE

Second Regular Session, 93rd GENERAL ASSEMBLY

TWENTIETH DAY, WEDNESDAY, FEBRUARY 8, 2006

The House met pursuant to adjournment.

Speaker Pro Tem Bearden in the Chair.

Prayer by Father Robert Kurwicki, Pastor, St. Joseph Cathedral.

Almighty God of our families and our Loving God, we do begin this day conscious of Your presence and committing our lives anew to You. Sustain us with Your spirit and make us ready for our responsibilities, equal to our experiences, and adequate for every task. In the midst of the heat of daily duties let not our strength fail, nor our steps falter, nor our vision fade.

Make us patient with each other and understanding, remembering that each one of us walks a lonely road and each one has struggles no one else knows.

Give to us a real reverence for personality, a deep desire to speak the truth, and an unending enthusiasm for the reign of liberty and justice in our Nation and in our World. In the Master's name we pray. Amen.

The Pledge of Allegiance to the flag was recited.

The Journal of the nineteenth day was approved as printed by the following vote:

MESSAGE FROM THE SENATE

Mr. Speaker: I am instructed by the Senate to inform the House of Representatives that the Senate has taken up and adopted **SCR 22**.

SENATE CONCURRENT RESOLUTION NO. 22

WHEREAS, Missouri highway work zone crashes resulted in 5,852 injuries and 97 deaths to motorists between 1999 and 2003; and

WHEREAS, in 2004, three Missouri Department of Transportation employees were killed and 69 injured in work zones; and

WHEREAS, 28 Missouri State Highway Patrolmen have given the ultimate sacrifice, including seven Missouri State Highway Patrolmen who were killed along side Missouri's highways since 2001; and 16 Missouri State Highway Patrol vehicles have been involved in traffic accidents in the last twelve months; and

WHEREAS, highway injuries and fatalities are the result of driver inattention and the failure of drivers to slow down and move over in work zones or upon approach of emergency vehicles; and

WHEREAS, highway workers, including employees of the Missouri Department of Transportation, Missouri State Highway Patrol, law enforcement agencies, emergency medical services personnel, and highway contractors, regularly must work within the public right of way and in close proximity to traffic; and

WHEREAS, many of the causes of highway work deaths are preventable, including driver inattention, driving too fast for conditions, failing to yield right of way, following too closely and changing lanes improperly; and

WHEREAS, the Missouri General Assembly passed House Bill No. 1270 and House Bill No. 2032 in 2002 to require Missouri motorists to move over one lane or slow down when approaching parked emergency motor vehicles on highway right-of-ways; and

WHEREAS, public awareness of the need for greater caution and care by motorists while driving through highway work zones, while promoting safe practices by highway workers in highway work zones must be increased in the state of Missouri; and

WHEREAS, the Missouri General Assembly desires to promote highway worker safety and to encourage motorists traveling through Missouri highway work zones to exercise caution and care; and

WHEREAS, the Missouri General Assembly desires to generate an increased awareness of Missouri's law to move over or slow down when approaching stationary emergency vehicles in order to avoid the recent tragedies experienced by the Missouri State Highway Patrol:

NOW THEREFORE BE IT RESOLVED that the members of the Missouri Senate, Ninety-Third General Assembly, Second Regular Session, the House of Representatives concurring therein, hereby strongly encourage the Missouri Department of Transportation to create individual highway signs detailing the name and date of highway workers, emergency workers, and highway patrol officers injured or killed on Missouri highways and erect such signs at the location of the injury or death. The Missouri Department of Transportation shall not create or erect such highway signs unless the immediate family members of the highway workers, emergency workers, or highway patrol officers approve of the sign's creation; and

BE IT FURTHER RESOLVED that the Secretary of the Missouri Senate be instructed to prepare properly inscribed copies of this resolution for the Missouri Department of Transportation.

In which the concurrence of the House is respectfully requested.

JOURNAL OF THE HOUSE

Second Regular Session, 93rd GENERAL ASSEMBLY

TWENTY-FIRST DAY, THURSDAY, FEBRUARY 9, 2006

The House met pursuant to adjournment.

Representative Lanie Black in the Chair.

Prayer by Father Donald W. Lammers.

Let us pray.

“Frost and cold, bless the Lord;
Give glory and eternal praise to him.”
(Daniel 3:69)

Lord, God of Unity and Strength, sustain us in this last session of the week.

The proposals and documents presented to us are many. May we receive them with grace and handle them with competence. In this session and in all our work, bless us with objectivity, so that our prejudgments and our personal histories do not hinder our service of the common good. Strengthen us, that through our work for the people, we may serve You.

Although our ideas and convictions at times divide us, may our reverence for You, our respect for each other, and our commitment to all the people of our State unite us.

We pray to You, Almighty God forever and ever. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as an Honorary Page for the Day, to serve without compensation: Chloé Kasten.

JOURNAL OF THE HOUSE

Second Regular Session, 93rd GENERAL ASSEMBLY

TWENTY-SECOND DAY, MONDAY, FEBRUARY 13, 2006

The House met pursuant to adjournment.

Speaker Jetton in the Chair.

Prayer by Reverend James Earl Jackson.

You, Lord, are our God! You hear us when we lift our voices to You. You, alone, have the power to fulfill all of our petitions and to keep us calm in every situation.

We know that ultimately we are accountable to You for each decision and act, so lead us in the way of truth and guide us by Your eye and strong right hand.

May Your hand of healing be upon loved ones who may be ill, Your hand of guidance on spouses managing households and civic responsibilities, Your hand of comfort upon our children who miss us dearly when we are away, and Your hand of prudent direction on each of us as we proceed with this week's agenda.

Now may the Lord of Peace, Himself, continually grant us peace in every circumstance. The Lord be with us all.

For it is in the name of Your Son we pray. Amen.

The Pledge of Allegiance to the flag was recited.

The Journal of the twenty-first day was approved as printed by the following vote:

JOURNAL OF THE HOUSE

Second Regular Session, 93rd GENERAL ASSEMBLY

TWENTY-THIRD DAY, TUESDAY, FEBRUARY 14, 2006

The House met pursuant to adjournment.

Speaker Jetton in the Chair.

Prayer by Father Donald W. Lammers.

Let us pray.

Almighty God, Your Holy Spirit teaches us: *"God is love and they who abide in love abide in God and God in them."* (1 John 4:16)

We thank You for our spouses and our children, and all the true Valentines in our lives.

All real love is one, since *"Love comes from God."* (1 John 4:7) Yes, Lord God, we pray for the grace of wholeness and unity, so that the tender love we have for our family may flow into love of neighbor and embrace the people of our districts, of our entire State, and ultimately all people.

Holy God, we work on so many things; so many issues demand our attention; there are so many needs. May love of neighbor unite them into a single web. Almighty God, bless us with great vision and excellent skill in give and take, so that our work today never contradict the meaning of Valentine's Day but support its meaning for all.

We pray in Your Holy Name, Almighty God, forever and ever. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Shannon Jones and Connie Bolbecher.

The Journal of the twenty-second day was approved as corrected by the following vote:

JOURNAL OF THE HOUSE

Second Regular Session, 93rd GENERAL ASSEMBLY

TWENTY-FOURTH DAY, WEDNESDAY, FEBRUARY 15, 2006

The House met pursuant to adjournment.

Speaker Jetton in the Chair.

Prayer by Reverend James Earl Jackson.

Heavenly Father, before the mountains were created, before the Earth was formed, You are God without beginning or end.

We have this promise from You, "When they call on Me, I will answer; I will be with them in trouble. I will rescue them and honor them." So we go confidently into this day, conferencing, researching, deliberating; always mindful of Your watchful presence.

We refuse to receive counsel that contradicts what we know is right. Keep us far from every wrong; help us, undeserving as we are, to obey Your laws, for we are determined to do what is right.

May You Lord, Who loved us and, in Your special favor, gave us everlasting comfort and good hope, comfort our hearts and give us strength in every good thing we do and say.

We ask these things in the name of Your Son. Amen and amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Amanda Robart, Audrey Robart, and Theron Robart.

COMMITTEE REPORTS

Committee on Rules, Chairman Cooper (120) reporting:

Mr. Speaker: Your Committee on Rules, to which was referred **HCR 13**, begs leave to report it has examined the same and recommends that it **Do Pass**.

HOUSE CONCURRENT RESOLUTION NO. 13

WHEREAS, our forefathers of this great nation of the United States recognized a Christian God and used the principles afforded to us by Him as the founding principles of our nation; and

WHEREAS, as citizens of this great nation, we the majority also wish to exercise our constitutional right to acknowledge our Creator and give thanks for the many gifts provided by Him; and

WHEREAS, as elected officials we should protect the majority's right to express their religious beliefs while showing respect for those who object; and

WHEREAS, we wish to continue the wisdom imparted in the Constitution of the United States of America by the founding fathers; and

WHEREAS, we as elected officials recognize that a Greater Power exists above and beyond the institutions of mankind:

NOW, THEREFORE, BE IT RESOLVED by the members of the House of Representatives of the Ninety-third General Assembly, Second Regular Session, the Senate concurring therein, that we stand with the majority of our constituents and exercise the common sense that voluntary prayer in public schools and religious displays on public property are not a coalition of church and state, but rather the justified recognition of the positive role that Christianity has played in this great nation of ours, the United States of America.

Mr. Speaker: Your Committee on Rules, to which was referred **HCR 15**, begs leave to report it has examined the same and recommends that it **Do Pass**.

HOUSE CONCURRENT RESOLUTION NO. 15

WHEREAS, the Food Stamp Program serves as the first line of defense against hunger in this country by enabling low-income families to buy nutritious food with coupons and electronic benefits transfer cards; and

WHEREAS, the Food Stamp Program is the cornerstone of the federal food assistance programs and provides crucial support to needy households by allowing recipients to spend their benefits to buy eligible food in authorized retail food stores; and

WHEREAS, most food stamp rules apply to all households, but there are a few special rules for households that have an elderly or disabled member. Under the Program, a person is considered elderly if he or she is 60 years of age or older; and

WHEREAS, for 2006, a household with an elderly member may have up to \$3000 in resources as compared to a household without an elderly member which may have up to \$2000 in resources. In addition to the resource limits, there is a monthly gross income test and a monthly net income test to maintain eligibility; and

WHEREAS, in addition to the allowable deductions for all households, the elderly receive a deduction for allowable medical costs paid by the elderly member that are more than \$35 a month. The allowable medical costs include most medical and dental expenses, such as doctor bills, prescription drugs and other over-the-counter medication when approved by a doctor, dentures, hospital expenses, nursing care, some transportation costs, attendant care, and health insurance premiums; and

WHEREAS, while the allowed deductions and exclusions are certainly helpful in allowing the elderly to receive the needed food assistance, one of the largest expenditures made by the elderly is not included in those deductions or exclusions. Many of the elderly have and will continue to experience large heating bills this winter, with some estimates suggesting that heating expenditures may more than double this year; and

WHEREAS, many low-income elderly people will be forced to choose between paying the heating bill and buying food; and

WHEREAS, due to the unique needs of low-income elderly created by the skyrocketing price of heating fuels, a waiver or amendment to the administrative oversight for the federal Food Stamp Program is needed to ensure that the necessary food assistance is available to our most vulnerable citizens:

NOW, THEREFORE, BE IT RESOLVED that the members of the House of Representatives of the Ninety-third General Assembly, Second Regular Session, the Senate concurring therein, hereby urge the United States Congress and the United States Department of Agriculture to waive or amend the administrative oversight for the federal Food Stamp Program to increase the availability of food assistance for our low-income elderly citizens; and

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to prepare properly inscribed copies of this resolution for Mike Johanns, the Secretary of the United States Department of Agriculture and each member of the Missouri Congressional Delegation.

Mr. Speaker: Your Committee on Rules, to which was referred **HCR 17**, begs leave to report it has examined the same and recommends that it **Do Pass**.

HOUSE CONCURRENT RESOLUTION NO. 17

WHEREAS, the United States Fish and Wildlife Service has mandated a man-made "spring rise" for the Missouri River that is purportedly necessary for the survival of the pallid sturgeon, an endangered species; and

WHEREAS, accurately controlling upstream discharges for the "spring rise" is extremely difficult because Missouri weather and flooding are unpredictable, as evidenced by the Missouri River's rise of nine feet in less than eighteen hours twice during a drought period in June of 2005; and

WHEREAS, once water is released for the "spring rise" there are no intervening dams or locks to halt the rise during the ten-day travel time from Gavins Point Dam in South Dakota to St. Louis, Missouri, thereby increasing the risk that such a rise would compound flooding problems resulting from a major rain event; and

WHEREAS, Federal agencies should not be implementing plans that are known to harm Missouri's farmers solely for the purposes of an experiment to determine whether the "spring rise" will trigger spawning of the pallid sturgeon; and

WHEREAS, a "spring rise" will potentially exacerbate drainage problems on agricultural land which could delay crop planting, destroy crops, and require additional pumping at additional costs for Missouri farmers; and

WHEREAS, by using water in the spring that is needed to support navigation and other uses in the summer, a "spring rise" will shorten the navigation season during times of water shortages causing additional financial burdens on shippers, commercial carriers, and producers; and

WHEREAS, Missouri infrastructure, communities, businesses, farmers, ranchers and the economy all will be put at an increased risk of flooding in the event of a "spring rise"; and

WHEREAS, it is unjust for Missouri consumers, communities, businesses, commercial carriers, farmers and ranchers to bear any additional direct or indirect costs for an unproven experimental plan; and

WHEREAS, many businesses and residential communities along the Missouri River suffered great devastation after the flood of 1993; the intentional flooding of the river through a "spring rise" enhances the risk that such destruction will once again visit these communities, making it harder and ultimately less attractive to rebuild; and

WHEREAS, the economic responsibilities that individual families and businesses have to bear in the face of a devastating flood, like that in 1993, are enormous; to compound and confuse that responsibility with the uncertainties that accompany a "spring rise" places a heavier burden on the backs of those families and businesses:

NOW, THEREFORE, BE IT RESOLVED that the members of the House of Representatives of the Ninety-third General Assembly, Second Regular Session, the Senate concurring therein, hereby concur with the Governor of the State of Missouri that all reasonable and necessary action should be taken to prevent the planned man-made "spring rise"; and

BE IT FURTHER RESOLVED that the members of the Missouri House of Representatives Ninety-third General Assembly, Second Regular Session, the Senate concurring therein, respectfully encourage the United States

Army Corps of Engineers not to implement an artificial "spring rise," which would increase the risk of flooding for Missourians, thereby being in violation of the 8th U.S. Circuit Court of Appeals' recent ruling, which held that flood control and navigation are the dominant uses of the Missouri River; and

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to prepare a properly inscribed copies of this resolution for the Governor of Missouri and the members of the Missouri Congressional delegation.

JOURNAL OF THE HOUSE

Second Regular Session, 93rd GENERAL ASSEMBLY

TWENTY-SIXTH DAY, MONDAY, FEBRUARY 20, 2006

The House met pursuant to adjournment.

Speaker Pro Tem Bearden in the Chair.

Prayer by Reverend James Earl Jackson.

You, O Lord, are exalted forever. How great are Your works, how profound Your thoughts!

We are very much aware that You, who created the ear, hears; You, who formed the eye, sees and You, who teaches, have all knowledge. You know our thoughts and we recognize that without Your direction, our thoughts are pointless.

When we slip, Your mercy and loving kindness holds us up. When we doubt, Your Word encourages us. When anxiety is great within us, Your comfort brings joy to our soul.

So, Heavenly Father, we listen as wisdom calls out from the inscriptions on the walls of this building; calling loudly in these chambers where we and the people come together. Thank You for giving us good counsel and sharing Your knowledge with us throughout this week.

Now, may the Lord of Peace, Himself, continually grant us peace in every situation. The Lord be with us all.

For it is in the name of Your Son we pray. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Jeffrey Massengale, Casey Moss, Lynn Lambert, T.J. Loethen, Quinn Cunningham and Grace Cunningham.

The Journal of the twenty-fifth day was approved as printed by the following vote:

JOURNAL OF THE HOUSE

Second Regular Session, 93rd GENERAL ASSEMBLY

TWENTY-SEVENTH DAY, TUESDAY, FEBRUARY 21, 2006

The House met pursuant to adjournment.

Speaker Jetton in the Chair.

Prayer by Reverend Marvin Lue, Jr., Murchison Tabernacle Church, St. Louis.

May we pray.

God, we first give thanks to You for this opportunity to gather as servants of goodwill and equality for the citizens of this great state. We pause to give honor to those who led our great nation during moments of independence and emancipation. We reflect upon the accomplishments and achievements of a people who have persevered through weary years and silent tears; storms of slavery and segregation; pitfalls of poverty and persecution, and valleys of injustice and oppression. We celebrate the courage and conviction of a people who continue to overcome in the face of seen and unseen obstacles that rise on every leaning side.

God, we ask You today to give us guidance and direction as we deliberate over the affairs that are in the best interest for all of Missouri. We are here today to render opinions which we feel are for the good of our constituents, but ultimately we want to render opinions that are pleasing and acceptable in Your divine judgement. Therefore God, we petition You now to endow us with wisdom, charity, integrity and purpose, as we move from being a people who must be SHOWN to now being a people who SHOW what justice and equality for all people truly is. Endow us today with minds of rationality and hearts of benevolence as we grapple with issues that shape not only the urban streets, but also the suburban cul-de-sacs and rural plains. Endow us now with a consciousness that will push us beyond the fiscal bottom line and force us to address the whole story from every perspective. With Your help, we can make this state a GATEWAY to a level playing field for all who pass through.

In the spirit of hope and opportunity for all of Missouri, we seek You. AMEN.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Zachary Adams, Riley Cook, Jeremy Bell, Quinn Cunningham, Grace Cunningham, Isaac Doster and HannaMay Doster.

The Journal of the twenty-sixth day was approved as printed.

JOURNAL OF THE HOUSE

Second Regular Session, 93rd GENERAL ASSEMBLY

TWENTY-EIGHTH DAY, WEDNESDAY, FEBRUARY 22, 2006

The House met pursuant to adjournment.

Speaker Jetton in the Chair.

Prayer by Reverend James Earl Jackson.

Hear our prayer, O Lord, and let our petition for support come to You.

You, Sovereign Lord, have given us Your words of wisdom, so that what we do and how we respond to inquiries, would bring encouragement to those who are disillusioned. Morning by morning You awaken us and open our understanding to Your will. You speak to us, and we listen. We do not rebel or turn away.

Heavenly Father, You have granted us skill in all wisdom, discernment, knowledge, and the competence to stand and serve in this State House.

We walk within this House in the integrity of our heart. We will set no worthless thing before our eyes. We hate the way of arrogance and stubbornness: They will not fasten their grip on us.

May You Lord, who loved us and, in Your special favor, gave us everlasting comfort and good hope, comfort our hearts and give us strength in every good thing we do and say.

We ask these things in the name of Your Son. Amen and amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as an Honorary Page for the Day, to serve without compensation: Isaac Gardner.

Speaker Pro Tem Bearden assumed the Chair.

The Journal of the twenty-seventh day was approved as printed.

RE: Possible Personal Interest in Legislation

Dear Chief Clerk Davis,

Pursuant to Section 105.461, RSMo, I am hereby filing a written letter of a possible personal interest in legislation that may be voted on during this legislative session.

As an employee on the administrative side of Lindenwood University, I deal with processing government grants, scholarships, and the majority of student loans for my assigned students from Lindenwood University. One of the main requirements of my job is to make sure that the students receive the best possible grants, scholarships, or student loans they qualify for. Possible legislation regarding grants, scholarships and student loans could impact certain aspects of my employment that could come to the Missouri House of Representatives.

In compliance with Section 105.461, RSMo, would you please publish this letter in the Missouri House of Representatives Journal? If you have any questions, please call my office and I will be more than happy to answer them for you. Thank you for your time and help in this matter.

Respectfully Yours,

HOUSE CONCURRENT RESOLUTION

HCR 13, (2-15-06, Pages 255-256) - Sater

JOURNAL OF THE HOUSE

Second Regular Session, 93rd GENERAL ASSEMBLY

TWENTY-NINTH DAY, THURSDAY, FEBRUARY 23, 2006

The House met pursuant to adjournment.

Speaker Pro Tem Bearden in the Chair.

Prayer by Father Donald W. Lammers.

We are nearing the end of the week that began with President's Day. Here is a word of wisdom from President Washington and a prayer from President Lincoln.

Before he was President, General Washington wrote circular letters to the Governors of the thirteen colonies, updating them on the progress of the Revolutionary War and giving them wise advice. In 1783, he gave this advice borrowing from the Prophecy of Micah.

“He (Almighty God) hath showed the, O man what is good;
And what doth the Lord require of thee,
But to do justly, and to love mercy,
And to walk humbly with thy God?”
(Micah 6:8)

About eighty years later, President Lincoln would pray:

*God bless our native land;
firm may she ever stand
through storm and night;
when the wild tempests rave,
O Ruler of wind and wave,
Thou Who art strong to save,
be Thou her might!*

*For her our prayer shall be,
our father's God, to Thee,
on Whom we wait;
be her walls, holiness -
her rulers righteousness,
in all her homes be peace,
God save the State!*

*Not for this land alone,
but be God's mercies shown
from shore to shore
and may the nations see
that men should brothers be,
and form one family
the wide-world o'er.
(Abraham Lincoln)*

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Ethan Crider, Courtney Bland and Michael Barr.

The Journal of the twenty-eighth day was approved as corrected.

JOURNAL OF THE HOUSE

Second Regular Session, 93rd GENERAL ASSEMBLY

THIRTIETH DAY, FRIDAY, FEBRUARY 24, 2006

The House met pursuant to adjournment.

Representative Deeken in the Chair.

Prayer by Chris Dunn, Legislative Information Coordinator, Office of the Speaker.

Heavenly Father,

Thank You for the beauty of this day and for the privilege of serving You. You are kind beyond belief and Your goodness to man is beyond compare.

It is written in the Book of Proverbs for us to know that wisdom is sweet to our soul. If we find it, there is a future hope for us, and our hope will not be cut off.

Today we pray for two things. First, we pray for wisdom and ask that You would grant it. We ask You to grant wisdom to our leaders, our legislators, our families and to us. That we might be servants to everyone around us and so that we can live according to Your ways.

Secondly, we pray for the hope that comes from finding wisdom. Without hope it is hard to see anything but despair. In Your faithfulness Lord, please grant hope today to those who need it in our state.

In the name of Your Son we pray. Amen.

The Pledge of Allegiance to the flag was recited.

JOURNAL OF THE HOUSE

Second Regular Session, 93rd GENERAL ASSEMBLY

THIRTY-FIRST DAY, MONDAY, FEBRUARY 27, 2006

The House met pursuant to adjournment.

Speaker Pro Tem Bearden in the Chair.

Prayer by Reverend James Earl Jackson.

Lord God, we give thanks to You, for You are good and Your mercy endures forever.

Let Your ear now be attentive and Your eyes open to listen to the prayer of Your servants which we pray before You day and night for the residents of this state: Prayers for provisions, consolation, strength of purpose and prayers for divine intervention into troubled lives.

Cause us, each day, to learn more about Your plans for this day, this week, this session, because we trust You. So we come to You in prayer, asking for Your guidance.

In our thoughts, deliberations, and activities this week, may we have the courage to renounce manipulation, reject pressure, and resist the fear of failure.

May You, God Almighty, bless us, and make the work of our hand fruitful and develop in us Your vision for this present assembly and the state of Missouri.

We ask these things in the name of Your Son. Amen.

The Pledge of Allegiance to the flag was recited.

The Journal of the twenty-ninth day was approved as printed.

The Journal of the thirtieth day was approved as printed.

HOUSE CONCURRENT RESOLUTION

JOURNAL OF THE HOUSE

Second Regular Session, 93rd GENERAL ASSEMBLY

THIRTY-SECOND DAY, TUESDAY, FEBRUARY 28, 2006

The House met pursuant to adjournment.

Speaker Jetton in the Chair.

Prayer by Reverend James M. Smith.

“What advantage has the worker from his toil? I have considered the task which God has appointed for men to be busied about. God has made everything beautiful in its time, and has put the timeless in our hearts without us ever discovering, from beginning to end, all of the work which God has done. I recognized that there is nothing better than to be glad and to do well during life. For every man, moreover, to eat and drink and enjoy the fruit of all his labor is a gift from God. I recognized that whatever God does will endure forever; there is no adding to it, or taking from it. Thus has God done that He may be revered.” (Ecclesiastes 3:9-14)

Eternal Father,
Who has given us all things
As an expression of Your incredible and unconditional love,
Help us to make us of this world's goods
In such a way that we give due honor to You.
Help us to enjoy the fruit of our work.
Give us peace among us;
Give us peacefulness within us.
Let Your gifts within us endure forever.
We make our prayer to You who are the beginning and the end,
Forever and ever.
Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Duri Lucille Lampe Long, Sarah Foster, Kaitlin Davis, Claire Petersen, Sarah Kirby and Elizabeth Morris.

The Journal of the thirty-first day was approved as corrected.

JOURNAL OF THE HOUSE

Second Regular Session, 93rd GENERAL ASSEMBLY

THIRTY-THIRD DAY, WEDNESDAY, MARCH 1, 2006

The House met pursuant to adjournment.

Speaker Jetton in the Chair.

Prayer by Reverend James Earl Jackson.

O Lord, who can put into words and tell all Your mighty deeds? Who can show forth all the praise [that is due You]?

We lift our eyes to You this morning, depending wholeheartedly on Your sense of purpose, receiving Your favor and amazed at Your patience.

When the days become long and we grow weary to the point of exhaustion: loaded with burdens You never intended us to bear; bending beneath its weight, You alone cause us to cease from our labor, You take away our burdens and refresh us with rest.

Though we don't always get it right, though we don't always agree on the proper course, may our purest motive be to please You and to leave this state in better condition than when we first began.

May the Lord, Who loved us and, in Your special favor, gave us everlasting comfort and good hope, comfort our hearts and give us strength in every good thing we do and say.

We ask these things in the name of Your Son. Amen and amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Chelsey Jones, Kammy Miller, Edvija Jahic, Tyler Miller, Hayley Creech, Avery Loring, Meaghann Penglis, Miranda Crane, Audra Gilstrap, Camille Hackamack, Emily Haines, Emily Richards, Caleb Alberts, Benjamin Dunn, Adam Hayes, Matthew Norman, Daniel Ouellette, Laura Percival, Javon Clark, Brandon Frank, Danielle Signaigo, Elizabeth Stenberg, Martha Roth, Vincent Vance, Christianna Hudson, Christina Burton, Rae Graupman, Kole Berrey, Zane Crigler, Brooke Hunt, Tiffanie Toles, Amber Dry, Lawrence Patterson, Mersades Johnson and Mindy Behlmann.

The Journal of the thirty-second day was approved as corrected.

COMMUNICATION

March 1, 2006

Mr. Steve Davis, Chief Clerk
Missouri House of Representatives
State Capitol
Jefferson City, MO 65101

Dear Chief Davis:

This letter is to advise you that my employment is as an attorney in the law firm of Law Offices of Nathan Cooper. I am the principal of the firm.

My firm represents numerous clients. However, none of these clients (to my knowledge) has any interest in any legislation before the Missouri General Assembly. The representations exist in several states and change rapidly, so the identification of each attorney/client relationship cannot be specific.

To the extent that a particular piece of legislation directly impacts any entity, that I know to be a client of the firm, in a manner different than it impacts other similarly situated entities in that industry, I will abstain from voting on the proposal.

Should you have any questions, please feel to contact me.

Sincerely,

/s/ Nathan D. Cooper
State Representative
District 158

ADJOURNMENT

HOUSE CONCURRENT RESOLUTION

HCR 13, (2-15-06, Pages 255-256) - Sater

JOURNAL OF THE HOUSE

Second Regular Session, 93rd GENERAL ASSEMBLY

THIRTY-FOURTH DAY, THURSDAY, MARCH 2, 2006

The House met pursuant to adjournment.

Speaker Pro Tem Bearden in the Chair.

Prayer by Father Donald W. Lammers.

Let us pray.

“The fear of the Lord is the beginning of wisdom;
Prudent are all who live by it.
His praise endures forever.”
(Psalm 111:10)

Almighty God, important and emotion-charged topics have been and are swirling around us these days. Stir in us enough fear of You and reverence for You that we are slow to speak, lest we take positions that offend You and contradict Your Holy will.

In our study of the issues before us, give us the ability to discern what is right and what is true, what merits top priority and what is of lesser merit. In dialogue and debate, give us judgment to distinguish right from wrong, truth from error, wisdom from that which is less than wise.

Preserve in us throughout this day the healthy “fear of the Lord”, that will allow us to show wisdom.

We adore and honor You, Almighty God, forever and ever. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Samanta Warden, Liz Kothe-Sharp, Marissa Sieckmann, Carter Jeffery, Morgan Ashlee McAdams and Grant Franklin.

The Journal of the thirty-third day was approved as printed.

HOUSE CONCURRENT RESOLUTION NO. 4

Relating to recognition of autism awareness day and autism awareness month.

WHEREAS, it is estimated that more the 1.5 million Americans live with some form of autism, including more than 100,000 children served under the federal Individuals with Disabilities Education Act (IDEA); and

WHEREAS, the Missouri Department of Elementary and Secondary Education recently identified 3,393 children between the ages of 3 and 21 as autistic, an increase of 1,000% from the 294 children identified in 1991; and

WHEREAS, the increase in autism spectrum disorder's prevalence across the entire United States is an urgent public health concern, with the frequency of autism spectrum disorders now surpassing that of all types of cancer combined; and

WHEREAS, while autism is not a curable disorder, recent studies have shown that early intervention can have dramatic results for children which allows them to enjoy a productive and independent life; and

WHEREAS, because many insurance companies and government assistance does not fully cover the costs of services associated with autism, many families are spending in excess of \$70,000 a year for services for their children; and

WHEREAS, during the month of April the autism community around the United States will be involved in many activities to increase awareness of autism:

NOW, THEREFORE, BE IT RESOLVED that the members of the House of Representatives of the Ninety-third General Assembly, Second Regular Session, the Senate concurring therein, hereby:

(1) Recognize April twenty-seventh of each year as "Autism Awareness Day" and the month of April each year as "Autism Awareness Month" in Missouri;

(2) Recognize and commend the parents and relatives of children with autism for their sacrifice and dedication in providing for the special needs of children with autism and for absorbing significant financial costs for specialized education and support services;

(3) Stress the need to begin early intervention services soon after an individual has been diagnosed with autism, noting that early intervention strategies are the primary therapeutic options for individuals with autism and early intervention significantly improves outcomes for individuals with autism and can reduce the level of funding and services needed later in life;

(4) Recognize the shortage of appropriately trained teachers who have the skills and support necessary to teach, assist, and respond to special needs students, including those students with autism; and

(5) Recognize the importance of worker training programs that meet the needs of developmentally disabled individuals, including those individuals with autism, and note that individuals with autism can be and are productive members of the workforce if they are given appropriate support, training, and early intervention services; and

BE IT FURTHER RESOLVED that this resolution be sent to the Governor for his approval or rejection pursuant to the Missouri Constitution.

JOURNAL OF THE HOUSE

Second Regular Session, 93rd GENERAL ASSEMBLY

THIRTY-FIFTH DAY, MONDAY, MARCH 6, 2006

The House met pursuant to adjournment.

Speaker Jetton in the Chair.

Prayer by Reverend James Earl Jackson.

You alone are the Lord; You have made heaven, the heaven of heavens, with all their host, the earth and everything on it, the seas and all that is in them, and You preserve them all.

You are the Lord God, who called us out of our districts, and brought us here to Jefferson City to be representatives of and servants to the people. May our hearts be found faithful to You and that calling. You have performed Your words, for You are righteous. May our words be shaped by truth, integrity, and ingenuity.

You have cleared the way for us and have shown us great mercy, so we proceed, with the task at hand, without fear of failure.

Give us, Your servants, a hearing heart, a perceptive mind, and the wisdom to discern between right and wrong.

May You, God Almighty, bless us, and make the work of our hand fruitful and develop in us an understanding of Your purpose for this week.

For it's in the name of Your Son we pray. Amen.

The Pledge of Allegiance to the flag was recited.

The Journal of the thirty-fourth day was approved as corrected.

JOURNAL OF THE HOUSE

Second Regular Session, 93rd GENERAL ASSEMBLY

THIRTY-SIXTH DAY, TUESDAY, MARCH 7, 2006

The House met pursuant to adjournment.

Speaker Jetton in the Chair.

Prayer by Father Donald W. Lammers.

(The forecast of rain, suggests these lines from the Hebrew scripture.)

Thus says the Lord:
Just as from the heavens
The rain and snow come down
And do not return there
Till they have watered the Earth,
Making it fertile and fruitful,
Giving seed to the one who sows
And bread to the one who eats,
So shall My Word be
That goes forth from My mouth;
It shall not return to Me void,
But shall do My will,
Achieving the end for which I sent it.
(Isaiah 55:10-11)

Almighty God, as through the media we receive the forecast of rain, so through the bills and documents placed on our desks we receive the agenda of our work. Help us to find in them the proposals that are in harmony with Your will for the people of our State. Let all that is in harmony with Your will become as Your word to us. Through our efforts may they become fertile and fruitful, benefitting the people as surely as will the rainfall upon the land.

We pray to You who are our God forever and ever. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Brianna Larson, Ashley DeBoeus, Briget Spreng, Connie Jones, Kirstie Carr, Trisha Huxel, Tori Gildehaus, Brittany Branch, Rachel Hellmann, Thomas Wingfield, Sara Heitzman, Faith Joyce, Jennifer Smith, Amy N. (4) Any lessor employing unit which is currently engaged in the business of leasing individuals to client lessees shall comply with the provisions of subdivision (3) of this subsection by September 28, 1992. Lessor employing units not currently engaged in the business of leasing individuals to client lessees shall comply with subdivision (3) of this subsection before entering into a written lease agreement with client lessees.

“Moneys collected from the credit instrument and financing agreement emergency repayment fee shall only be used to repay principal on loans obtained for the purpose of paying unemployment benefits. Further amend said bill, Page 26, Section 288.310, by deleting all of said section and inserting in lieu thereof the following:

“288.310. 1. There is hereby created in the state treasury a special fund to be known as the "Special Employment Security Fund". All interest and penalties collected under the provisions of this law, including moneys collected pursuant to section 288.128 for the payment of interest due on federal advances received pursuant to section 288.330, or subject to appropriation, or supplemental appropriation, by the general assembly, amounts received pursuant to **subdivision 1 of subsection 288.128** [the credit instrument and financing agreement repayment surcharge pursuant to section 288.128] related to the payment of [principal,] interest[,] and administrative expenses related to credit instruments issued under section 288.330, or the payment of the [principal,] interest[,] and administrative expenses related to financial agreements under subdivision (17) of subsection 2 of section 288.330, or the payment of the [principal,] interest[,] and administrative expenses related to a combination of credit instruments and financial agreements shall be paid into this fund. The moneys collected pursuant to **subdivision 1 of section 288.128** [shall] **may** be used for the payment of interest due on federal advances received pursuant to section 288.330. Amounts received pursuant to [the credit instrument and financing agreement repayment surcharge pursuant to] subsection [3] **1** of section 288.128 shall be used, following appropriation by the general assembly [and exclusively] for payment of [principal,] interest[,] and administrative expenses related to credit instruments issued under that section, or the payment of [principal,] interest[,] and administrative expenses related to financial agreements under subdivision (17) of subsection 2 of section 288.330, or the payment of the [principal,] interest[,] and administrative expenses related to a combination of credit instruments and financial agreements. Such moneys, except for moneys collected pursuant to section 288.128, shall not be expended or available for expenditure in any manner which would permit their substitution for, or a corresponding reduction in, federal funds which would in the absence of such money be available to finance expenditures for the administration of the employment security law, but nothing in this section shall prevent such moneys, except for moneys collected pursuant to section 288.128, from being used as a revolving fund, to cover expenditures, necessary and proper under the law, for which federal funds have been duly requested but not yet received, subject to the charging of such expenditures against such funds when received. Subject to the approval of the director of the department of labor and industrial relations, the moneys in this fund, except for moneys collected pursuant to section 288.128, shall be used by the department of labor and industrial relations for the payment of costs of administration which are found not to have been properly and validly chargeable against federal grants or other funds received for or in the unemployment compensation administration fund. Such moneys, except for moneys collected pursuant to section 288.128, shall be available either to satisfy the obligations incurred by the department of labor and industrial relations for the division directly or by requesting the board of fund commissioners to transfer the required amount from the special employment security fund to the unemployment compensation administration fund. The board of fund commissioners shall upon receipt of a written request of the department of labor and industrial relations make any such transfer. No expenditures of this fund or transfer herein provided, except for moneys collected pursuant to section 288.128, shall be made unless and until the director of the department of labor and industrial relations finds that no other funds are available or can properly be used to finance such expenditures, except that as hereinafter authorized expenditures from such fund may be made for the purpose of acquiring lands and buildings, or for the erection of buildings on lands so acquired, which are deemed necessary by the director of the department of labor and industrial relations for the proper administration of this law. The director of the department of labor and industrial relations shall order the transfer of such funds or the payment of any such obligation and such funds shall be paid by the state treasurer on requisitions drawn by the director of the department of labor and industrial relations directing the state auditor to issue his or her warrant therefor. Any such warrant shall be drawn by the state auditor based upon bills of particulars and vouchers certified by an officer or employee designated by the director of the department of labor and industrial relations. Such certification shall among

other things include a duly certified copy of the director of the department of labor and industrial relations' findings hereinbefore referred to. The moneys in this fund, except for moneys collected pursuant to section 288.128, are hereby specifically made available to replace, within a reasonable time, any moneys received by this state pursuant to section 302 of the Federal Social Security Act (42 U.S.C.A. Sec. 502), as amended, which, because of any action or contingency, have been lost or have been expended for purposes other than, or in amounts in excess of, those necessary for the proper administration of the employment security law. The moneys in this fund shall be continuously available to the director of the department of labor and industrial relations for expenditure in accordance with the provisions of this section and shall not lapse at any time or be transferred to any other fund except as herein provided.

2. The director of the department of labor and industrial relations, subject to the approval of the board of public buildings, is authorized and empowered to use all or any part of the funds in the special employment security fund, except for moneys collected pursuant to section 288.128, for the purpose of acquiring suitable office space for the division by way of purchase, lease, contract or in any other manner, including the right to use such funds or any part thereof to purchase land and erect thereon such buildings as he or she shall deem necessary or to assist in financing the construction of any building erected by the state of Missouri or any of its agencies wherein available space will be provided for the division under lease or contract between the department of labor and industrial relations and the state of Missouri or such other agency. The director of the department of labor and industrial relations may transfer from the unemployment compensation administration fund to the special employment security fund amounts not exceeding funds specifically available to the department of labor and industrial relations for that purpose, equivalent to the fair reasonable rental value of any land and buildings acquired for its use until such time as the full amount of the purchase price of such land and buildings and such cost of repair and maintenance thereof as was expended from the special employment security fund has been returned to such fund.

3. The director of the department of labor and industrial relations may also transfer from the unemployment compensation administration fund to the special employment security fund amounts not exceeding funds specifically available to the department of labor and industrial relations for that purpose, equivalent to the fair reasonable rental value of space used by the department of labor and industrial relations in any building erected by the state of Missouri or any of its agencies until such time as the department of labor and industrial relations' proportionate amount of the purchase price of such building and the department of labor and industrial relations' proportionate amount of such costs of repair and maintenance thereof as was expended from the special employment security fund has been returned to such fund.”; and

Further amend said bill, Page 28, Section 288.330, by deleting all of said section and inserting in lieu thereof the following:

“288.330. 1. Benefits shall be deemed to be due and payable only to the extent that moneys are available to the credit of the unemployment compensation fund and neither the state nor the division shall be liable for any amount in excess of such sums. The governor is authorized to apply for an advance to the state unemployment fund and to accept the responsibility for the repayment of such advance in order to secure to this state and its citizens the advantages available under the provisions of federal law.

2. (1) The purpose of this subsection is to provide a method of providing funds for the payment of unemployment benefits or maintaining an adequate fund balance in the unemployment compensation fund, and as an alternative to borrowing or obtaining advances from the federal unemployment trust fund or for refinancing those loans or advances.

(2) For the purposes of this subsection, "credit instrument" means any type of borrowing obligation issued under this section, including any bonds, commercial line of credit note, tax anticipation note or similar instrument.

(3) (a) There is hereby created for the purposes of implementing the provisions of this subsection a body corporate and politic to be known as the "Board of Unemployment Fund Financing". The powers of the board shall be vested in five board members who shall be the governor, lieutenant governor, attorney general, director of the department of labor, and the commissioner of administration. The board shall have all powers necessary to effectuate its purposes including, without limitation, the power to provide a seal, keep records of its proceedings, and provide for professional services. The governor shall serve as chair, the lieutenant governor shall serve as vice chair, and the commissioner of administration shall serve as secretary. Staff support for the board shall be provided by the commissioner of administration;

(b) Notwithstanding the provisions of any other law to the contrary:

a. No officer or employee of this state shall be deemed to have forfeited or shall forfeit his or her office or employment by reason of his or her acceptance of an appointment as a board member or for his or her service to the board;

b. Board members shall receive no compensation for the performance of their duties under this subsection, but each commissioner shall be reimbursed from the funds of the commission for his or her actual and necessary expenses incurred in carrying out his or her official duties under this subsection.

(c) In the event that any of the board members or officers of the board whose signatures or facsimile signatures appear on any credit instrument shall cease to be board members or officers before the delivery of such credit instrument, their signatures or facsimile signatures shall be valid and sufficient for all purposes as if such board members or officers had remained in office until delivery of such credit instrument.

(d) Neither the board members executing the credit instruments of the board nor any other board members shall be subject to any personal liability or accountability by reason of the issuance of the credit instruments.

(4) The board is authorized, by offering for public negotiated sale, to issue, sell, and deliver credit instruments, bearing interest at a fixed or variable rate as shall be determined by the board, which shall mature no later than [three] **ten** years after issuance, in the name of the board in an amount determined by the board not to exceed a total of four hundred fifty million dollars, less the principal amount of any financing agreement entered into under subdivision (17) of this subsection, for the purposes set forth in subdivision (1) of this subsection. Such credit instrument may only be issued upon the approval of a resolution authorizing such issuance by a simple majority of the members of the board, with no other proceedings required. [No credit instrument may be outstanding hereunder after January 15, 2008.]

(5) The board shall provide for the payment of the principal of the credit instruments, any redemption premiums, the interest on the credit instruments, and the costs attributable to the credit instruments being issued or outstanding as provided in this **chapter** [subsection and in section 288.310]. Unless the board directs otherwise, the credit instrument shall be repaid in the same time frame and in the same amounts as would be required for loans issued pursuant to 42 U.S.C. Section 1321; however, in no case shall credit instruments be outstanding for more than [three] **ten** years [and further provided that no credit instruments shall be outstanding hereunder after January 15, 2008].

(6) The board may irrevocably pledge money received from the credit instrument and financing agreement **emergency** repayment [surcharge] **fee** under subsection 3 of section 288.128, and other money legally available to it, which is deposited in an account [created] **authorized** for credit instrument repayment[in the special employment security fund], provided that the general assembly has first appropriated moneys received from such [surcharge] **fee** and other moneys deposited in such account for the payment of credit instruments.

(7) Credit instruments issued under this section shall not constitute debts of this state or of the board or any agency, political corporation, or political subdivision of this state and are not a pledge of the faith and credit of this state, the board or of any of those governmental entities and shall not constitute an indebtedness within the meaning of any constitutional or statutory limitation upon the incurring of indebtedness. The credit instruments are payable only from revenue provided for under this chapter. The credit instruments shall contain a statement to the effect that:

(a) Neither the state nor the board nor any agency, political corporation, or political subdivision of the state shall be obligated to pay the principal or interest on the credit instruments except as provided by this section; and

(b) Neither the full faith and credit nor the taxing power of the state nor the board nor any agency, political corporation, or political subdivision of the state is pledged to the payment of the principal, premium, if any, or interest on the credit instruments.

(8) The board pledges and agrees with the owners of any credit instruments issued under this section that the state will not limit or alter the rights vested in the board to fulfill the terms of any agreements made with the owners or in any way impair the rights and remedies of the owners until the credit instruments are fully discharged.

(9) The board may prescribe the form, details, and incidents of the credit instruments and make such covenants that in its judgment are advisable or necessary to properly secure the payment thereof. If such credit instruments shall be authenticated by the bank or trust company acting as registrar for such by the manual signature of a duly authorized officer or employee thereof, the duly authorized officers of the board executing and attesting such credit instruments may all do so by facsimile signature provided such signatures have been duly filed as provided in the uniform facsimile signature of public officials law, sections 105.273 to 105.278, RSMo, when duly authorized by resolution of the board, and the provisions of section 108.175, RSMo, shall not apply to such credit instruments. The board may provide for the flow of funds and the establishment and maintenance of separate accounts within the special employment security fund, including the interest and sinking account, the reserve account, and other necessary accounts, and may make additional covenants with respect to the credit instruments in the documents authorizing the issuance of credit instruments including refunding credit instruments. The resolutions authorizing the issuance of credit instruments may also prohibit the further issuance of credit instruments or other obligations payable from appropriated moneys or may reserve the right to issue additional credit instruments to be payable from appropriated moneys on a parity with or subordinate to the lien and pledge in support of the credit instruments being issued and may contain other provisions and covenants as determined by the board, provided that any terms, provisions or covenants provided in any resolution of the board shall not be inconsistent with the provisions of this section.

(10) The board may issue credit instruments to refund all or any part of the outstanding credit instruments issued under this section including matured but unpaid interest. As with other credit instruments issued under this section, such refunding credit instruments may bear interest at a fixed or variable rate as determined by the board. [No such refunding credit instruments may be outstanding for more than three years or after January 15, 2008.]

(11) The credit instruments issued by the board, any transaction relating to the credit instruments, and profits made from the sale of the credit instruments are free from taxation by the state or by any municipality, court, special district, or other political subdivision of the state.

(12) As determined necessary by the board the proceeds of the credit instruments less the cost of issuance shall be placed in the state's unemployment compensation fund and may be used for the purposes for which that fund may otherwise be used. If those net proceeds are not placed immediately in the unemployment compensation fund they shall be held in the special employment security fund in an account designated for that purpose until they are transferred to the unemployment compensation fund provided that the proceeds of refunding credit instruments may be placed in an escrow account or such other account or instrument as determined necessary by the board.

(13) The board may enter into any contract or agreement deemed necessary or desirable to effectuate cost-effective financing hereunder. Such agreements may include credit enhancement, credit support, or interest rate agreements including, but not limited to, arrangements such as municipal bond insurance; surety bonds; tax anticipation notes; liquidity facilities; forward agreements; tender agreements; remarketing agreements; option agreements; interest rate swap, exchange, cap, lock or floor agreements; letters of credit; and purchase agreements. Any fees or costs associated with such agreements shall be deemed administrative expenses [for the purposes of calculating the credit instrument and financing agreement repayment surcharge under subsection 3 of section 288.128. The board, with consideration of all other costs being equal, shall give preference to Missouri-headquartered financial institutions, or those out-of-state-based financial institutions with at least one hundred Missouri employees].

(14) To the extent this section conflicts with other laws the provisions of this section prevail. This section shall not be subject to the provisions of sections 23.250 to 23.298, RSMo.

(15) If the United States Secretary of Labor holds that a provision of this subsection or of any provision related to the levy or use of the credit instrument and financial agreement repayment surcharge does not conform with a federal statute or would result in the loss to the state of any federal funds otherwise available to it the board, in cooperation with the department of labor and industrial relations, may administer this subsection, and other provisions related to the credit instrument and financial agreement **emergency** repayment [surcharge] **fee**, to conform with the federal statute until the general assembly meets in its next regular session and has an opportunity to amend this subsection or other sections, as applicable.

(16) Nothing in this chapter shall be construed to prohibit the officials of the state from borrowing from the government of the United States in order to pay unemployment benefits under subsection 1 of this section or otherwise.

(17) (a) As used in this subdivision the term "lender" means any state or national bank.

(b) The board is authorized to enter financial agreements with any lender for the purposes set forth in subdivision (1) of this subsection, or to refinance other financial agreements in whole or in part, upon the approval of the simple majority of the members of the board of a resolution authorizing such financial agreements, with no other proceedings required. The total amount of the outstanding obligation under all such agreements shall not exceed the difference of four hundred fifty million dollars and the principal amount of credit instruments issued under this subsection. In no instance shall the outstanding obligation under any financial agreement continue for more than [three] **ten** years[, and no such financial agreement, whether entered into for refinancing purposes or otherwise, shall be outstanding after January 15, 2008]. Repayment of obligations to lenders shall be made from the special employment security fund, section 288.310, **or principal incurred due to the payment of unemployment benefits may be repaid from the unemployment compensation fund**, subject to appropriation by the general assembly.

(c) Financial agreements entered into under this subdivision shall not constitute debts of this state or of the board or any agency, political corporation, or political subdivision of this state and are not a pledge of the faith and credit of this state, the board or of any of those governmental entities and shall not constitute an indebtedness within the meaning of any constitutional or statutory limitation upon the incurring of indebtedness. The financial agreements are payable only from revenue provided for under this chapter. The financial agreements shall contain a statement to the effect that:

a. Neither the state nor the board nor any agency, political corporation, or political subdivision of the state shall be obligated to pay the principal or interest on the financial agreements except as provided by this section; and

b. Neither the full faith and credit nor the taxing power of the state nor the board nor any agency, political corporation, or political subdivision of the state is pledged to the payment of the principal, premium, if any, or interest on the financial agreements.

(d) Neither the board members executing the financial agreements nor any other board members shall be subject to any personal liability or accountability by reason of the execution of such financial agreements.

(e) The board may prescribe the form, details and incidents of the financing agreements and make such covenants that in its judgment are advisable or necessary to properly secure the payment thereof provided that any terms, provisions or covenants provided in any such financing agreement shall not be inconsistent with the provisions of this section. If such financing agreements shall be authenticated by the bank or trust company acting as registrar for such by the manual signature of a duly authorized officer or employee thereof, the duly authorized officers of the board executing and attesting such financing agreements may all do so by facsimile signature provided such signatures have been duly filed as provided in the uniform facsimile signature of public officials law, sections 105.273 to 105.278, RSMo, when duly authorized by resolution of the board and the provisions of section 108.175, RSMo, shall not apply to such financing agreements.

(18) The commission may issue credit instruments to refund all or any part of the outstanding borrowing issued under this section including matured but unpaid interest.

(19) The credit instruments issued by the commission, any transaction relating to the credit instruments, and profits made from the issuance of credit are free from taxation by the state or by any municipality, court, special district, or other political subdivision of the state.

3. In event of the suspension of this law, any unobligated funds in the unemployment compensation fund, and returned by the United States Treasurer because such Federal Social Security Act is inoperative, shall be held in custody by the treasurer and under supervision of the division until the legislature shall provide for the disposition thereof. In event no disposition is made by the legislature at the next regular meeting subsequent to suspension of said law, then all unobligated funds shall be returned ratably to those who contributed thereto.

4. For purposes of this section, as contained in senate substitute no. 2 for senate committee substitute for house substitute for house committee substitute for house bill nos. 1268 and 1211, ninety-second general assembly, second regular session, the revisor of statutes shall renumber subdivision (16) of subsection 2 of such section as subdivision (17) of such subsection and renumber subdivision (17) of subsection 2 of such section as subdivision (16) of such subsection.""; and

HOUSE CONCURRENT RESOLUTION

HCR 13, (2-15-06, Pages 255-256) - Sater

JOURNAL OF THE HOUSE

Second Regular Session, 93rd GENERAL ASSEMBLY

THIRTY-SEVENTH DAY, WEDNESDAY, MARCH 8, 2006

The House met pursuant to adjournment.

Speaker Jetton in the Chair.

Prayer by Reverend James Earl Jackson.

Blessed be the Lord God of all creation from everlasting to everlasting! We give thanks to You Lord for You are good and Your mercy endures forever.

We ask Your favor, that You may be gracious to us.

Help us in this way: May we, in no way, speak presumptuously; let not arrogance go forth from our mouth: For You, Lord, are a God of knowledge, and, by You, actions are weighed.

We will not forget Your previous work on our behalf; how You answered us when we asked for wisdom, granting us knowledge beyond our years. You shine as a light in dark places. So we, wait patiently for Your counsel. We wait in anticipation of Your revealed insight into present day issues.

Now may You, O God, who has loved us and given us everlasting comfort and good hope by grace, comfort our hearts and establish us in every good word and work.

For it is in the name of Your Son we pray. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Nicole Eneff, Taylor Gallagher, Ashley Kanak, Charity Franklin, Baylee Lepper, Logan Bax, Caitlin Green, Jessica Brinker, Kelcie Ohrenberg, Nichole Norgard and Zack Ohrenberg.

JOURNAL OF THE HOUSE

Second Regular Session, 93rd GENERAL ASSEMBLY

THIRTY-EIGHTH DAY, THURSDAY, MARCH 9, 2006

The House met pursuant to adjournment.

Speaker Pro Tem Bearden in the Chair.

Prayer by Father Donald W. Lammers.

Holy God, O Divine Gift-giver, we stand beneath the endless waterfall of Your abundant gifts.

The rainfall is Your gift to us today. We joyfully receive it. "Dew and rain bless the Lord; praise and exalt Him above all forever." (*Daniel 3:68*) We thank You for the rain and for the promise and hope of new life soon to burst forth everywhere. May we, and all our people, nurture this new life faithfully until it becomes the harvest that meets the needs of all the people.

Holy God, we thank You for the work of this day; it gives us a sense of purpose and invests our lives with meaning. We thank You for our families, to whom we shall return later today, and for the joy and completeness they bring to our lives.

We joyfully accept the rainfall as a visible symbol of all Your blessings in our lives and in the lives of those we serve.

We thank You, Almighty God, forever and ever. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Morgan Conway, Lauren Smith, Andrea Sokolich, Courtney Farnen, Maggie Hardwick, Brock Nagel, Griffin Lavender and Andrew Basler.

The Journal of the thirty-seventh day was approved as printed.

JOURNAL OF THE HOUSE

Second Regular Session, 93rd GENERAL ASSEMBLY

THIRTY-NINTH DAY, FRIDAY, MARCH 10, 2006

The House met pursuant to adjournment.

Representative Bruns in the Chair.

Prayer by Christopher Dunn, Legislative Information Coordinator, Office of the Speaker.

Heavenly Father,

Thank You for this day and for the gift of life.

Your Word challenges us, "Who is wise and understanding among you?"

Then it tells us about a life of wisdom and understanding. "Let him show it by his good life, by deeds done in the humility that comes from wisdom. For where you have envy and selfish ambition, there you find disorder and every evil practice. But the wisdom that comes from Heaven is first of all pure; then peace-loving, considerate, submissive, full of mercy and good fruit, impartial and sincere."

Father we ask for wisdom. We also ask that You show us in our hearts where we have envy and selfish ambition and convict us of those things. We desire the kind of wisdom that is merciful, sincere and bears good fruit. Be with our state today.

In the name of Your Son. Amen.

The Pledge of Allegiance to the flag was recited.

JOURNAL OF THE HOUSE

Second Regular Session, 93rd GENERAL ASSEMBLY

FORTIETH DAY, MONDAY, MARCH 13, 2006

The House met pursuant to adjournment.

Speaker Jetton in the Chair.

Prayer by Reverend James Earl Jackson.

Who can fathom the mysteries of God? Who can probe the limits of the Almighty? Your ways are unsearchable. Your thoughts higher than our thoughts.

In Your hand is the life of every living thing, and the breath of all mankind. To You belong wisdom and power; counsel and understanding.

May we not plan a course without Your wisdom: A hope which comes to nothing, whose confidence is fragile, whose trust is as a spider's web and whose house is without foundation; it will not stand.

We pray that You flood our hearts with light so that we can understand the wonderful plans You have for this state and that we may realize what a full and splendid inheritance You have in store for us as we follow that established plan.

Now may the Lord of Peace Himself give us peace always in every way. The Lord be with us all.

For it's in the name of Your Son we pray. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Kourtney Lincicome, Taylor Hein and Dakota Wilbourn.

The Journal of the thirty-eighth day was approved as printed.

The Journal of the thirty-ninth day was approved as printed.

HOUSE CONCURRENT RESOLUTION NO. 25

WHEREAS, the current Federal Defense Budget does not include an allocation for the United States Air Force C-17 Globemaster III military transport plane program at Boeing St. Louis; and

WHEREAS, in 2002, Boeing dedicated a new St. Louis C-17 manufacturing facility which allowed Boeing to consolidate its major St. Louis C-17 assembly work into one facility; and

WHEREAS, today, twenty percent of all C-17 planes are manufactured at Boeing St. Louis; and

WHEREAS, the Boeing St. Louis team, the largest supplier for the C-17, produces the airlifter's cargo ramp and door, cockpit, including the flight deck, main landing gear pods and pylons. In addition, 10,000 detail parts for the C-17 are fabricated at Boeing's strategic partner, GKN Aerospace Services - St. Louis, to deliver to Long Beach, California, and Macon, Georgia; and

WHEREAS, the new facility at Boeing St. Louis was part of a \$140 million multistage plan designed to transform the Boeing St. Louis site into one of the most competitive operations in the aerospace industry; and

WHEREAS, if federal funding for this program is not included in the Federal Defense Budget, 950 jobs at Boeing St. Louis and 565 jobs at GKN Aerospace Services - St. Louis would be lost; and

WHEREAS, Boeing St. Louis is second only to Long Beach, California in the manufacturer of the C-17 Globemaster III military transport plane and has 57 suppliers across the State of Missouri; and

WHEREAS, the loss of almost 1500 skilled aerospace jobs, occurring at the same time that the Hazelwood Ford Plant is scheduled for closure, would have a significant negative impact on the economy of St. Louis and the State of Missouri, as well as the employment and financial stability of almost 1500 employees in this state:

JOURNAL OF THE HOUSE

Second Regular Session, 93rd GENERAL ASSEMBLY

FORTY-FIRST DAY, TUESDAY, MARCH 14, 2006

The House met pursuant to adjournment.

Speaker Jetton in the Chair.

Prayer by Father Donald W. Lammers.

Let us pray, with a verse from the Psalms:

“Guide me in Your truth and teach me,
For You are God my Savior,
And for You I wait all the day.”
(Psalm 25:5)

Almighty God, many topics compete for our attention. Often the pros and cons of one issue compete for our support. Holy God, guide us to see what is right, what corresponds to reality, what is the truth. And give us the courage to stand by the truth.

When several truths compete for our attention, give us the vision to see which is of greater importance in Your view. When several truths deserve consideration at once, give us the wisdom to place them in the order of priority that You would choose.

We pray to You, our God forever and ever. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Laura Roettering, Kriston Parsens, Elliott LaChance, Alyssa Surgener, Jake Schreiter, Sydney Grimm, Brandy Ira, Tramon Addison, Quanisha Dillingham, Harry Schulte, Wesley Hjelm, Peter Harris, Anna Marie Case, Emily Ray, Ryan Kaufmann, Alexis Coonrod, Zandria Johnson and Catrina Hickerson.

HOUSE CONCURRENT RESOLUTION NO. 23

WHEREAS, the federal No Child Left Behind (NCLB) Act requires states to assess all students in their state's assessment program; and

WHEREAS, the Act provides for a limited number of students with disabilities to be assessed with an alternate assessment, but only 1% of a school district's tested population may be counted as proficient or above using the alternate assessment; and

WHEREAS, this limitation results in some special needs students being included in the regular state assessment system when, in fact, their cognitive disabilities are such that they should not be assessed with their age or grade-level peers; and

WHEREAS, a more appropriate assessment for them might be a test that was developed for use in some grade-level below the grade in which they are classified, but the United States Department of Education regulations governing the implementation of the NCLB Act prohibit this "out of grade-level" testing; and

WHEREAS, the United States Department of Education has recently allowed for the inclusion of an additional 2% of students with disabilities to be assessed with a modified grade-level assessment, but this additional flexibility still prohibits "out of grade-level" testing; and

WHEREAS, the Individuals with Disabilities Education Improvement Act (IDEA), which predates the NCLB Act, contains requirements for assessment that must be included in the student's individualized educational program (IEP), which may not meet the requirements of the NCLB Act for assessment and thus may place the IEP team at odds with the overall NCLB assessment process and may create confusion for parents; and

WHEREAS, certain accommodations written into an IEP, such as reading out loud or paraphrasing, are currently not acceptable for certain assessments under NCLB procedures, thus making the student's performance on the assessment not count for NCLB purposes and denying the student an accommodation that the IEP team has documented as necessary to the child's best chances for a proficient performance; and

WHEREAS, Secretary Margaret Spellings has shown an admirable flexibility in permitting experimentation

with alternative approaches to the NCLB Act while keeping the focus on accountability:

NOW, THEREFORE, BE IT RESOLVED by the members of the House of Representatives of the Ninety-third General Assembly, Second Regular Session, the Senate concurring therein, that the interests of the special needs students of the state would best be served by reviewing the assessment provisions of IDEA and the NCLB Act together to eliminate contradictory objectives, so that accommodations that are appropriate to a student with an IEP do not invalidate the student's assessment results for the purposes of No Child Left Behind assessments; and

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to prepare properly inscribed copies of this resolution for Margaret Spellings, Secretary of the United States Department of Education and each member of the Missouri Congressional delegation.

JOURNAL OF THE HOUSE

Second Regular Session, 93rd GENERAL ASSEMBLY

FORTY-SECOND DAY, WEDNESDAY, MARCH 15, 2006

The House met pursuant to adjournment.

Speaker Jetton in the Chair.

Prayer by Reverend Mark Christian, United Pentecostal Church International.

Righteous Everlasting God we thank You for this day. I thank You for the work of this incredibly important legislative assembly.

Your servant, David of old, reminded us of the value of walking in the counsel of the godly and not standing in the way of those separated from You. He also told us that we should situate our lives by the rivers of water. Thank You for this day and the blessing and favor that with Your help and strength will be brought to each member of this distinguished House.

In Jesus name we ask these things. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Jena Thompson, Tyler Way, Melissa Kaye Walker, Garrett Buschjost, Jaycie Lane Balkenbush, Colleen Weigel, Matthew Weigel, Kelsi Bernskoetter, Hannah Owen, John D. Owen, and Brandon Harvey.

The Journal of the forty-first day was approved as printed.

JOURNAL OF THE HOUSE

Second Regular Session, 93rd GENERAL ASSEMBLY

FORTY-THIRD DAY, THURSDAY, MARCH 16, 2006

The House met pursuant to adjournment.

Speaker Jetton in the Chair.

Prayer by Father Donald W. Lammers.

Let us pray.

Almighty God, we thank You for Your grace that has helped these women and men to accomplish all they have done this week. Give increase to all that is good; make clear to this body all that needs correction or improvement.

Holy God, You are always near, always available to us. Bless us with all that we need to complete the work of today in a way that honors You.

(As you enter Spring Break and return to your homes later today, may this Irish Blessing go with you.)

May the road rise up to meet you.
May the wind be always at your back.
May the sun shine warm upon your face;
The rains fall soft upon your fields
And, until we meet again,
May God hold you in the palm of His hand.

A Gaelic Blessing

The Pledge of Allegiance to the flag was recited.

SENATE CONCURRENT RESOLUTION NO. 27

WHEREAS, the Lewis and Clark Expedition is about President Thomas Jefferson's dream, the planning and preparation required for an early 19th-century military expedition, and then finally about the journey itself; and

WHEREAS, the Mississippi River portion of the expedition was the proving ground for handling the keelboat and pirogues upstream on the way to St. Louis, Missouri, Wood River, Illinois, and St. Charles, Missouri in preparation for their assault on the Missouri River; and

WHEREAS, members of the Lewis and Clark Expedition comprising the Corps of Discovery, became residents of the Upper Louisiana Territory and its successor the Missouri Territory after their return. Both Meriwether Lewis and

William Clark served as Governors of the Upper Louisiana Territory while other members of the expedition resided in the territory; and

WHEREAS, members of the Missouri Delegation would support members of the Kentucky Delegation, the primary sponsor of legislation before Congress, which would have amended the National Trails System Act by extending the Lewis and Clark National Historic Trail to include additional sites associated with the preparation or the return phase of the expedition; and

WHEREAS, members of the Kentucky Delegation will introduce legislation calling for a feasibility study on extending the Lewis and Clark National Historic Trail to the east; and

WHEREAS, the Lewis and Clark Trail Heritage Foundation supports recognition of a continuous trail across the country on the National Park Service's official trail map and the right to post the official trail signs - Two Captains Pointing the Way - which are posted throughout the West; and

WHEREAS, the extension of the Lewis and Clark National Historic Trail from coast to coast would complete the story and expose a broader base of Americans to the educational and cultural aspects of the expedition; and

WHEREAS, the Lewis and Clark Trail Heritage Foundation believes that the status quo does not adequately recognize Monticello, the home of Thomas Jefferson where he dreamed his vision for America, Washington D.C., where he shared his dream with Meriwether Lewis, or a variety of other significant places throughout the Eastern Legacy states; and

WHEREAS, the Lewis and Clark Trail Heritage Foundation partners with the National Park Service, the Bureau of Land Management and the Forest Service in caring for the Lewis and Clark National Historic Trail and also supports scholarship, educational efforts, and research on the expedition:

NOW THEREFORE BE IT RESOLVED that the members of the Missouri Senate, Ninety-Third General Assembly, Second Regular Session, the House of Representatives concurring therein, hereby support and urge the Missouri Congressional Delegation to support legislation calling for federal approval of extension of the Lewis and Clark National Historic Trail; and

Mr. Speaker: I am instructed by the Senate to inform the House of Representatives that the Senate has taken up and adopted **SCR 30**.

SENATE CONCURRENT RESOLUTION NO. 30

WHEREAS, the Lake of the Ozarks is one of the most popular lakes in the Midwest, largely because of the many opportunities for public access; and

WHEREAS, in addition to the public access points, individuals and businesses have been able to obtain dock permits, allowing the lake to be enjoyed by residents and visitors alike; and

WHEREAS, AmerenUE is responsible for shoreline management at the Lake of the Ozarks, as specified in Article 41 of its license from the Federal Energy Regulatory Commission to operate the Osage Power Plant; and

WHEREAS, on August 19, 2005, AmerenUE filed a shoreline management plan with the Federal Energy Regulatory Commission, a portion of which establishes impact minimization zones (IMZs) that classify and restrict certain areas of the shoreline for future development; and

WHEREAS, the goal of the shoreline management plan to balance the recreational, environmental, and economic aspects of the lake is an honorable goal; and

WHEREAS, the impact minimization zones as proposed in the current plan will have a detrimental effect on the economy of the lake area, leading to reduced recreational opportunities for lake residents and visitors; and

WHEREAS, restrictions on dock permits could lower the value of lakefront property, decrease traffic at local businesses that rely on the lake for their livelihood, and result in an overall negative impact on the local and state economy:

NOW THEREFORE BE IT RESOLVED that the members of the Missouri Senate, Ninety-Third General Assembly, Second Regular Session, the House of Representatives concurring therein, hereby support the formation of a broad-based impact minimization zone task force comprised of state, county, and municipal officials; state and federal resource agencies; chambers of commerce; and members of the development, recreation, and residential communities to work on a more balanced plan that incorporates the recreational, environmental, and aesthetic values of the Lake of the Ozarks and review dock policies as they relate to impact minimization zone plans; and

BE IT FURTHER RESOLVED that the members of the Missouri Senate, Ninety-Third General Assembly, Second Regular Session, the House of Representatives concurring therein, urge the Federal Energy Regulatory Commission to delay authorization of the plan in those portions dealing with impact minimization zones until the new impact minimization zone task force can issue a revised plan that will provide a more balanced plan for the use of the Lake of the Ozarks; and

BE IT FURTHER RESOLVED that the Secretary of the Missouri Senate be instructed to prepare properly inscribed copies of this resolution for the president and board of directors of AmerenUE, the Federal Energy Regulatory Commission, and the members of the Missouri Congressional delegation.

In which the concurrence of the House is respectfully requested.

JOURNAL OF THE HOUSE

Second Regular Session, 93rd GENERAL ASSEMBLY

FORTY-FOURTH DAY, MONDAY, MARCH 27, 2006

The House met pursuant to adjournment.

Speaker Pro Tem Bearden in the Chair.

Prayer by Reverend James Earl Jackson.

Heavenly Father, Your mercy and loving-kindness are great and high as the heavens! Your truth and faithfulness reach to the skies! Our God, may You be honored above the heavens; may Your glory be seen everywhere on earth.

As we return from our extended stay at home, enjoying time with family, friends and constituents, we ask You to instruct us in the best way to accomplish the primary necessities of this day and this week.

The works of Your hands are [absolute] truth and justice [faithful and right]; and all Your decrees and precepts are fixed and trustworthy. This is the example we endeavor to follow as we continue the work of this legislature and the business of this state.

Though we accomplish much and accolades are heaped upon us, we will always remember to give praise to You, Lord God, and give thanks for all the good You have done on our behalf throughout this session. All glory and honor belong to You.

For it's in the name of Your Son we pray. Amen.

The Pledge of Allegiance to the flag was recited.

The Journal of the forty-third day was approved as printed.

JOURNAL OF THE HOUSE

Second Regular Session, 93rd GENERAL ASSEMBLY

FORTY-FIFTH DAY, TUESDAY, MARCH 28, 2006

The House met pursuant to adjournment.

Speaker Pro Tem Bearden in the Chair.

Prayer by Father Donald W. Lammers.

Let us pray.

O Lord, You have probed me and You know me;
You know when I sit and when I stand;
You understand my thoughts from afar.
My journeys and my rest You scrutinize,
With all my ways You are familiar,
Even before a word is on my tongue,
Behold, O Lord, You know the whole of it.
(*Psalm 139:1-4*)

Holy God, we thank You for these words of Psalm 139, which tell us how personally You know us and care about us. They remind us as well that we are responsible to You as we think through and speak of the issues before us today. By Your grace and Your gift of wisdom, empower us to be simultaneously loyal to those we serve and faithful to You, who are our God forever and ever. Amen.

The Pledge of Allegiance to the flag was recited.

2. No compensation shall be paid unless the division of workers' compensation finds that a crime was committed, that such crime directly resulted in personal physical injury to, or the death of, the victim, and that police records show that such crime was promptly reported to the proper authorities. In no case may compensation be paid if the police records show that such report was made more than [forty-eight] **seventy-two** hours after the occurrence of such crime, unless the division of workers' compensation finds that the report to the police was delayed for good cause. If the victim is under eighteen years of age such report may be made by the victim's parent, guardian or custodian; by a physician, a nurse, or hospital emergency room personnel; by the division of family services personnel; or by any other member of the victim's family. **In the case of a sexual offense or crime, filing a report of the offense or crime to the proper authorities shall include, but not be limited to, the filing of the report of the forensic examination by the appropriate medical provider, as defined in section 191.225, RSMo, with the prosecuting attorney of the county in which the alleged incident occurred.**

3. No compensation shall be paid for medical care if the service provider is not a medical provider as that term is defined in section 595.027, and the individual providing the medical care is not licensed by the state of Missouri or the state in which the medical care is provided.

(3) Clinical social worker licensed pursuant to chapter 337, RSMo; or

(4) Professional counselor licensed pursuant to chapter 337, RSMo.

5. Any compensation paid pursuant to sections 595.010 to 595.075 for death or personal injury shall be in an amount not exceeding out-of-pocket loss, together with loss of earnings or support from gainful employment, not to exceed two hundred dollars per week, resulting from such injury or death. In the event of death of the victim, an award may be made for reasonable and necessary expenses actually incurred for preparation and burial not to exceed five thousand dollars.

Any compensation for loss of earnings or support from gainful employment shall be in an amount equal to the actual loss sustained not to exceed two hundred dollars per week; provided, however, that no award pursuant to sections 595.010 to 595.075 shall exceed twenty-five thousand dollars. If two or more persons are entitled to compensation as a result of the death of a person which is the direct result of a crime or in the case of a sexual assault, the compensation shall be apportioned by the division of workers' compensation among the claimants in proportion to their loss.

7. The method and timing of the payment of any compensation pursuant to sections 595.010 to 595.075 shall be determined by the division.”; and

Steve Davis, Chief Clerk
MO House of Representatives
State Capitol Building
Room 306C
Jefferson City, MO 65101

Re: Withdrawal of **House Bill No. 1965**

Dear Steve:

I am requesting, upon advice from a certified public accountant, that the above referenced bill allowing Missouri taxpayers to receive a tax deduction for contributions to health savings accounts without itemizing their deductions be withdrawn. This bill would not accomplish the deductions that were set forth.

No legislation is needed at this time for a standard deduction for a health savings account. Please withdraw this bill at your earliest convenience.

Best regards,

/s/ David Sater
68th District

ADJOURNMENT

JOURNAL OF THE HOUSE

Second Regular Session, 93rd GENERAL ASSEMBLY

FORTY-SIXTH DAY, WEDNESDAY, MARCH 29, 2006

The House met pursuant to adjournment.

Speaker Jetton in the Chair.

Prayer by Reverend James Earl Jackson.

Our heart rejoices in You O Lord! Oh, how You have blessed us! Now we have answers as we delight in Your deliverance.

As we awaken to each day, great possibilities are displayed before us: possible solutions to yesterday's problems, a wise assessment of bills before us, clarity where there was confusion, and a declining of strife and dishonor. So we do not dread what the future holds, nor are we self-confident, but each day our trust is in You.

As we passionately pursue the day's agenda, may we take to heart Your Words of wisdom, "A brother offended is harder to be won over than a strong city, and [their] contentions separate them like the bars of a castle." May the expressions of our mouths and the thoughts of our hearts find favor before You, O Lord, our rock and our protector.

Now may the Lord of Peace Himself give us peace always in every way. The Lord be with us all.

For it's in the name of Your Son we pray. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Nate Greenbaum, Lydia Orso, Susie Vitrey, Hannah Reichert, Joey Cali, Leah Gerard, Nicholas Newcomer, Drew Henrichs, Jack Henricks, Corey Bryan and Kent Meyer.

The Journal of the forty-fifth day was approved as printed.

The tax authorized in this section shall not exceed one-half of one percent, and shall be imposed solely for the purpose of funding the operation, construction, or renovation of historical locations and museums to promote tourism. The tax authorized in this section shall be in addition to all other sales taxes imposed by law, and shall be stated separately from all other charges and taxes. The order or ordinance shall not become effective unless the governing body of the city submits to the voters residing within the city at a state general, primary, or special election a proposal to authorize the governing body of the city to impose a tax under this section.

3. The ballot of submission for the tax authorized in this section shall be in substantially the following form:

Shall (insert the name of the city) impose a sales tax at a rate of (insert rate of percent) percent, solely for the purpose of funding the operation, construction, or renovation of historical locations and museums to promote tourism?

☐ YES

☐ NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the question, then the tax shall become effective on the first day of the second calendar quarter immediately following notification to the department of revenue. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the question, then the tax shall not become effective unless and until the question is resubmitted under this section to the qualified voters and such question is approved by a majority of the qualified voters voting on the question.

4. All revenue collected under this section by the director of the department of revenue on behalf of any city, except for one percent for the cost of collection which shall be deposited in the state's general revenue fund, shall be deposited in a special trust fund, which is hereby created and shall be known as the "Local Option Museum Sales Tax Trust Fund", and shall be used solely for the designated purposes. Moneys in the fund shall not be deemed to be state funds, and shall not be commingled with any funds of the state. The director may make refunds from the amounts in the trust fund and credited to the city for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of such city. Any funds in the trust fund which are not needed for current expenditures shall be invested in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund. Not later than the tenth day of each month, the director shall distribute all moneys deposited in the trust fund during the preceding month to the city that levied the sales tax.

5. On or after the effective date of the tax, the director of revenue shall be responsible for the administration, collection, enforcement, and operation of the tax, and sections 32.085 and 32.087, RSMo, shall apply. In order to permit sellers required to collect and report the sales tax to collect the amount required to be reported and remitted, but not to change the requirements of reporting or remitting the tax, or to serve as a levy of the tax, and in order to avoid fractions of pennies, the governing body of the city may authorize the use of a bracket system similar to that authorized in section 144.285, RSMo, and notwithstanding the provisions of that section, this new bracket system shall be used where this tax is imposed and shall apply to all taxable transactions. Beginning with the effective date of the tax, every retailer in the city shall add the sales tax to the sale price, and this tax shall be a debt of the purchaser to the retailer until paid, and shall be recoverable at law in the same manner as the purchase price. For purposes of this section, all retail sales shall be deemed to be consummated at the place of business of the retailer.

6. All applicable provisions in sections 144.010 to 144.525, RSMo, governing the state sales tax, and section 32.057, RSMo, the uniform confidentiality provision, shall apply to the collection of the tax, and all exemptions granted to agencies of government, organizations, and persons under sections 144.010 to 144.525, RSMo, are hereby made applicable to the imposition and collection of the tax. The same sales tax permit, exemption certificate, and retail certificate required by sections 144.010 to 144.525, RSMo, for the administration and collection of the state sales tax shall satisfy the requirements of this section, and no additional permit or exemption certificate or retail certificate shall be required; except that, the director of revenue may prescribe a form of exemption certificate for an exemption from the tax. All discounts allowed the retailer under the state sales tax for the collection of and for payment of taxes are hereby allowed and made applicable to the tax. The penalties for violations provided in section 32.057, RSMo, and sections 144.010 to 144.525, RSMo, are hereby made applicable to violations of this section. If any person is delinquent in the payment of the amount required to be paid under this section, or in the event a determination has been made against the person for the tax and penalty under this section, the limitation for bringing suit for the collection of the delinquent tax and penalties shall be the same as that provided in sections 144.010 to 144.525, RSMo.

7. The governing body of any city that has adopted the sales tax authorized in this section may submit the question of repeal of the tax to the voters on any date available for elections for the city. The ballot of submission shall be in substantially the following form:

Shall (insert the name of the city) repeal the sales tax imposed at a rate of (insert rate of percent) percent for the purpose of funding the operation, construction, or renovation of historical locations and museums to promote tourism?

☐ YES

☐ NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of repeal, that repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the repeal, then the sales tax authorized in this section shall remain effective until the question is resubmitted under this section to the qualified voters and the repeal is approved by a majority of the qualified voters voting on the question.

8. Whenever the governing body of any city that has adopted the sales tax authorized in this section receives a petition, signed by a number of registered voters of the city equal to at least two percent of the number of registered voters of the city voting in the last gubernatorial election, calling for an election to repeal the sales tax imposed under this section, the governing body shall submit to the voters of the city a proposal to repeal the tax. If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the repeal, the repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the repeal, then the sales tax authorized in this section shall remain effective until the question is resubmitted under this section to the qualified voters and the repeal is approved by a majority of the qualified voters voting on the question.

9. If the tax is repealed or terminated by any means, all funds remaining in the trust fund shall continue to be used solely for the designated purposes, and the city shall notify the director of the department of revenue of the action at least thirty days before the effective date of the repeal and the director may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the tax in such city, the director shall remit the balance in the account to the city and close the account of that city. The director shall notify each city of each instance of any amount refunded or any check redeemed from receipts due the city."; and

99.1104. Each municipality or county may create a commission to be known as a "Missouri Economic Development Code Job Creation Commission"; provided, however:

(1) No such commission shall transact any business or exercise its powers under the Missouri economic development code until and unless the governing body of such municipality or county shall approve, by ordinance or order, the exercise of the powers, functions, and duties of a commission under the Missouri economic development code, as provided in section 99.1120;

(2) No governing body of a municipality or county shall adopt an ordinance under subdivision (1) of this section unless it finds:

(b) That the development of such a development area would be in the interest of the public health, safety, morals, or welfare of the residents of such municipality or county; and

(c) That it is anticipated that such a development area can be improved through a series of one or more development projects.

99.1106. Each commission created under section 99.1104 shall be governed by a board of commissioners with one commissioner appointed by each taxing jurisdiction. The number of commissioners serving on the board of each commission shall be determined by the number of taxing districts located wholly or partially within the

All commissioners appointed under this subsection shall be appointed by each taxing district located wholly or partially within the development project area for a term of two years. Commissioners representing a county shall be appointed by the county governing body, except in charter counties where the commissioners shall be appointed by the county executive with approval of the governing body. Successor commissioners and all vacancies shall be filled in the same manner.

99.1108. 1. The powers of the commission created under section 99.1104 shall be exercised by its board of commissioners. A majority of the commissioners shall constitute a quorum of such board for the purpose of conducting business and exercising the powers of the commission and for all other purposes. Action may be taken by the board upon a vote of a majority of the commissioners present in person or by teleconference, unless in any case the bylaws of the commission shall require a larger number. Meetings of the board of the commission shall be held in compliance with the provisions of chapter 610, RSMo.

2. The commissioners shall annually elect a chair and vice chair from among the commissioners. The commission may employ an executive director, technical experts, and such other officers, agents, and employees, permanent and temporary, as it may require and shall determine their qualifications, duties, and compensation. For such legal services as it may require, a commission may call upon the chief law officer of the municipality or county or may employ its own counsel and legal staff.

3. A commissioner shall receive no compensation for his or her services, but may receive the necessary expenses, including traveling expenses, incurred in the discharge of his or her duties. Each commissioner shall hold office until a successor has been appointed.

4. For inefficiency or neglect of duty or misconduct in office, a commissioner may be removed by a majority vote of the commission.

99.1110. 1. In any suit, action, or proceeding involving the validity or enforcement of or relating to any contract of a commission entered into under the Missouri economic development code, such commission shall be conclusively deemed to have become established and authorized to transact business and exercise its powers under the Missouri economic development code upon proof of the adoption of the appropriate ordinance or order prescribed in section 99.1104. Each such ordinance or order shall be deemed sufficient if it authorizes the exercise of powers under the Missouri economic development code by the commission and sets forth the findings of the municipality or county as required in subdivision (2) of section 99.1104.

2. A copy of such ordinance or order duly certified by the clerk of the municipality or county shall be admissible in evidence in any suit, action, or proceeding.

3. No lawsuit to set aside the creation of a commission, the approval of a development plan, development project, development area or development project area, or to otherwise question the validity of the proceedings related thereto, shall be brought after the expiration of ninety days from the effective date of the ordinance, order, or resolution in question.

99.1112. 1. The commission created under section 99.1104 shall constitute a public body corporate and politic, exercising public and essential governmental functions.

2. A municipality or county or a commission created under section 99.1104 shall have all the powers necessary or convenient to carry out and effectuate the purposes and provisions of the Missouri economic development code, including the following powers in addition to others granted under the Missouri economic development code:

(1) To prepare or cause to be prepared and approved development plans and development projects to be considered at public hearings in accordance with the Missouri economic development code and to undertake and carry out development plans and development projects which have been adopted by ordinance, order or act of the commission;

(2) To arrange or contract for the furnishing or repair, by any person or agency, public or private, of services, privileges, streets, roads, utilities, or other facilities for or in connection with any development project;

(3) Within a development area, to acquire by purchase, lease, gift, grant, bequest, devise, obtain options upon, or otherwise acquire any real or personal property or any interest therein, necessary or incidental to a

development project, all in the manner and at such price as the municipality, county or commission determines is reasonably necessary to achieve the objectives of a development plan;

(4) Within a development area, subject to provisions of section 99.1114 with regard to the disposition of real property, to sell, lease, exchange, transfer, assign, subdivide, retain for its own use, mortgage, pledge, hypothecate, or otherwise encumber or dispose of any real or personal property or any interest therein, all in the manner and at such price and subject to any covenants, restrictions, and conditions as the municipality, county or commission determines is reasonably necessary to achieve the objectives of a development plan; to make any such covenants, restrictions, or conditions as covenants running with the land, and to provide appropriate remedies for any breach of any such covenants, restrictions, or conditions, including the right of the municipality, county or commission to terminate such contracts and any interest in the property created thereto;

(5) Within a development area, to clear any area by demolition or removal of existing buildings and structures;

(6) To install, repair, construct, reconstruct, or relocate streets, utilities, and site improvements as necessary or desirable for the preparation of a development area for use in accordance with a development plan;

(7) Within a development area, to fix, charge, and collect fees, rents, and other charges for the use of any real or personal property, or any portion thereof, in which the municipality, county or commission has any interest;

(8) To accept grants, guarantees, and donations of property, labor, or other things of value from any public or private source for purposes of implementing a development plan;

(9) In accordance with section 99.1114, to select one or more developers to implement a development plan, or one or more development projects, or any portion thereof;

(10) To charge as a development project cost the reasonable costs incurred by the municipality, county, or commission in evaluating, administering, or implementing the development plan or any development project;

(11) To borrow money and issue obligations in accordance with the Missouri economic development code and provide security for any such loans or obligations;

(12) To insure or provide for the insurance of any real or personal property or operations of the municipality, county, or commission against any risks or hazards, including the power to pay premiums on any such insurance; and to enter into any contracts necessary to effectuate the purposes of the Missouri economic development code;

(13) Within a development area, to renovate, rehabilitate, own, operate, construct, repair, or improve any public improvements, buildings, parking garages, fixtures, structures, and other public facilities;

(14) To invest any funds held in reserves or sinking funds, or any funds not required for immediate disbursement, in property or securities in which savings banks may legally invest funds subject to their control; to redeem obligations at the redemption price established therein or to purchase obligations at less than redemption price, all obligations so redeemed or purchased to be canceled;

(15) To borrow money and to apply for and accept advances, loans, grants, contributions, and any other form of financial assistance from the federal government, the state, county, municipality, or other public body or from any sources, public or private, for the purposes of implementing a development plan, to give such security as may be required and to enter into and carry out contracts in connection therewith. A municipality, county, or commission, notwithstanding the provisions of any other law, may include in any contract for financial assistance with the federal government for a project such conditions imposed under federal law as the municipality, county, or commission may deem reasonable and appropriate and which are not inconsistent with the purposes of the Missouri economic development code;

(16) To incur development project costs and make such expenditures as may be necessary to carry out the purposes of the Missouri economic development code and to make expenditures from funds obtained from the federal government without regard to any other laws pertaining to the making and approval of appropriations and expenditures;

(17) To loan the proceeds of obligations issued under the Missouri economic development code for the purpose of providing for the purchase, construction, extension, or improvement of public infrastructure related to a development project by a developer under a development contract approved by the municipality, county, or commission in accordance with subdivision (2) of section 99.1114;

(18) To declare any funds, or any portion thereof, in the special allocation fund to be excess funds, so long as such excess funds have not been pledged to the payment of outstanding obligations or outstanding development project costs, and are not necessary for the payment of development project costs incurred or anticipated to be incurred. Any such funds deemed to be excess shall be disbursed in the manner of surplus funds as provided in section 99.1128;

(19) To pledge or otherwise expend funds deposited to the special allocation fund, or any portion thereof, for the payment or reimbursement of development project costs incurred by the commission, the municipality, the county, a developer selected by the municipality, county or commission, or any other entity with the consent of the municipality, county or commission; to pledge or otherwise expend funds deposited to the special allocation fund, or any portion thereof, or to mortgage or otherwise encumber its property, or any portion thereof, for the payment of obligations issued to finance development project costs; provided, however, any such pledge or expenditure of economic activity taxes shall be subject to annual appropriation by the municipality or county; and

(20) To exercise all powers or parts or combinations of powers necessary, convenient, or appropriate to undertake and carry out development plans and any development projects and all the powers granted under the Missouri economic development code.

3. If any member of the governing body of the municipality or county, commissioner, or employee or consultant of the municipality, county or commission, involved in the planning and preparation of a development project, owns or controls an interest, direct or indirect, in any property included in a development project area, the individual shall disclose the same in writing to the clerk of the municipality or county, and shall also so disclose the dates, terms, and conditions of any disposition of any such interest which disclosures shall be acknowledged by the governing body of the municipality or county and entered upon the minutes books of the governing body of the municipality or county. If an individual holds such an interest, then that individual shall refrain from any further official involvement in regard to a development project and from voting on any matter pertaining to such development project or communicating with other commissioners or the municipality or county concerning any matter pertaining to such development project. Furthermore, subject to the succeeding sentence, no such member, commissioner, employee, or consultant shall acquire any interest, direct or indirect, in any property in a development project area or proposed development project area, after either such individual obtains knowledge of a development project, or first public notice of such development project, or development project area under subsection 2 of section 99.1122, whichever first occurs. At any time after one year from the adoption of an ordinance designating a development project area, any such member, commissioner, employee or consultant may acquire an interest in real estate located in a development project area so long as any such person discloses such acquisition and refrains from voting on any matter related to the development project area in which the property acquired by such person is located.

4. A commission created under section 99.1104 shall have the following powers in addition to others granted under the Missouri economic development code:

(1) To sue and to be sued; to have a seal and to alter the same at the commission's pleasure; to have perpetual succession; to make and execute contracts and other instruments necessary or convenient to the exercise of the powers of the commission; and to make and from time to time amend and repeal bylaws, rules, and regulations, not inconsistent with the Missouri economic development code, to carry out the provisions of the Missouri economic development code;

(2) To delegate to a municipality, county or other public body any of the powers or functions of the commission with respect to the planning or undertaking of a development project, and any such municipality, county, or public body is hereby authorized to carry out or perform such powers or functions for the commission;

(3) To receive and exercise powers delegated by any authority, agency, or agent of a municipality or county created under this chapter or chapter 353, RSMo, excluding powers of eminent domain.

99.1114. Real property which is acquired by a municipality, county or commission in a development project area shall be disposed of as follows:

(1) Within a development project area, the municipality, county, or commission may sell, lease, exchange, or otherwise transfer real property, including land, improvements, and fixtures, or any interest therein, to any developer selected for a development project, or any portion thereof, in accordance with the development plan, subject to such covenants, conditions, and restrictions as may be deemed to be in the public interest or to carry out the purposes of the Missouri economic development code. Such real property shall be sold, leased, or transferred at its fair market value for uses in accordance with the development plan; provided that such fair market value may be less than the cost of such property to the municipality, county, or commission. In determining the fair market value of real property for uses in accordance with a development plan, the municipality, county or commission shall take into account and give consideration to the uses and purposes required by the development plan; the restrictions upon, and the covenants, conditions, and obligations assumed by the developer of such property; the objectives of the development plan; and such other matters as the

municipality, county or commission shall specify as being appropriate. In fixing rental and sale prices, a municipality, county, or commission shall give consideration to appraisals of the property for such uses made by experts employed by the municipality, county, or commission;

(2) The municipality, county, or commission shall, by public notice published in a newspaper having a general circulation in a development area, prior to selecting one or more developers for any development project, or any portion thereof, invite proposals from, and make available all pertinent information to, private developers or any persons interested in undertaking the development of such development project, or any portion thereof. Such notice shall be published at least once each week during the two weeks preceding the selection of a developer, shall identify the area of the development project or development projects, or any portion thereof, for which one or more developers are to be selected, and shall state that such further information as it is available may be obtained at the office of the municipality, county, or commission. The municipality, county, or commission shall consider all proposals and the financial and legal ability of the prospective developers to carry out their proposals. The municipality, county, or commission may negotiate and enter into one or more contracts with any developer selected for the development of any such area for the development of such area by such developer in accordance with a development plan or for the sale or lease of any real property to any such developer in any such area for the purpose of developing such property in accordance with the development plan. The municipality, county, or commission may enter into any such contract as it deems to be in the public interest and in furtherance of the purposes of the Missouri economic development code; provided that the municipality, county, or commission has, not less than ten days prior thereto, notified the governing body in writing of its intention to enter into such contract. Thereafter, the municipality, county, or commission may execute such contract in accordance with the provisions of this section and deliver deeds, leases, and other instruments and take all steps necessary to effectuate such contract. In its discretion, the municipality, county, or commission may, in accordance with the provisions of this section, dispose of any real property in an area selected for a development project, or any portion thereof, to private developers for development under such reasonable competitive bidding procedures as it shall prescribe, subject to the provisions of this section;

(3) In carrying out a development project, the commission may:

(a) Convey to the municipality or county such real property as, in accordance with the development plan, is to be dedicated as public right-of-way for streets, sidewalks, alleys, or other public ways, this power being additional to and not limiting any and all other powers of conveyance of property to municipalities expressed, generally or otherwise, in the Missouri economic development code;

(b) Grant servitudes, easements, and rights-of-way for utilities, sewers, streets, and other similar facilities, in accordance with the development plan; and

(c) Convey to the municipality or county or other appropriate public body such real property as, in accordance with the development plan, is to be used for parks, schools, public buildings, facilities, or other public purposes;

(4) The municipality, county, or commission may operate and maintain real property in the development area pending the disposition or development of the property in accordance with a development plan, without regard to the provisions of subdivisions (1) and (2) of this section, for such uses and purposes as may be deemed desirable even though not in conformity with the development plan.

99.1116. 1. A development plan shall set forth in writing a general description of the program to be undertaken to accomplish the development projects and related objectives and shall include, but need not be limited to:

(1) The name, street and mailing address, and phone number of the mayor or chief executive officer of the municipality or county;

(2) The street address or other description of the location of the development site;

(3) The estimated development project costs;

(4) The anticipated sources of funds to pay such development project costs;

(5) Evidence of the commitments to finance such development project costs;

(6) The anticipated type and term of the sources of funds to pay such development project costs;

(7) The anticipated type and terms of the obligations to be issued;

(8) The most recent equalized assessed valuation of the property within the development project area;

(9) An estimate as to the equalized assessed valuation after the development project area is developed in accordance with a development plan;

(10) The general land uses to apply in the development area;

(11) A list of community and economic benefits that are expected to result from the project;

(12) A list of all development subsidies that any business benefiting from public expenditures in the development area has previously received for the project, and the name of any other granting body from which such subsidies are sought;

(13) A list of all other public investments made or to be made by this state or units of local government to support infrastructure or other needs generated by the project for which the funding under the Missouri economic development code is being sought;

(14) A certification by the chief officer of the applicant as to the accuracy of the development plan.

2. The development plan may be adopted by a municipality or county in reliance on findings that a reasonable person would believe:

(1) The development area has not been subject to growth and development through investment by private enterprise and would not reasonably be anticipated to be developed without the implementation of one or more development projects and the adoption of development financing;

(2) The estimated dates of the completion of such development project and retirement of obligations incurred to finance development project costs which shall not be more than twenty-five years from the adoption of the ordinance or order approving any development project, provided that no ordinance approving a development project shall be adopted later than ten years from the adoption of the ordinance approving the development plan;

(3) The development plan contains a cost-benefit analysis showing the economic impact of the development plan on the municipality, county, and school districts that are at least partially within the boundaries of the development area, and that such cost-benefit analysis complies with the requirements of this subdivision. The analysis shall show the impact on every affected political subdivision if the development projects are not built, and if the development projects are built under the development plan under consideration assuming the projects are completed in the manner described in the development plan; and

(4) The development plan shall not include the initial development or redevelopment of any gambling establishment.

99.1118. In the event a municipality or county desires to designate a development area located in whole or in part outside the incorporated boundaries of the municipality or county and within the boundaries of another municipality or county, such municipality or county shall first obtain the permission of the governing body of such other municipality or county.

99.1120. 1. Except as provided in subsection 4 of this section, a municipality or county which has created a commission under section 99.1104 may:

(1) Approve by ordinance or order the exercise by the commission of the powers, functions, and duties of the commission under the Missouri economic development code; and

(2) After adopting an ordinance or order in accordance with subdivision (1) of this subsection and after receipt of recommendations from the commission in accordance with subsection 3 of this section, by ordinance or order, designate development areas, adopt the development plans and development projects, designate a development project area for each development project adopted, and adopt development financing for each such development project area. No development plan shall be adopted until the development area is designated. No development project shall be adopted until the development plan is adopted and the development project area for each development project shall be designated at the time of adopting the development project.

2. A municipality or county may authorize a commission created under section 99.1104 to exercise all powers and perform all functions of a transportation development district under sections 238.200 to 238.275, RSMo, within a development area.

3. The municipality, county, or commission shall hold public hearings and provide notice under section 99.1122. Within ten days following the completion of any such public hearing, the commission shall vote on and shall make recommendation to the governing body of the municipality or county with regard to any development plan, development projects, designation of a development area or amendments thereto which were proposed at such public hearing.

4. The provisions of the Missouri economic development code shall not be used for any residential development project without the consent of the school boards of all school districts in which such residential development project is wholly or partially located, if all or part of the taxes that would be due to such school districts would be committed by the school district to finance such residential development project.

5. The powers of eminent domain shall not be used by any municipality, county, or commission to acquire any property for use in any project under the Missouri economic development code.

99.1122. 1. Prior to the adoption of the ordinance or order designating a development area, adopting a development plan, or approving a development project, the municipality, county, or commission shall fix a time and place for a public hearing and notify each taxing district located wholly or partially within the boundaries of the proposed development area or development project area affected. Such notice shall comply with the provisions of subsection 2 of this section. At the public hearing, any interested person or affected taxing district may file with the municipality, county or commission written objections to, or comments on, and may be heard orally in respect to, any issues regarding the plan or issues embodied in the notice. The municipality, county, or commission shall hear and consider all protests, objections, comments, and other evidence presented at the hearing. The hearing may be continued to another date without further notice other than a motion to be entered upon the minutes fixing the time and place of the subsequent hearing. Prior to the conclusion of the hearing, changes may be made in the development plan, development project, development area or development project area, provided that written notice of such changes is available at the public hearing. After the public hearing, but prior to the adoption of an ordinance or order designating a development area, adopting a development plan or approving a development project, changes may be made to any such proposed development plan, development project, development area, or development project area without a further hearing, if such changes do not enlarge the exterior boundaries of the development area or development project area, and do not substantially affect the general land uses established in a development plan or development project, provided that notice of such changes shall be given by mail to each affected taxing district and by publication in a newspaper of general circulation in the development area or development project area, as applicable, not less than ten days prior to the adoption of the changes by ordinance or order. After the adoption of an ordinance or order designating the development area adopting a development plan, approving a development project, or designating a development project area, no ordinance shall be adopted altering the exterior boundaries of the development area or a development project area or substantially affecting the general land uses established under the development plan or the general nature of a development project without holding a public hearing in accordance with this section. One public hearing may be held for the simultaneous consideration of a development area, development plan, development project, or development project area.

2. Notice of the public hearing required by this section shall be given by publication and mailing. Notice by publication shall be given by publication at least twice, the first publication to be not more than thirty days and the second publication to be not more than ten days prior to the hearing, in a newspaper of general circulation in the proposed development area or development project area, as applicable. Notice by mailing shall be given by depositing such notice in the United States mail by certified mail addressed to the person or persons in whose name the general taxes for the last preceding year were paid or were to have been paid on each lot, block, tract, or parcel of land lying within the proposed development area or development project area, as applicable. Such notice shall be mailed not less than ten working days prior to the date set for the public hearing. In the event taxes for the last preceding year were not paid, the notice shall also be sent to the persons last listed on the tax rolls within the preceding three years as the owners of such property.

3. The notices issued under this section shall include the following:

- (1) The time and place of the public hearing;
- (2) The general boundaries of the proposed development area or development project area, as applicable, by street location, where possible;
- (3) A statement that all interested persons shall be given an opportunity to be heard at the public hearing;
- (4) A description of the development plan and the proposed development projects and a location and time where the entire development plan or development projects proposed may be reviewed by any interested party;
- (5) A statement that development financing involving the dedication of tax revenues by one or more taxing districts is being sought for the project and an estimate of the amount of local development financing that will be requested, if applicable; and
- (6) Such other matters as the municipality, county, or commission may deem appropriate.

4. Not less than forty-five days prior to the date set for the public hearing, the municipality, county, or commission shall give notice by mail as provided in subsection 2 of this section to all taxing districts with jurisdiction over taxable property in the development area or development project area, as applicable, and in addition to the other requirements under subsection 3 of this section, the notice shall include an invitation to each taxing district to submit comments to the municipality, county or commission concerning the subject matter of the hearing prior to the date of the hearing.

99.1124. 1. For the purpose of financing development project costs, obligations may be issued by the municipality or county, or, at the request of the municipality or county, by the commission or any other political subdivision or public entity authorized to issue bonds to pay or reimburse development project costs. Such obligations, when so issued, shall be retired in the manner provided in the ordinance, order or resolution authorizing the issuance of such obligations.

2. Obligations issued under the Missouri economic development code may be issued in one or more series bearing interest at such rate or rates as the issuing entity shall determine by ordinance, order or resolution. Such obligations shall bear such date or dates, be in such denomination, carry such registration privileges, be executed in such manner, be payable in such medium of payment at such place or places, contain such covenants, terms, and conditions, and be subject to redemption as such ordinance, order or resolution shall provide. Obligations issued under the Missouri economic development code shall be sold at public or private sale at such price as shall be determined by the issuing entity and shall state that obligations issued under the Missouri economic development code are special obligations payable solely from the funds specifically pledged. No referendum approval of the electors shall be required as a condition to the issuance of obligations under the Missouri economic development code.

3. In the event the obligations contain a recital that they are issued under the Missouri economic development code, such recital shall be conclusive evidence of their validity and of the regularity of their issuance.

4. Neither the municipality, county, commission, or any other entity issuing such obligations, or the members, commissioners, directors, or the officers of any such entities nor any person executing any obligation shall be personally liable for such obligation by reason of the issuance thereof. The obligations issued under the Missouri economic development code shall not be a general obligation of the municipality, county, or any political subdivision thereof, nor in any event shall such obligation be payable out of any funds or properties other than those specifically pledged as security for such obligations. The obligations shall not constitute indebtedness within the meaning of any constitutional, statutory, or charter debt limitation or restriction.

5. Obligations issued under the Missouri economic development code may be issued to refund, in whole or in part, obligations theretofore issued by such entity under the authority of the Missouri economic development code, whether at or prior to maturity; provided, however, the last maturity of the refunding obligations shall not be expressed to mature later than the last maturity date of the obligations to be refunded.

6. In the event a municipality, county, or commission issues obligations under home rule powers or other legislative authority, the proceeds of which are pledged to pay for development project costs, the municipality, county, or commission may retire such obligations from funds in the special allocation fund in amounts and in such manner as if such obligations had been issued under the provisions of the Missouri economic development code.

99.1126. 1. A municipality or county, after designating a development area, adopting a development plan, and adopting any development project in conformance with the procedures of the Missouri economic development code, may adopt development financing for the development project area selected for any such development project by passing an ordinance or order. Upon the adoption of the first of any such ordinances, the municipality or county shall establish, or shall direct the commission to establish, a special allocation fund for the development area.

2. Immediately upon the adoption of a resolution, ordinance, or order adopting development financing for a development project area under subsection 1 of this section, the county assessor shall determine the total equalized assessed value of all taxable real property within such development project area by adding together the most recently ascertained equalized assessed value of each taxable lot, block, tract, or parcel of real property within such development project area as of the date of the adoption of such resolution, ordinance, or order and shall provide to the clerk of the municipality or county written certification of such amount as the total initial equalized assessed value of the taxable real property within such development project area.

3. For purposes of this section, "levies upon taxable real property in such development area by taxing districts" shall not include the blind pension fund tax levied under the authority of section 38(b), article III, of the Missouri Constitution, the merchants' and manufacturers' inventory replacement tax levied under the authority of subsection 2 of section 6, article X of the Missouri Constitution, the desegregation sales tax, or the conservation taxes. In each of the twenty-five calendar years following the adoption of an ordinance adopting development financing for a development project area under subsection 1 of this section unless and until development financing for such development project area is terminated by ordinance or order of the municipality or county, the ad valorem taxes arising from the levies upon taxable real property in such development project area by taxing districts may, by agreement as provided in this section, be divided as follows:

(1) That portion of taxes, penalties, and interest levied upon each taxable lot, block, tract, or parcel of real property in such development project area which is attributable to the initial equalized assessed value of each such taxable lot, block, tract, or parcel of real property in such development project area as certified by the county assessor in accordance with subsection 2 of this section shall be allocated to and, when collected, shall be paid by the collecting authority to the respective affected taxing districts in the manner required by law in the absence of the adoption of development financing;

(2) Taxes attributable to the increase in the current equalized assessed valuation of each taxable lot, block, tract, or parcel of real property in the development project area and any applicable penalty and interest over and above the initial equalized assessed value of each such taxable lot, block, tract, or parcel of real property in such development project area as certified by the county assessor in accordance with subsection 2 of this section may, by agreement as provided in this section, be allocated to and, when collected, shall be paid to the collecting officer of the municipality or county who shall deposit such payment in the special allocation fund. No part of the current equalized assessed valuation of each taxable lot, block, tract, or parcel of property in any such development project area attributable to any increase above the initial equalized assessed value of each such taxable lot, block, tract, or parcel of real property in such development project area as certified by the county assessor in accordance with subsection 2 of this section shall be used in calculating the general state school aid formula provided for in section 163.031, RSMo, until development financing for such development project area expires or is terminated in accordance with the Missouri economic development code.

4. In each of the twenty-five calendar years following the adoption of an ordinance, order, or resolution adopting development financing for a development project area under subsection 1 of this section unless and until development financing for such development project area is terminated in accordance with the Missouri economic development code, a percentage of the economic activity taxes from such development project area may, by agreement as provided in this section be allocated to, and paid by the collecting officer of any such economic activity tax to the treasurer or other designated financial officer of the municipality or county, who shall deposit such funds in the special allocation fund.

5. No tax revenue shall be used for development financing as provided in this section unless and until the taxing district levying the tax has approved the use of such revenue for development financing and has set forth such approval in a written agreement with the municipality, county, or commission. The municipality, county, or commission may establish such agreements with any taxing districts for the repayment of obligations issued under the provisions of the Missouri economic development code. Such agreements shall set forth the percentages of economic activity taxes and the amount or percentages of other tax payments that will be pledged by the taxing district for the payment or repayment of any obligations or expenses authorized to be paid under the provisions of the Missouri economic development code. Such agreements shall remain in effect until the obligations or expenses to which such economic activity taxes or tax payments have been pledged have been paid in full or retired. The use of such tax revenue shall not be considered relief from taxation under the provisions of Article X, Section 7 of the Missouri constitution, nor shall any tax be abated or any tax relief provided as a result of the use of development financing under the Missouri economic development code.

99.1128. 1. When all development project costs and all obligations issued to finance development project costs have been paid in full, the municipality or county shall adopt an ordinance terminating development financing for all development project areas. Immediately upon the adoption of such ordinance, all revenues then remaining in the special allocation fund shall be deemed to be surplus funds. Surplus tax payments shall be paid to the county collector who shall immediately thereafter pay such funds to the taxing districts in the development area selected in the same manner and proportion as provided in the agreement established under section 99.1126. Surplus economic activity taxes shall be paid to the taxing districts in the development area in proportion to the then current levy rates of such taxing districts that are attributable to economic activity taxes. Any other funds remaining in the special allocation fund following the adoption of an ordinance terminating development financing in accordance with this section shall be distributed as provided in the agreement established under section 99.1126.

2. Upon the payment of all development project costs, retirement of obligations, and the distribution of any surplus funds under this section, the municipality or county shall adopt an ordinance or order dissolving the special allocation fund and terminating the designation of the development area as a development area.

3. Nothing in the Missouri economic development code shall be construed as relieving property in such areas from paying a uniform rate of taxes, as required by section 3, article X of the Missouri Constitution.

99.1130. 1. An annual statement showing all funds received and expended in that year, the status of the development area, the development plan, the development projects in the development plan, the amount of outstanding obligations, and any additional information that the municipality or county deems necessary shall be published in a newspaper of general circulation in the municipality or county.

2. Five years after the establishment of the development area and the development plan and every five years thereafter the governing body of the municipality, county, or commission shall hold a public hearing regarding the development area and the development plan and the development projects adopted under the Missouri economic development code. The purpose of the hearing shall be to determine if the development area, development plan, and the included development projects are making satisfactory progress under the proposed time schedule contained within the approved development plan for completion of such development projects. Notice of such public hearing shall be given in a newspaper of general circulation in the area served by the municipality, county, or commission once each week for four weeks immediately prior to the hearing.”; and

Further amend said bill, Section 4, Line 47, Page 31, by inserting immediately after all of said line the following:

“Section 1. For purposes of determining eligibility for exemption from sales and use taxes of utilities as prescribed in section 144.030, RSMo, there shall be a rebuttable presumption that the raw materials used in the primary manufacture of automobiles contain at least twenty-five percent recovered materials.”; and

“50.660. **1.** All contracts shall be executed in the name of the county, or in the name of a township in a county with a township form of government, by the head of the department or officer concerned, except contracts for the purchase of supplies, materials, equipment or services other than personal made by the officer in charge of purchasing in any county or township having the officer. No contract or order imposing any financial obligation on the county or township is binding on the county or township unless it is in writing and unless there is a balance otherwise unencumbered to the credit of the appropriation to which it is to be charged and a cash balance otherwise unencumbered in the treasury to the credit of the fund from which payment is to be made, each sufficient to meet the obligation incurred and unless the contract or order bears the certification of the accounting officer so stating; except that in case of any contract for public works or buildings to be paid for from bond funds or from taxes levied for the purpose it is sufficient for the accounting officer to certify that the bonds or taxes have been authorized by vote of the people and that there is a sufficient unencumbered amount of the bonds yet to be sold or of the taxes levied and yet to be collected to meet the obligation in case there is not a sufficient unencumbered cash balance in the treasury. If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal, then the order or ordinance and any amendments thereto shall become effective on the first day of the calendar quarter immediately after such election results are certified. If a majority of the votes cast by the qualified voters voting are opposed to the proposal, then the governing body of the county shall have no power to impose the fee authorized by this section unless and until the governing body of the county shall again have submitted another proposal to authorize the governing body of the county to impose such fee, and the proposal is approved by a majority of the qualified voters voting thereon. If an economic development authority does not exist in a county at the time that a landfill fee is adopted by such county under this section, then the governing body of such county shall establish an economic development authority in the county.

2. The landfill fee authorized by such an election may not exceed one dollar and fifty cents per ton or its volumetric equivalent of solid waste accepted, which charge may be in addition to any such fee currently imposed pursuant to the provisions of section 260.330.

260.831. 1. Such fee shall be collected in addition to any fee authorized or imposed pursuant to the provisions of section 260.330, and shall be paid to such operator by all political subdivisions, municipalities, corporations, entities or persons disposing of solid waste or demolition waste, whether pursuant to contract or otherwise, and notwithstanding that any such contract may provide for collection, transportation and disposal of such waste at a fixed fee. Any such contract providing for collections, transportation and disposal of such waste at a fixed fee which is in force on August 28, [2003] **2006**, shall be renegotiated by the parties to the contract to include the additional fee imposed by this section. Each such operator shall submit the charge, less collection costs, to the governing body of the county, which shall dedicate such funds for use by the industrial development authority within the county and such funds shall be used by the county commission or authority for economic development within the county. Collection costs shall be the same as established by the department of natural resources pursuant to section 260.330, and shall not exceed two percent of the amount collected pursuant to this section.

2. The charges established in this section shall be enumerated separately from any disposal fee charged by the landfill. After January 1, 1994, the fee authorized under section 260.830 and this section shall be stated as a separate surcharge on each individual solid waste collection customer's invoice and shall also indicate whether the county commission or economic development authority receives the funds. Moneys transmitted to the governing body of the county shall be no less than the amount collected less collection costs and in a form, manner and frequency as the

governing body may prescribe. Failure to collect such charge shall not relieve the operator from responsibility for transmitting an amount equal to the charge to the governing body."; and

House Amendment No. 11

AMEND House Committee Substitute for House Bill Nos. 1030, 1033, 1146, 1225 & 1326, Section 72.080, Page 19, Line 67, by inserting after all of said line the following:

“92.500. 1. The governing body of any city not within a county may impose, by order or ordinance, a sales tax on all retail sales made within the city which are subject to sales tax under chapter 144, RSMo. The tax authorized in this section shall not exceed one-half of one percent, and shall be imposed solely for the purpose of providing revenues for the operation of public safety departments, including police and fire departments, and for compensation, pension programs, and health care for employees and pensioners of the public safety departments. The tax authorized in this section shall be in addition to all other sales taxes imposed by law, and shall be stated separately from all other charges and taxes. The order or ordinance shall not become effective unless the governing body of the city submits to the voters residing within the city at a state general, primary, or special election a proposal to authorize the governing body of the city to impose a tax under this section.

2. The ballot of submission for the tax authorized in this section shall be in substantially the following form:

Shall (insert the name of the city) impose a sales tax at a rate of (insert rate of percent) percent, solely for the purpose of providing revenues for the operation of public safety departments of the city?

☐ YES

☐ NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the question, then the tax shall become effective on the first day of the second calendar quarter immediately following notification to the department of revenue. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the question, then the tax shall not become effective unless and until the question is resubmitted under this section to the qualified voters and such question is approved by a majority of the qualified voters voting on the question.

3. All revenue collected under this section by the director of the department of revenue on behalf of any city, except for one percent for the cost of collection which shall be deposited in the state's general revenue fund, shall be deposited in a special trust fund, which is hereby created and shall be known as the "Public Safety Protection Sales Tax Fund", and shall be used solely for the designated purposes. Moneys in the fund shall not be deemed to be state funds, and shall not be commingled with any funds of the state. The director may make refunds from the amounts in the trust fund and credited to the city for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of such city. Any funds in the special trust fund which are not needed for current expenditures shall be invested in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund. The director shall keep accurate records of the amounts in the fund, and such records shall be open to the inspection of the officers of such city and to the public. Not later than the tenth day of each month, the director shall distribute all moneys deposited in the fund during the preceding month to the city. Such funds shall be deposited with the treasurer of the city, and all expenditures of moneys from the fund shall be by an appropriation ordinance enacted by the governing body of the city.

4. On or after the effective date of the tax, the director of revenue shall be responsible for the administration, collection, enforcement, and operation of the tax, and sections 32.085 and 32.087, RSMo, shall apply. In order to permit sellers required to collect and report the sales tax to collect the amount required to be reported and remitted, but not to change the requirements of reporting or remitting the tax, or to serve as a levy of the tax, and in order to avoid fractions of pennies, the governing body of the city may authorize the use of a bracket system similar to that authorized in section 144.285, RSMo, and notwithstanding the provisions of that section, this new bracket system shall be used where this tax is imposed and shall apply to all taxable transactions.

Beginning with the effective date of the tax, every retailer in the city shall add the sales tax to the sale price, and this tax shall be a debt of the purchaser to the retailer until paid, and shall be recoverable at law in the same manner as the purchase price. For purposes of this section, all retail sales shall be deemed to be consummated at the place of business of the retailer.

5. All applicable provisions in sections 144.010 to 144.525, RSMo, governing the state sales tax, and section 32.057, RSMo, the uniform confidentiality provision, shall apply to the collection of the tax, and all exemptions granted to agencies of government, organizations, and persons under sections 144.010 to 144.525, RSMo, are hereby made applicable to the imposition and collection of the tax. The same sales tax permit, exemption certificate, and retail certificate required by sections 144.010 to 144.525, RSMo, for the administration and collection of the state sales tax shall satisfy the requirements of this section, and no additional permit or exemption certificate or retail certificate shall be required; except that, the director of revenue may prescribe a form of exemption certificate for an exemption from the tax. All discounts allowed the retailer under the state sales tax for the collection of and for payment of taxes are hereby allowed and made applicable to the tax. The penalties for violations provided in section 32.057, RSMo, and sections 144.010 to 144.525, RSMo, are hereby made applicable to violations of this section. If any person is delinquent in the payment of the amount required to be paid under this section, or in the event a determination has been made against the person for the tax and penalties under this section, the limitation for bringing suit for the collection of the delinquent tax and penalties shall be the same as that provided in sections 144.010 to 144.525, RSMo.

6. The governing body of any city that has adopted the sales tax authorized in this section may submit the question of repeal of the tax to the voters on any date available for elections for the city. The ballot of submission shall be in substantially the following form:

Shall (insert the name of the city) repeal the sales tax imposed at a rate of (insert rate of percent) percent for the purpose of providing revenues for the operation of public safety departments of the city?

☐ YES

☐ NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of repeal, that repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the repeal, then the sales tax authorized in this section shall remain effective until the question is resubmitted under this section to the qualified voters and the repeal is approved by a majority of the qualified voters voting on the question.

7. Whenever the governing body of any city that has adopted the sales tax authorized in this section receives a petition, signed by a number of registered voters of the city equal to at least two percent of the number of registered voters of the city voting in the last gubernatorial election, calling for an election to repeal the sales tax imposed under this section, the governing body shall submit to the voters of the city a proposal to repeal the tax. If a majority of the votes cast on the question by the qualified voters voting thereon are in favor of the repeal, the repeal shall become effective on December thirty-first of the calendar year in which such repeal was approved. If a majority of the votes cast on the question by the qualified voters voting thereon are opposed to the repeal, then the sales tax authorized in this section shall remain effective until the question is resubmitted under this section to the qualified voters and the repeal is approved by a majority of the qualified voters voting on the question.

8. If the tax is repealed or terminated by any means, all funds remaining in the special trust fund shall continue to be used solely for the designated purposes, and the city shall notify the director of the department of revenue of the action at least ninety days before the effective date of the repeal and the director may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the tax in such city, the director shall remit the balance in the account to the city and close the account of that city. The director shall notify each city of each instance of any amount refunded or any check redeemed from receipts due the city.”; and

Expenditures may be made from the fund for any functions authorized in the ordinance or order adopted by the governing body submitting the tax to the voters.

8. The director of the department of revenue may authorize the state treasurer to make refunds from the amounts in the trust fund and credited to any city for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of such cities. If any city abolishes the tax, the city shall notify the director of the department of revenue of the action at least ninety days prior to the effective date of the repeal, and the director of the department of revenue may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. "139.100. 1. If any taxpayer shall fail or neglect to pay to the collector his taxes at the time required by law, then it shall be the duty of the collector, after the first day of January then next ensuing, to collect and account for, as other taxes, an additional tax, as penalty, the amount provided for in section 140.100, RSMo.

2. Collectors shall, on the day of their annual settlement with the county governing body, file with governing body a statement, under oath, of the amount so received, and from whom received, and settle with the governing body therefor; but, interest shall not be chargeable against persons who are absent from their homes, and engaged in the military service of this state or of the United States. The provisions of this section shall apply to the city of St. Louis, so far as the same relates to the addition of such interest, which, in such city, shall be collected and accounted for by the collector as other taxes, for which he shall receive no compensation.

In the event any payment of taxes due is sent by registered or certified mail, the date of registration or certification shall be deemed the postmark date. No additional tax or penalty shall be imposed under this section on any taxpayer whose payment is delivered by United States mail, if the postmark date stamped on the envelope or other cover containing such payment falls within the prescribed period or on or before the prescribed date, including any extension granted, for making the payment or if the postmaster for the jurisdiction where

the payment was mailed verifies in writing that the payment was deposited in the United States mail within the prescribed period or on or before the prescribed date, including any extension granted, for making the payment, and was delayed in delivery because of an error by the United States postal service and not because of an error by the taxpayer.

5. In the event that any taxpayer timely pays, in whole or in part, any tax on real or personal property, and such payment is determined to be an underpayment of such tax, and such underpayment is the result of an error or omission by any county official or employee, no penalty or interest for such underpayment shall be levied upon such taxpayer or collected from such taxpayer."; and

AMEND House Committee Substitute for House Bill Nos. 1030, 1033, 1146, 1225 & 1326, Page 22, Section 94.860, Line 107, by inserting after all of said line the following:

"137.115. 1. All other laws to the contrary notwithstanding, the assessor or the assessor's deputies in all counties of this state including the city of St. Louis shall annually make a list of all real and tangible personal property taxable in the assessor's city, county, town or district. Except as otherwise provided in subsection 3 of this section and section 137.078, the assessor shall annually assess all personal property at thirty-three and one-third percent of its true value in money as of January first of each calendar year. The assessor shall annually assess all real property, including any new construction and improvements to real property, and possessory interests in real property at the percent of its true value in money set in subsection 5 of this section. The assessor shall annually assess all real property in the following manner: new assessed values shall be determined as of January first of each odd-numbered year and shall be entered in the assessor's books; those same assessed values shall apply in the following even-numbered year, except for new construction and property improvements which shall be valued as though they had been completed as of January first of the preceding odd-numbered year. The assessor may call at the office, place of doing business, or residence of each person required by this chapter to list property, and require the person to make a correct statement of all taxable tangible personal property owned by the person or under his or her care, charge or management, taxable in the county. On or before January first of each even-numbered year, the assessor shall prepare and submit a two-year assessment maintenance plan to the county governing body and the state tax commission for their respective approval or modification. The county governing body shall approve and forward such plan or its alternative to the plan to the state tax commission by February first. If the county governing body fails to forward the plan or its alternative to the plan

to the state tax commission by February first, the assessor's plan shall be considered approved by the county governing body. If the state tax commission fails to approve a plan and if the state tax commission and the assessor and the governing body of the county involved are unable to resolve the differences, in order to receive state cost-share funds outlined in section 137.750, the county or the assessor shall petition the administrative hearing commission, by May first, to decide all matters in dispute regarding the assessment maintenance plan. Upon agreement of the parties, the matter may be stayed while the parties proceed with mediation or arbitration upon terms agreed to by the parties. The final decision of the administrative hearing commission shall be subject to judicial review in the circuit court of the county involved. In the event a valuation of subclass (1) real property within any county with a charter form of government, or within a city not within a county, is made by a computer, computer-assisted method or a computer program, the burden of proof, supported by clear, convincing and cogent evidence to sustain such valuation, shall be on the assessor at any hearing or appeal. In any such county, unless the assessor proves otherwise, there shall be a presumption that the assessment was made by a computer, computer-assisted method or a computer program. Such evidence shall include, but shall not be limited to, the following:

(1) The findings of the assessor based on an appraisal of the property by generally accepted appraisal techniques; and

(2) The purchase prices from sales of at least three comparable properties and the address or location thereof. As used in this paragraph, the word "comparable" means that:

(a) Such sale was closed at a date relevant to the property valuation; and

(b) Such properties are not more than one mile from the site of the disputed property, except where no similar properties exist within one mile of the disputed property, the nearest comparable property shall be used. Such property shall be within five hundred square feet in size of the disputed property, and resemble the disputed property in age, floor plan, number of rooms, and other relevant characteristics.

2. Assessors in each county of this state and the city of St. Louis may send personal property assessment forms through the mail.

3. The following items of personal property shall each constitute separate subclasses of tangible personal property and shall be assessed and valued for the purposes of taxation at the following [percents] **percentages** of their true value in money:

(1) Grain and other agricultural crops in an unmanufactured condition, one-half of one percent;

(2) Livestock, twelve percent;

(3) Farm machinery, twelve percent;

(4) Motor vehicles which are eligible for registration as and are registered as historic motor vehicles pursuant to section 301.131, RSMo, and aircraft which are at least twenty-five years old and which are used solely for noncommercial purposes and are operated less than fifty hours per year or aircraft that are home built from a kit, five percent;

(5) Poultry, twelve percent; and

(6) Tools and equipment used for pollution control and tools and equipment used in retooling for the purpose of introducing new product lines or used for making improvements to existing products by any company which is located in a state enterprise zone and which is identified by any standard industrial classification number cited in subdivision (6) of section 135.200, RSMo, twenty-five percent.

4. The person listing the property shall enter a true and correct statement of the property, in a printed blank prepared for that purpose. The statement, after being filled out, shall be signed and either affirmed or sworn to as provided in section 137.155. The list shall then be delivered to the assessor.

5. All subclasses of real property, as such subclasses are established in section 4(b) of article X of the Missouri Constitution and defined in section 137.016, shall be assessed at the following percentages of true value:

(1) For real property in subclass (1), nineteen percent;

(2) For real property in subclass (2), twelve percent; and

(3) For real property in subclass (3), thirty-two percent.

6. Manufactured homes, as defined in section 700.010, RSMo, which are actually used as dwelling units shall be assessed at the same percentage of true value as residential real property for the purpose of taxation. The percentage of assessment of true value for such manufactured homes shall be the same as for residential real property. If the county collector cannot identify or find the manufactured home when attempting to attach the manufactured home for payment of taxes owed by the manufactured home owner, the county collector may request the county commission to have the manufactured home removed from the tax books, and such request shall be granted within thirty days after the request is made; however, the removal from the tax books does not remove the tax lien on the manufactured home if it is later identified or found. A manufactured home located in a manufactured home rental park, rental community or on real

estate not owned by the manufactured home owner shall be considered personal property. A manufactured home located on real estate owned by the manufactured home owner may be considered real property.

7. Each manufactured home assessed shall be considered a parcel for the purpose of reimbursement pursuant to section 137.750, unless the manufactured home has been converted to real property in compliance with section 700.111, RSMo, and assessed as a realty improvement to the existing real estate parcel.

8. Any amount of tax due and owing based on the assessment of a manufactured home shall be included on the personal property tax statement of the manufactured home owner unless the manufactured home has been converted to real property in compliance with section 700.111, RSMo, in which case the amount of tax due and owing on the assessment of the manufactured home as a realty improvement to the existing real estate parcel shall be included on the real property tax statement of the real estate owner.

9. The assessor of each county and each city not within a county shall use the trade-in value published in the October issue of the National Automobile Dealers' Association Official Used Car Guide, or its successor publication, as the recommended guide of information for determining the true value of motor vehicles described in such publication. In the absence of a listing for a particular motor vehicle in such publication, the assessor shall use such information or publications which in the assessor's judgment will fairly estimate the true value in money of the motor vehicle.

10. Before the assessor may increase the assessed valuation of any parcel of subclass (1) real property by more than fifteen percent since the last assessment, excluding increases due to new construction or improvements, the assessor shall conduct a physical inspection of such property.

11. If a physical inspection is required, pursuant to subsection 10 of this section, the assessor shall notify the property owner of that fact in writing and shall provide the owner clear written notice of the owner's rights relating to the physical inspection. If a physical inspection is required, the property owner may request that an interior inspection be performed during the physical inspection. The owner shall have no less than thirty days to notify the assessor of a request for an interior physical inspection.

12. A physical inspection, as required by subsection 10 of this section, shall include, but not be limited to, an on-site personal observation and review of all exterior portions of the land and any buildings and improvements to which the inspector has or may reasonably and lawfully gain external access, and shall include an observation and review of the interior of any buildings or improvements on the property upon the timely request of the owner pursuant to subsection 11 of this section. Mere observation of the property via a "drive-by inspection" or the like shall not be considered sufficient to constitute a physical inspection as required by this section.

13. The provisions of subsections 11 and 12 of this section shall only apply in any county with a charter form of government with more than one million inhabitants.

14. A county or city collector may accept credit cards as proper form of payment of outstanding property tax or license due. No county or city collector may charge surcharge for payment by credit card which exceeds the fee or surcharge charged by the credit card bank, processor, or issuer for its service. A county or city collector may accept payment by electronic transfers of funds in payment of any tax or license and charge the person making such payment a fee equal to the fee charged the county by the bank, processor, or issuer of such electronic payment.

15. [The provisions of this section and sections 137.073, 138.060 and 138.100, RSMo, as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session, shall become effective January 1, 2003, for any taxing jurisdiction within a county with a charter form of government with greater than one million inhabitants, and the provisions of this section and sections 137.073, 138.060 and 138.100, RSMo, as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session, shall become effective October 1, 2004, for all taxing jurisdictions in this state.] Any county or city not within a county in this state may, by an affirmative vote of the governing body of such county, opt out of the provisions of this section and sections 137.073, 138.060, and 138.100, RSMo, as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session and section 137.073 as modified by this act, for the next year of the general reassessment, prior to January first of any year. No county or city not within a county shall exercise this opt-out provision after implementing the provisions of this section and sections 137.073, 138.060, and 138.100, RSMo, as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session and section 137.073 as modified by this act, in a year of general reassessment. For the purposes of applying the provisions of this subsection, a political subdivision contained within two or more counties where at least one of such counties has opted out and at least one of such counties has not opted out shall calculate a single tax rate as in effect prior to the enactment of house bill no. 1150 of the ninety-first general assembly, second regular session. AMEND House Committee Substitute for House Bill Nos. 1030, 1033, 1146, 1225 & 1326, Section 49.292, Page 2, Line 10, by inserting after said line the following:

"50.032. No county shall receive any state funds unless the county has determined, by order or ordinance, to agree to engage in mandatory mediation in any dispute regarding the portion of expenses the county shall pay in any matter involving financial expenditures by such county and another county to determine the portion of expenses each county shall be responsible for paying. Mediation under this section shall be nonbinding and independently administered. The counties shall mutually agree upon a qualified independent and neutral county commissioner of a county not involved in the dispute to serve as mediator, and shall share the costs of the mediator. If the counties cannot mutually agree upon county commissioner to serve as mediator, the matter shall be resolved by a three-person mediation panel consisting of county commissioner selected by each county, and one person selected by such selected county commissioners. In the event that a three-person mediation panel is necessary, each county shall bear the expense of its own mediator, and shall jointly and equally bear with the other county the expense of the third mediator and the mediation. The mediation shall take place within thirty days of the selection of the mediator or mediators. If the mediator issues a decision, either county may appeal the decision to the circuit court to determine the portion of expenses each county shall be responsible for paying.

50.339. 1. In any county of the first classification with more than seventy-one thousand three hundred but less than seventy-one thousand four hundred inhabitants, the salary commission at its meeting in 2003 and at any meeting held in 2004 may equalize the base salary for each office to an amount not greater than that set by law as the maximum compensation. Nothing in this section shall be construed to prevent offices which have additional compensation specified in law from receiving such compensation or from having such compensation added to the base compensation in excess of the equalized salary.

2. Notwithstanding any provision of section **50.333 or 50.343** to the contrary, in any county of the first classification with more than sixty-eight thousand six hundred but less than sixty-eight thousand seven hundred inhabitants, the salary commission may meet in the year [2004] to determine whether to equalize the base salary for the office of treasurer **and public administrator** with the base salaries of [other county officers at an amount not greater than the amount set as the maximum compensation in subdivision (1) of subsection 1 of section 50.343] **the offices of auditor and recorder of deeds.**

67.048. Any county board that receives funding from the county treasury and whose members are appointed by the county commission shall submit an annual report at the end of each fiscal year itemizing its expenditures.”; and

Further amend said bill, Section 138.135, Page 23, Line 15, by inserting after said line the following:

“140.852. The governing body of any county, city, town, or village may, by order or ordinance, enter into contracts with private attorneys or professional collection agencies for the collection of delinquent taxes owed to such county, city, town, or village by residents or nonresidents of such county, city, town, or village. No contract entered into under this section shall provide for a collection fee in excess of twenty percent of the amount collected.”; and

Further amend said bill, Section 473.748, Page 29, Line 6, by inserting after said line the following:

House Amendment No. 33

AMEND House Committee Substitute for House Bill Nos. 1030, 1033, 1146, 1225 & 1326, Section 228.190, Page 25, Line 14, by inserting after all of said line the following:

“247.030. 1. Territory that may be included in a district sought to be incorporated or enlarged may be wholly within one or in more than one county, may take in school districts or parts thereof, and cities that do not have a waterworks system or cities whose governing body has by a majority vote requested that the city or part thereof be included within the boundaries of a public water supply district. For the purpose of this section, "city" means any city, town or village. The territory, however, shall be contiguous, and proceedings to incorporate shall be in the circuit court of the county in which the largest acreage is located. No two districts shall overlap.

2. Any two or more contiguous districts or any city and a contiguous district may, if there are no outstanding general obligation bonds relating to drinking water supply projects in either entity, by a majority vote of the governing body of each entity, provide for territory located in one entity to be annexed and served by the entity contiguous to the annexed territory. Notice of the proposed annexation shall be filed with the circuit court that originally issued the decree of incorporation for a district which is detaching territory through the proposed annexation or with the circuit court that originally issued the decree of incorporation for a district which is including a city or part thereof through the proposed annexation. The court shall set a date for a hearing on the proposed annexation and shall cause notice to be published in the same manner as for the filing of the original petition for incorporation; except that publication of notice shall not be required if a majority of the landowners in the territory proposed to be annexed consent in writing, and if notice of the hearing is posted in three public places within the territory proposed to be annexed at least seven days before the date

of the hearing. If publication of the notice is not required pursuant to this section, the court shall only approve the proposed annexation if there is sworn testimony by at least five landowners in the area of the proposed annexation, or a majority of the landowners, if there are fewer than ten landowners in the area. If the court, after the hearing, finds that the proposed annexation would not be in the public interest, it shall order that the annexation not be allowed. If the court finds the proposed annexation to be in the public interest, it shall approve the annexation and the territory shall be detached from the one entity and annexed to the other. After the annexation is approved, the circuit court in which each district involved in the proceedings was incorporated shall amend the decree of incorporation for each district to reflect the change in the boundaries as a result of the annexation and redivide each district into five subdistricts, fixing their boundary lines so that each of the five subdistricts have approximately the same area. A certified copy of the amended decree showing the boundary change and the new subdistricts shall be filed in the office of the recorder of deeds and in the office of the county clerk in each county having territory in the district and in the office of the secretary of state of the state of Missouri.

3. The boundaries of any district may be extended or enlarged from time to time upon the filing, with the clerk of the circuit court having jurisdiction, of a petition by either:

(1) The board of directors of the district and five or more voters or landowners within the territory proposed to be annexed by the district; or

(2) The board of directors of the district and a majority of the landowners within the territory proposed to be annexed to the district.

If the petition is filed by the board of directors of the district and five or more voters or landowners within the territory proposed to be annexed by the district, the same proceedings shall be followed as are provided in section 247.040 for the filing of a petition for the organization of the district, except that no election shall be held. Upon entry of a final order declaring the court's decree of annexation to be final and conclusive, the court shall modify or rearrange the boundary lines of the subdistricts as may be necessary or advisable. If the petition is filed by the board of directors of the district and a majority of the landowners within the territory proposed to be annexed, the publication of notice shall not be required, provided notice is posted in three public places within the territory proposed to be annexed at least seven days before the date of the hearing and provided that there is sworn testimony by at least five landowners in the territory proposed to be annexed, or a majority of the landowners if the total landowners in the area are fewer than ten. If the court finds that the annexation of such territory would be in the public interest, the court shall enter its order granting such annexation. Upon the entry of such order, the court shall modify or rearrange the boundary lines of the subdistricts as may be necessary or advisable. The costs incurred in the enlargement or extension of the district shall be taxed to the district, if the district be enlarged or extended, otherwise against the petitioners; provided, however, that no costs shall be taxed to the directors of the district.

4. Should any landowner who owns real estate that abuts upon a district once formed desire to have such real estate incorporated in the district, the landowner shall first petition the board of directors thereof for its approval. If such approval be granted, the clerk of the board shall endorse a certificate of the fact of approval by the board upon the petition. The petition so endorsed shall be filed with the clerk of the circuit court in which the district is incorporated. It shall then be the duty of the court to amend the boundaries of such district by a decree incorporating the real estate in the same. A certified copy of this decree including the real estate in the district shall then be filed in the office of the recorder and in the office of the county clerk of the county in which the real estate is located, and in the office of the secretary of state. The costs of this proceeding shall be borne by the petitioning property owner. **However, at any time, a property owner within district boundaries may elect to receive water or sewer services from another supplier. In the event a district is providing water or sewer services to the property at the time of such election, the property owner shall compensate the district under the formula set forth in subdivision (3) of subsection 1 of section 247.160.**”; and

HOUSE CONCURRENT RESOLUTION NO. 30

WHEREAS, on June 7, 2001, President Bush signed the Economic Growth and Tax Relief Reconciliation Act of 2001 which included a repeal of the estate tax, but not until the year 2010; and

WHEREAS, the Economic Growth and Tax Relief Reconciliation Act of 2001 also contained a sunset provision that brings the estate tax rules back in force in 2011, resulting in only a one-year reprieve from the estate tax; and

WHEREAS, under the current estate tax, heirs receive assets with a stepped-up basis equal to the value of the asset on the date of death. Under the new rules set to take effect in 2011, the stepped-up basis will only apply to \$4.3 million in assets passing to a spouse and \$1.3 million in assets inherited by nonspouses, with all assets over those limits passed on without the stepped-up basis; and

WHEREAS, the estate tax is the leading cause of dissolution of most small businesses, with 70% of businesses never passing to the next generation because of estate tax rates of 37% to 55%; and

WHEREAS, estate tax revenues amount to only 1.5% of federal revenue, but according to the Cato Institute, compliance with the estate tax costs the economy as much as the Treasury collects just to enforce it; and

WHEREAS, Americans overwhelmingly agree it is wrong to tax property and earnings that have already been taxed; and

WHEREAS, the estate tax is contrary to the American values of saving and investment because it penalizes individuals for saving, investing, and building successful farms and businesses; and

WHEREAS, on April 13, 2005, the United States House of Representatives voted to permanently repeal the estate tax, but the vote in the United States Senate scheduled for September 2005 was postponed so Congress could focus on Hurricane Katrina disaster relief; and

WHEREAS, in January 2006, President Bush, Vice President Cheney, and Senate Majority Leader Frist have called for repeal of the estate tax with the following statements:

(1) President Bush: "We thought it was unfair to say to a farmer and a small business owner, the government is going to tax you twice, so we put the death tax on the road to extinction....To keep this economy growing, to keep the entrepreneurial spirit alive, to make sure that the United States of America is the most productive nation in the world, the United States Congress must make the tax cuts permanent." (Chicago Board of Trade, 1/6/06);

(2) Vice President Cheney: "We gave new incentives to small businesses to expand, and we put the unfair death tax on the road to extinction....For the sake of the economy, and for the people who make it go, Congress must not raise taxes, and we need to make the Bush tax cuts permanent." (Harley-Davidson Manufacturing Plant, Kansas City, Missouri, 1/6/06);

(3) Senator Frist: "Sooner than later, I will take the elimination of the death tax to the Congress floor....Now is the time to kill the death tax forever." (American Farm Bureau Federation, 1/8/06); and

WHEREAS, family farms and small family-owned businesses are especially vulnerable to the unfair estate tax because most farmers and small business owners, unlike corporate CEOs, have the entire value of their farm and business in their estate. While heirs to a family farm or family business work to carry an enterprise to the next generation, the government immediately "inherits" 37% to 55% of the estate, a blow that many family farms and small businesses cannot survive; and

WHEREAS, the threat of the death tax forces family farmers and small business owners to spend thousands of dollars on accountants, lawyers, and financial planners so that they can try to ensure the survival of their family farms and small businesses after their death. For many family farmers and small business owners, they have worked a lifetime building an estate that the government has already taken its fair share from through the collection of income, property, and other taxes, and the estate should not be taxed again upon the owner's death:

NOW, THEREFORE, BE IT RESOLVED that the members of the House of Representatives of the Ninety-third General Assembly, Second Regular Session, the Senate concurring therein, hereby urge the United States Congress to immediately enact legislation that permanent repeals the estate tax which unfairly penalizes individuals for saving, investing, and building successful farms and businesses; and

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to prepare a properly inscribed copy of this resolution for each member of the Missouri Congressional delegation.

Special Committee on Student Achievement and Finance, Chairman Baker (123) reporting:

Mr. Speaker: Your Special Committee on Student Achievement and Finance, to which was referred **SB 644**, begs leave to report it has examined the same and recommends that the **House Committee Substitute Do Pass**, and pursuant to Rule 25(26)(f) be referred to the Committee on Rules.

JOURNAL OF THE HOUSE

Second Regular Session, 93rd GENERAL ASSEMBLY

FORTY-SEVENTH DAY, THURSDAY, MARCH 30, 2006

The House met pursuant to adjournment.

Speaker Pro Tem Bearden in the Chair.

Prayer by Father Donald W. Lammers.

Let us pray.

Almighty God, we thank You for the gift of springtime. We thank You for the cool air which stirs our energy, and for the increase of green vegetation, which speaks of Your ongoing creation calling forth new life everywhere.

The forecast of rain suggests this word of wisdom literature.

“If men (and women) desire wisdom, she will give them the water of knowledge to drink. They will never waver from the truth, they will stand firm forever.” (Sirach 15:3-4)

Lord God, throughout this day, may Your gift of knowledge support all our work: our deliberations, discussions and decision-making.

As Your creativity supports the new life of spring all around us, so may Your blessings of wisdom and knowledge bring forth from us a creativity that protects and supports the life of every human being, and improves the lives of all who justly depend on us.

We pray to You, our God, forever and ever. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Sarah Geer, Brett Hutchinson, Jacob Hensiek, Sarah Weisz, Angie Jones, Jared Young, Mate Chavez Daus, Kyleigh Hein, Josh Cawthon, Wendy Howell, Tim Johnson, Alissa Wattenbarger, Kyle Pittman, Natalie Clevenger, Amanda DeBey, Kourtnie Parks, Mary Davis, Xandria Colvin, Jamie Totten, Sara Lowe, Katie Rowe, Elizabeth Simpson, Natalie Williams, Douglas Melton, Emily Noll, Duron Witherspoon and Briana Holmer.

JOURNAL OF THE HOUSE

Second Regular Session, 93rd GENERAL ASSEMBLY

FORTY-NINTH DAY, MONDAY, APRIL 3, 2006

The House met pursuant to adjournment.

Speaker Jetton in the Chair.

Prayer by Reverend James Earl Jackson.

Gracious are You, Lord, and righteous; Yes, O God, You are merciful. It is better to trust in You than mankind; better to rest in You than ourselves.

As we begin another week, may You, Lord, be mindful of us and abundantly bless us. May You bless this assembly and the work ahead of us. May You increase our capacity to receive knowledge as we strengthen our determination to fulfill the mandate given to us from our respective districts.

May our actions consistently reflect sound judgements in order for us to establish sound law.

Often we pause to think of our family and friends who support us, pray for us, and counsel us. May You extend peace to them like a river.

May Your grace and mercy be poured out generously upon us.

For it's in the name of Your Son we pray. Amen.

The Pledge of Allegiance to the flag was recited.

The Journal of the forty-seventh day was approved as corrected.

The Journal of the forty-eighth day was approved as printed.

JOURNAL OF THE HOUSE

Second Regular Session, 93rd GENERAL ASSEMBLY

FIFTIETH DAY, TUESDAY, APRIL 4, 2006

The House met pursuant to adjournment.

Speaker Jetton in the Chair.

Prayer by Father Donald W. Lammers.

Thus says the Lord:
Can a mother forget her infant,
Be without tenderness for the child of her womb?
Even should she forget,
I will never forget you.
See, upon the palm of My hands,
I have written your name...
(Isaiah 49:15-16)

Lord, give us the vision and the discipline to think this way about every person in the district we represent and in our State. Then we will be focusing well on the common good. As we study and research the issues, as we listen to one another and as we take our stand, be with us holding our attention upon what is best for the common good.

As You never forget any of Your people, may we never forget any of our people; as You had special concern for the poor, may we have special concern for the poor. May we imitate You in our work that our work may be godly. Today, O Lord, and every day, may our work be godly, and may we be godly.

We pray to You, Our God, forever and ever. Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Katie Butz, Mike DeMand, Santana Figueroa, Angelica Clay, Kathryn Geoffroy, Kathleen Keegan, Alan Ratermann, Stefan Balcer, Ryan Bax, Eric Brocksmith, Kellyn Freeman, Alex Koetting, Kylie Nolla, Stephen Rehagen, Christian Villanueva, Kaitlyn Wideman, Charlotte Franks, Blaine Fisher, Colson Fisher, Eden Fisher, Brady Choat and David McNamee.

The Journal of the forty-ninth day was approved as corrected.

JOURNAL OF THE HOUSE

Second Regular Session, 93rd GENERAL ASSEMBLY

FIFTY-FIRST DAY, WEDNESDAY, APRIL 5, 2006

The House met pursuant to adjournment.

Speaker Jetton in the Chair.

Prayer by Reverend James Earl Jackson.

Forever, O Lord, Your Word stands firm as the Heavens. Your faithfulness is from generation to generation; You have established the Earth, and it stands fast.

You also keep us safe and secure, so that we are able to finish the tasks at hand. We have done what is right and good and have not abandoned our principles nor forgotten our primary directives.

As we rise early each day and as the day turns to evening, strengthen our bodies, refresh our minds, bring transparency to our motives.

May we know good judgment, wise and right discernment and knowledge, for we have much ahead of us.

Now may the Lord of Peace Himself give us peace always in every way. The Lord be with us all.

For it's in the name of Your Son we pray. Amen.

HOUSE CONCURRENT RESOLUTION NO. 10

WHEREAS, today 40 million credit cardholders are exposed to the risk of fraud by data thieves; and

WHEREAS, in 2005, a credit card processing company, CardSystems Solutions, improperly retained masses of data in vulnerable files and data thieves moved in, resulting in approximately 200,000 credit card accounts being reported stolen; and

WHEREAS, other incidents in 2005 included CitiFinancial disclosing that unencrypted computer tapes for 3.9 million customers were lost by a package deliverer and ChoicePoint, the nation's largest broker of personal information were the target of thieves who were easily able to buy the data of 145,000 consumers; and

WHEREAS, in the hands of thieves, consumer data becomes liquid assets and must be guarded as such by companies; and

WHEREAS, with California's passage of a law requiring notice to affected consumers, the entire nation became aware that consumers' assets and identities are increasingly at risk of fraud because of the remarkable success of data thieves

WHEREAS, several pieces of legislation have been introduced in the United States Congress, including a bill proposing a national requirement for consumer notification with civil penalties for negligent companies, and a comprehensive bill to begin regulating data merchants by requiring registration with the Federal Trade Commission and to impose stronger safeguards, stop the easy access to Social Security numbers, and help identity theft victims regain their fiscal balance:

NOW, THEREFORE, BE IT RESOLVED that the members of the House of Representatives of the Ninety-third General Assembly, Second Regular Session, the Senate concurring therein, hereby urge the United States Congress to adopt a comprehensive federal law that protects consumer information from data thieves; and

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to prepare a properly inscribed copy of this resolution for each member of the Missouri Congressional Delegation.

Mr. Speaker: Your Committee on Rules, to which was referred **HCR 18**, begs leave to report it has examined the same and recommends that it **Do Pass**.

HOUSE CONCURRENT RESOLUTION NO. 18

WHEREAS, the Commercial Motor Vehicle Safety Act of 1986 was signed into law with the goal to improve highway safety by ensuring that drivers of large trucks and buses are qualified to operate those vehicles and to remove unsafe and unqualified drivers from the highways; and

WHEREAS, the federal Act retained a State's right to issue a driver's license, but established minimum national standards which States must meet when licensing commercial motor vehicle drivers; and

WHEREAS, the federal Act corrected the situation that existed prior to 1986 by making it illegal to hold more than one license and by requiring States to adopt testing and licensing standards for truck and bus drivers to check a person's ability to operate the type of vehicle the driver plans to operate; and

WHEREAS, since April 1, 1992, drivers have been required to have a commercial driver's license (CDL) in order to drive a commercial motor vehicle. The Federal Highway Administration (FHWA) issued standards for testing and licensing of commercial motor vehicle drivers which require States to issue CDLs to their commercial motor vehicle drivers only after the driver passes knowledge and skills tests administered by the State related to the type of vehicle to be operated; and

WHEREAS, drivers need CDLs if they are in interstate, intrastate, or foreign commerce and drive a vehicle that meets the federal definition of a commercial motor vehicle; and

WHEREAS, States develop their own tests which must be at least as stringent as the federal standards; and

WHEREAS, this restriction does not prohibit States from allowing a person 18 years of age to qualify for a CDL, because it is limited to intrastate operation only. Such a restriction prohibits a person between the ages of 18 and 21 with a CDL from the interstate operation of a commercial motor vehicle; and

WHEREAS, the establishment of a controlled pilot program by the Federal Motor Carrier Safety Administration (FMCSA) lowering the federal minimum age for commercial motor vehicle drivers in interstate commerce from 21 to 18, which would include behind the wheel training, mentoring, and an evaluation component, would be the first step in advancing the program while still promoting highway safety; and

WHEREAS, a FMCSA controlled pilot program for 18 to 21 year-olds has the potential of relieving a severe commercial motor vehicle driver shortage in the States and Nation, and creating excellent career opportunities:

WHEREAS, that the members of the House of Representatives of the Ninety-third General Assembly, Second Regular Session, the Senate concurring therein, hereby urge the Federal Motor Carrier Safety Administration to establish a controlled pilot program to evaluate the potential of lowering the age requirements for interstate commercial motor carrier drivers from 21 to 18 years of age; and

BE IT FURTHER RESOLVED, that the Chief Clerk of the Missouri House of Representatives be instructed to prepare a properly inscribed copy of this resolution for the Administrator of the Federal Motor Carrier Safety Administration, Annette M. Sandberg, and each member of the Missouri Congressional Delegation.

Mr. Speaker: Your Committee on Rules, to which was referred **HCR 30**, begs leave to report it has examined the same and recommends that it **Do Pass**.

Mr. Speaker: Your Committee on Rules, to which was referred **HCR 41**, begs leave to report it has examined the same and recommends that it **Do Pass**.

HOUSE CONCURRENT RESOLUTION NO. 41

Relating to the designation of Missouri walk and bicycle to school month and day.

WHEREAS, the health and safety of our children is of highest concern to the citizens of Missouri; and

WHEREAS, promoting safe and healthful walking and bicycling to school is of importance to Missouri parents and teachers, and has been shown to improve student's health and academic performance; and

WHEREAS, a lack of physical activity plays a leading role in rising rates of obesity, diabetes, and other health problems among children. Being able to walk or bicycle to school offers an opportunity to build healthful physical activity into a child's daily routine; and

WHEREAS, an important role for parents and caregivers is to teach children about pedestrian safety and become aware of the difficulties and dangers that children face on their trip to school each day and the health and environmental risks related to physical inactivity and air pollution; and

WHEREAS, the number of children walking and bicycling to school has decreased dramatically in recent years, with less than 10% walking of bicycling to school now compared with 50% just 30 years ago; and

WHEREAS, serious injury and death of hundreds of children nationwide could be saved each year if communities take steps to make bicycle and pedestrian safety a priority; and

WHEREAS, the Safe Routes to Schools program is recognized nationally and internationally as being effective in solving these problems and has been successfully piloted in several Missouri communities; and

WHEREAS, local Safe Routes to Schools efforts combining engineering, enforcement, encouragement, and education have been shown to improve school children's health, mobility, safety, and academic performance; and

WHEREAS, "International Walk to School Month" in October and "International Walk to School Day" the first Wednesday in October have proven to be helpful in creating and promoting local Safe Route to Schools programs across the United States and throughout the world:

NOW, THEREFORE, BE IT RESOLVED that the members of the House of Representatives of the Ninety-third General Assembly, Second Regular Session, the Senate concurring therein, hereby commends and encourages the Safe Routes to Schools program overseen at the state level by the Missouri Department of Transportation and on the local level by many individuals, agencies, and schools; and

BE IT FURTHER RESOLVED that the creation of and participation in the local Safe Routes to Schools programs in communities throughout Missouri be encouraged; and

JOURNAL OF THE HOUSE

Second Regular Session, 93rd GENERAL ASSEMBLY

FIFTY-SECOND DAY, THURSDAY, APRIL 6, 2006

The House met pursuant to adjournment.

Speaker Jetton in the Chair.

Prayer by Father Donald W. Lammers.

Let us pray.

Almighty God, we praise and thank You for the calm, fresh and warm air this morning. But more storms are in the forecast.

Holy God, we pray for those who have suffered already from the storms and tornados.

We pray especially for those grieving over the death of loved ones. Show us how best to help them all.

As we pray for the protection of all our people, we thank You for the rainfall that accompanies stormy weather.

The power of these storms, O Lord, remind us that You are God and we are not. They leave us in awe of You, saying with the prophet:

“All you winds, bless the Lord;
Praise and exalt him above all forever.”

“Lightning and clouds, bless the Lord;
Praise and exalt him above all forever.”
(Daniel 3:65/73)

Amen.

The Pledge of Allegiance to the flag was led by Dallas Coleman of Branson, Missouri.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Trey M. Adair, Lucy Leonard, Spencer Milford, Katie Boschert, Joey Herdler, Alexander Dante Gardner, Jordan Kendrick, Shay Noll, Jesse Vance, Abby Thomas, Garrett Beckham, Rebecca Simpson, Courtney Schnurbusch, James Meyerkord, Kyle Garringer, Michael Hessel, Ethan Muffett, Alex Clinton, Lillie Clinton, Faith Clinton and Ben Niendick.

WHEREAS, people who live on the north side of the Missouri River are equally restricted from accessing destinations on the south side of the Missouri River, respectively; and

JOURNAL OF THE HOUSE

Second Regular Session, 93rd GENERAL ASSEMBLY

FIFTY-THIRD DAY, MONDAY, APRIL 10, 2006

The House met pursuant to adjournment.

Speaker Jetton in the Chair.

Prayer by Reverend James Earl Jackson.

Unto You, O God, we lift up our eyes, unto You Who rules from on high. Have mercy on us, O Lord, have mercy on us, for we are sometimes overwhelmed by the weariness of our schedules, travels, meetings, decisions and the like.

As we begin this week's work, help us to guard our words. May our words and our thoughts be pleasing to You, Lord, because You are our mighty Rock and our Protector.

Grant us calm in the face of confusion, peace in the heat of debates, and consolation after the day's final gavel.

Thank You Lord for protecting us from all danger; for keeping us safe. May You continually keep watch over us as we come and go, both now and throughout the remainder of this session.

For it's in the name of Your Son we pray. Amen.

The Pledge of Allegiance to the flag was recited.

The Journal of the fifty-second day was approved as printed.

PERFECTION OF HOUSE BILL - INFORMAL

HCS HB 1305, as amended, relating to public employee retirement systems, was taken up by Representative Smith (118).

Representative Schlottach offered **House Amendment No. 2.**

House Amendment No. 2

AMEND House Committee Substitute for House Bill No. 1305, Page 2, Section 70.615, by inserting after all of said section the following:

“104.040. 1. Any member shall be entitled to creditable prior service within the meaning of sections 104.010 to 104.270 for all service in the United States Army, Navy, or other armed services of the United States, or any women's auxiliary thereof in time of active armed warfare, if such member was a state employee immediately prior to his or her entry into the armed services and became an employee of the state within ninety days after termination of such service by an honorable discharge or release to inactive status; the requirement of section 104.010 of duties during not less than one thousand hours for status as an "employee" shall not apply to persons who apply for creditable prior service pursuant to the provisions of this section.

2. Any member of the system who served as an employee prior to the original effective date of sections 104.010 to 104.270, but was not an employee on that date, shall be entitled to creditable prior service that such member would have been entitled to had such member become a member of the retirement system on the date of its inception if such member has, or hereafter attains, one year of continuous membership service.

3. Any employee who completes one continuous year of creditable service in the system shall receive credit for service with a state department, if such service has not otherwise been credited.

4. Any member who had served in the armed forces of the United States prior to becoming a member, or who is otherwise ineligible pursuant to subsection 1 of this section or other provisions of this chapter, and who became a member after his or her discharge under honorable conditions may elect, prior to retirement, to purchase all of his or her creditable prior service equivalent to such service in the armed forces, but not to exceed four years, if the member is not receiving and is not eligible to receive retirement credits or benefits from any other public or private retirement plan for the service to be purchased, and an affidavit so stating shall be filed by the member with the retirement system. However, if the member is eligible to receive retirement credits in a United States military service retirement system, the member shall be permitted to purchase creditable prior service equivalent to his or her service in the armed services, but not to exceed four years, any other provision of law to the contrary notwithstanding. The purchase shall be effected by the member's paying to the retirement system an amount equal to what would have been contributed by the state in his or her behalf had the member been a member for the period for which the member is electing to purchase credit and had his or her compensation during such period of membership been the same as the annual salary rate at which the member was initially employed as a member, with the calculations based on the contribution rate in effect on the date of his or her employment with simple interest calculated from date of employment from which the member could first receive creditable service to the date of election pursuant to this subsection. The payment shall be made over a period of not longer than two years, measured from the date of election, and with simple interest on the unpaid balance. Payments made for such creditable prior service pursuant to this subsection shall be treated by the retirement system as would contributions made by the state and shall not be subject to any prohibition on member contributions or refund provisions in effect at the time of enactment of this subsection.

5. Any uniformed member of the highway patrol who served as a certified police officer prior to becoming a member may elect, prior to retirement, to purchase all of his or her creditable prior service equivalent to such service in the police force, but not to exceed four years, if he or she is not receiving and is not eligible to receive credits or benefits from any other public or private retirement plan for the service to be purchased, and an affidavit so stating shall be filed by the member with the retirement system. The purchase shall be effected by the member's paying to the retirement system an amount equal to what would have been contributed by the state in his or her behalf had he or she been a member of the system for the period for which the member is electing to purchase credit and had his compensation during such period been the same as the annual salary rate at which the member was initially employed as a member, with the calculations based on the contribution rate in effect on the date of his or her employment with simple interest calculated from the date of employment from which the member could first receive creditable service to the date of election pursuant to the provisions of this section. The payment shall be made over a period of not longer than two years, measured from the date of election, and with simple interest on the unpaid balance. Payments made for such creditable prior service pursuant to the provisions of this section shall be treated by the retirement system as would contributions made by the state and shall not be subject to any prohibition on member contributions or refund provisions in effect at the time of enactment of this section.

6. Any [uniformed] member of the [highway patrol] **system under section 104.030 or section 104.170 who is an active employee and** who served as a nonfederal full-time public employee in this state prior to becoming a

member may elect, prior to retirement, to purchase all of his or her creditable prior service equivalent to such service, but not to exceed four years, if he or she is not receiving and is not eligible to receive credits or benefits from any other public plan for the service to be purchased[, and an affidavit so stating shall be filed by the member with the retirement system]. The purchase shall be effected by the member's paying to the retirement system an amount equal to what would have been contributed by the state in his or her behalf had he or she been a member of the system for the period for which the member is electing to purchase credit and had his compensation during such period been the same as the annual salary rate at which the member was initially employed as a member, with the calculations based on the contribution rate in effect on the date of his or her employment with simple interest calculated from the date of employment from which the member could first receive creditable service to the date of election pursuant to the provisions of this section. The payment shall be made over a period of not longer than two years, measured from the date of election, and with simple interest on the unpaid balance. Payments made for such creditable prior service pursuant to the provisions of this section shall be treated by the retirement system as would contributions made by the state and shall not be subject to any prohibition on member contributions or refund provisions in effect at the time of enactment of this section. **All purchase payments under this subsection shall be completed prior to retirement or prior to termination of employment. If a member who purchased creditable service under this subsection dies prior to retirement, the surviving spouse may, upon written request, receive a refund of the amount contributed for such purchase of such creditable service, provided the surviving spouse is not entitled to survivorship benefits payable under section 104.110 or who are entitled to a deferred annuity under section 104.035 are not eligible to purchase service under this subsection.**"; and

"169.030. 1. The funds required for the operation of the retirement system created by sections 169.010 to 169.141 shall come from contributions made in equal amounts by members of the system and their employers, except as provided for certain members and employers by section 104.342, RSMo, and from such interest as may be derived from the investment of any part of such contributions. All contributions shall be transmitted to the board of trustees by employers in such manner and at such time as the board by rule shall require.

2. For each school year following the date on which the system becomes operative, each and every employer of one or more persons who are members of the system shall transmit to the board of trustees, in the manner and

accompanied by such supporting data as the board shall prescribe, twice the amount that is deductible from the pay of such employee or employees during the school year. Failure or refusal to transmit such amount as required shall render the person or persons responsible therefor individually liable for twice the amount so withheld. Suits for the recovery of amounts for which individuals are thus rendered liable shall be instituted and prosecuted by the board of trustees in the name of the retirement system. In addition to such civil penalty, and not in lieu thereof, any person or persons made responsible for the payment of contributions who shall willfully and knowingly fail or refuse to transmit such contributions or any part thereof to the board of trustees shall be deemed guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not less than twenty-five dollars and not more than two hundred dollars, and each day such person or persons shall so fail or refuse to transmit such contributions shall be deemed a separate offense.

3. The contributions of members of the retirement system shall be collected by their employers through appropriate deductions from paychecks, except as provided for certain members and employers by section 104.342, RSMo. The total amount deducted from the paychecks of members during any school year shall equal such a percent of their salary rates as may be required by the contribution rate then in effect. Contributions transmitted to the retirement system before February 20, 1996, based on salary rates which either included or excluded employer-paid medical benefits for members, shall be deemed to have been in compliance with this section. The retirement system shall not refund or adjust contributions or adjust benefit determinations with respect to any period before February 20, 1996, solely because of the treatment of employer-paid medical benefits for members. Effective December 31, 1995, compensation in excess of the limitations set forth in Section 401(a)(17) of Title 26 of the United States Code shall be disregarded for purposes of determining contributions under this section and calculating benefits paid by the public school retirement system of Missouri. The limitation on compensation for eligible employees shall not be less than the amount which was allowed to be taken into account under the system as in effect on July 1, 1993. For this purpose, an "eligible employee" is an individual who was a member of the system before July 1, 1996.

4. The board of trustees shall fix and certify to the employers the level rate of contribution subject to the following:

(1) The level rate of contribution for a fiscal year shall not exceed the level rate of contribution for the prior fiscal year by more than one-half percent;

(2) The board shall fix and certify to the employers the rate of contribution for a fiscal year no later than six months prior to the date such rate is to be effective;

(3) The board shall fix and certify to the employers the rate of contribution for a fiscal year based on an actuarial valuation of the system as of a date not earlier than the last day of the second prior fiscal year. Such actuarial valuation of the system shall be performed using processes and actuarial assumptions that are in accordance with actuarial standards of practice in effect at the time the valuation is performed, as promulgated by the actuarial standards board or its successor; provided that such actuarial valuation shall be based on the entry age normal actuarial cost method and an asset valuation method based on the market value of system assets that may provide for smoothing of investment gains and losses, and, further, that the level rate of contribution shall be the total of the normal cost rate and a rate which shall amortize the unfunded actuarial accrued liability over a period that shall not exceed thirty years from the date of the valuation, subject to the limitations of this subsection; and

(4) Not less than once every ten years the board shall have an actuary, other than the actuary performing the actuarial valuation pursuant to this section, review such actuarial valuation and perform an additional valuation of the system.

5. Regardless of the provisions of any law governing compensation and contracts, every teacher or employee shall be deemed to consent and agree to the deductions provided herein. Payment of salary or compensation less such deduction shall be a full and complete discharge of all salary or compensation claims and demands during the period covered by such payment, except as to the benefits provided under sections 169.010 to 169.141.

[6. Notwithstanding any other provision of sections 169.010 to 169.141 to the contrary, no legislation shall be enacted after July 1, 2003, that increases benefits provided to members or retirees of the public school retirement system of Missouri above that which may be funded using a rate of contribution of ten and one-half percent as determined using an actuarial valuation as provided in subsection 4 of this section; provided that, notwithstanding the provision of this subsection, legislation may be enacted after July 1, 2003, that provides for an extension of time within which a member may make an election pursuant to subdivisions (3) to (8) of subsection 1 of section 169.070.]

169.070. 1. The retirement allowance of a member whose age at retirement is sixty years or more and whose creditable service is five years or more, or whose sum of age and creditable service equals eighty years or more, or who has attained age fifty-five and whose creditable service is twenty-five years or more or whose creditable service is thirty years or more regardless of age, may be the sum of the following items, not to exceed one hundred percent of the member's final average salary:

- (1) Two and five-tenths percent of the member's final average salary for each year of membership service;
- (2) Six-tenths of the amount payable for a year of membership service for each year of prior service not exceeding thirty years.

In lieu of the retirement allowance otherwise provided in subdivisions (1) and (2) of this subsection, a member may elect to receive a retirement allowance of:

- (3) Between July 1, 1998, and July 1, 2008, two and four-tenths percent of the member's final average salary for each year of membership service, if the member's creditable service is twenty-nine years or more but less than thirty years, and the member has not attained age fifty-five;
- (4) Between July 1, 1998, and July 1, 2008, two and thirty-five-hundredths percent of the member's final average salary for each year of membership service, if the member's creditable service is twenty-eight years or more but less than twenty-nine years, and the member has not attained age fifty-five;
- (5) Between July 1, 1998, and July 1, 2008, two and three-tenths percent of the member's final average salary for each year of membership service, if the member's creditable service is twenty-seven years or more but less than twenty-eight years, and the member has not attained age fifty-five;
- (6) Between July 1, 1998, and July 1, 2008, two and twenty-five-hundredths percent of the member's final average salary for each year of membership service, if the member's creditable service is twenty-six years or more but less than twenty-seven years, and the member has not attained age fifty-five;
- (7) Between July 1, 1998, and July 1, 2008, two and two-tenths percent of the member's final average salary for each year of membership service, if the member's creditable service is twenty-five years or more but less than twenty-six years, and the member has not attained age fifty-five;
- (8) Between July 1, 2001, and July 1, 2008, two and fifty-five hundredths percent of the member's final average salary for each year of membership service, if the member's creditable service is thirty-one years or more regardless of age.

2. In lieu of the retirement allowance provided in subsection 1 of this section, a member whose age is sixty years or more on September 28, 1975, may elect to have the member's retirement allowance calculated as a sum of the following items:

- (1) Sixty cents plus one and five-tenths percent of the member's final average salary for each year of membership service;
- (2) Six-tenths of the amount payable for a year of membership service for each year of prior service not exceeding thirty years;
- (3) Three-fourths of one percent of the sum of subdivisions (1) and (2) of this subsection for each month of attained age in excess of sixty years but not in excess of age sixty-five.

3. (1) In lieu of the retirement allowance provided either in subsection 1 or 2 of this section, collectively called "option 1", a member whose creditable service is twenty-five years or more or who has attained the age of fifty-five with five or more years of creditable service may elect in the member's application for retirement to receive the actuarial equivalent of the member's retirement allowance in reduced monthly payments for life during retirement with the provision that:

Option 2. Upon the member's death the reduced retirement allowance shall be continued throughout the life of and paid to such person as has an insurable interest in the life of the member as the member shall have nominated in the member's election of the option, and provided further that if the person so nominated dies before the retired member, the retirement allowance will be increased to the amount the retired member would be receiving had the retired member elected option 1;

OR

Option 3. Upon the death of the member three-fourths of the reduced retirement allowance shall be continued throughout the life of and paid to such person as has an insurable interest in the life of the member and as the member shall have nominated in an election of the option, and provided further that if the person so nominated dies before the retired member, the retirement allowance will be increased to the amount the retired member would be receiving had the member elected option 1;

OR

Option 4. Upon the death of the member one-half of the reduced retirement allowance shall be continued throughout the life of, and paid to, such person as has an insurable interest in the life of the member and as the member shall have nominated in an election of the option, and provided further that if the person so nominated dies before the retired member, the retirement allowance shall be increased to the amount the retired member would be receiving had the member elected option 1;

OR

Option 5. Upon the death of the member prior to the member having received one hundred twenty monthly payments of the member's reduced allowance, the remainder of the one hundred twenty monthly payments of the reduced allowance shall be paid to such beneficiary as the member shall have nominated in the member's election of the option or in a subsequent nomination. If there is no beneficiary so nominated who survives the member for the remainder of the one hundred twenty monthly payments, the total of the remainder of such one hundred twenty monthly payments shall be paid to the estate of the last person to receive a monthly allowance. If the total of the one hundred twenty payments paid to the retired individual and the beneficiary of the retired individual is less than the total of the member's accumulated contributions, the difference shall be paid to the beneficiary in a lump sum;

OR

Option 6. Upon the death of the member prior to the member having received sixty monthly payments of the member's reduced allowance, the remainder of the sixty monthly payments of the reduced allowance shall be paid to such beneficiary as the member shall have nominated in the member's election of the option or in a subsequent nomination. If there is no beneficiary so nominated who survives the member for the remainder of the sixty monthly payments, the total of the remainder of such sixty monthly payments shall be paid to the estate of the last person to receive a monthly allowance. If the total of the sixty payments paid to the retired individual and the beneficiary of the retired individual is less than the total of the member's accumulated contributions, the difference shall be paid to the beneficiary in a lump sum.

(2) The election of an option may be made only in the application for retirement and such application must be filed prior to the date on which the retirement of the member is to be effective. If either the member or the person nominated to receive the survivorship payments dies before the effective date of retirement, the option shall not be effective, provided that:

(a) If the member or a person retired on disability retirement dies after acquiring twenty-five or more years of creditable service or after attaining the age of fifty-five years and acquiring five or more years of creditable service and before retirement, except retirement with disability benefits, and the person named by the member as the member's beneficiary has an insurable interest in the life of the deceased member, the designated beneficiary may elect to receive either survivorship benefits under option 2 or a payment of the accumulated contributions of the member. If survivorship benefits under option 2 are elected and the member at the time of death would have been eligible to receive an actuarial equivalent of the member's retirement allowance, the designated beneficiary may further elect to defer the option 2 payments until the date the member would have been eligible to receive the retirement allowance provided in subsection 1 or 2 of this section;

(b) If the member or a person retired on disability retirement dies before attaining age fifty-five but after acquiring five but fewer than twenty-five years of creditable service, and the person named as the member's beneficiary has an insurable interest in the life of the deceased member, the designated beneficiary may elect to receive either a payment of the member's accumulated contributions, or survivorship benefits under option 2 to begin on the date the member would first have been eligible to receive an actuarial equivalent of the member's retirement allowance, or to begin on the date the member would first have been eligible to receive the retirement allowance provided in subsection 1 or 2 of this section.

4. If the total of the retirement or disability allowance paid to an individual before the death of the individual is less than the accumulated contributions at the time of retirement, the difference shall be paid to the beneficiary of the individual, or to the (1) surviving spouse, (2) surviving children in equal shares, (3) surviving parents in equal shares, or (4) estate of the individual in that order of precedence. If an optional benefit as provided in option 2, 3 or 4 in subsection 3 of this section had been elected, and the beneficiary dies after receiving the optional benefit, and if the total retirement allowance paid to the retired individual and the beneficiary of the retired individual is less than the total of the contributions, the difference shall be paid to the (1) surviving spouse, (2) surviving children in equal shares, (3) surviving parents in equal shares, or (4) estate of the beneficiary, in that order of precedence, unless the retired individual designates a different recipient with the board at or after retirement.

5. If a member dies before receiving a retirement allowance, the member's accumulated contributions at the time of the death of the member shall be paid to the beneficiary of the member or, if there is no beneficiary, to the (1) surviving spouse, (2) surviving children in equal shares, (3) surviving parents in equal shares, or (4) to the estate of the member in that order of precedence; except that, no such payment shall be made if the beneficiary elects option 2 in subsection 3 of this section, unless the beneficiary dies before having received benefits pursuant to that subsection equal to the accumulated contributions of the member, in which case the amount of accumulated contributions in excess of the total benefits paid pursuant to that subsection shall be paid to the (1) surviving spouse, (2) surviving children in equal shares, (3) surviving parents in equal shares, or (4) estate of the beneficiary, in that order of precedence.

6. If a member ceases to be a public school employee as herein defined and certifies to the board of trustees that such cessation is permanent, or if the membership of the person is otherwise terminated, the member shall be paid the member's accumulated contributions with interest.

7. Notwithstanding any provisions of sections 169.010 to 169.141 to the contrary, if a member ceases to be a public school employee after acquiring five or more years of membership service in Missouri, the member may at the option of the member leave the member's contributions with the retirement system and claim a retirement allowance any time after reaching the minimum age for voluntary retirement. When the member's claim is presented to the board, the member shall be granted an allowance as provided in sections 169.010 to 169.141 on the basis of the member's age, years of service, and the provisions of the law in effect at the time the member requests the member's retirement to become effective.

8. The retirement allowance of a member retired because of disability shall be nine-tenths of the allowance to which the member's creditable service would entitle the member if the member's age were sixty, or fifty percent of one-twelfth of the annual salary rate used in determining the member's contributions during the last school year for which the member received a year of creditable service immediately prior to the member's disability, whichever is greater, except that no such allowance shall exceed the retirement allowance to which the member would have been entitled upon retirement at age sixty if the member had continued to teach from the date of disability until age sixty at the same salary rate.

9. Notwithstanding any provisions of sections 169.010 to 169.141 to the contrary, from October 13, 1961, the contribution rate pursuant to sections 169.010 to 169.141 shall be multiplied by the factor of two-thirds for any member of the system for whom federal Old Age and Survivors Insurance tax is paid from state or local tax funds on account of the member's employment entitling the person to membership in the system. The monetary benefits for a member who elected not to exercise an option to pay into the system a retroactive contribution of four percent on that part of the member's annual salary rate which was in excess of four thousand eight hundred dollars but not in excess of eight thousand four hundred dollars for each year of employment in a position covered by this system between July 1, 1957, and July 1, 1961, as provided in subsection 10 of this section as it appears in RSMo, 1969, shall be the sum of:

(1) For years of service prior to July 1, 1946, six-tenths of the full amount payable for years of membership service;

(2) For years of membership service after July 1, 1946, in which the full contribution rate was paid, full benefits under the formula in effect at the time of the member's retirement;

(3) For years of membership service after July 1, 1957, and prior to July 1, 1961, the benefits provided in this section as it appears in RSMo, 1959; except that if the member has at least thirty years of creditable service at retirement the member shall receive the benefit payable pursuant to that section as though the member's age were sixty-five at retirement;

(4) For years of membership service after July 1, 1961, in which the two-thirds contribution rate was paid, two-thirds of the benefits under the formula in effect at the time of the member's retirement.

10. The monetary benefits for each other member for whom federal Old Age and Survivors Insurance tax is or was paid at any time from state or local funds on account of the member's employment entitling the member to membership in the system shall be the sum of:

(1) For years of service prior to July 1, 1946, six-tenths of the full amount payable for years of membership service;

(2) For years of membership service after July 1, 1946, in which the full contribution rate was paid, full benefits under the formula in effect at the time of the member's retirement;

(3) For years of membership service after July 1, 1957, in which the two-thirds contribution rate was paid, two-thirds of the benefits under the formula in effect at the time of the member's retirement.

11. Any retired member of the system who was retired prior to September 1, 1972, or beneficiary receiving payments under option 1 or option 2 of subsection 3 of this section, as such option existed prior to September 1, 1972, will be eligible to receive an increase in the retirement allowance of the member of two percent for each year, or major fraction of more than one-half of a year, which the retired member has been retired prior to July 1, 1975. This increased amount shall be payable commencing with January, 1976, and shall thereafter be referred to as the member's retirement allowance. The increase provided for in this subsection shall not affect the retired member's eligibility for compensation provided for in section 169.580 or 169.585, nor shall the amount being paid pursuant to these sections be reduced because of any increases provided for in this section.

12. If the board of trustees determines that the cost of living, as measured by generally accepted standards, increases two percent or more in the preceding fiscal year, the board shall increase the retirement allowances which the retired members or beneficiaries are receiving by two percent of the amount being received by the retired member or the beneficiary at the time the annual increase is granted by the board with the provision that the increases provided for

in this subsection shall not become effective until the fourth January first following the member's retirement or January 1, 1977, whichever later occurs, or in the case of any member retiring on or after July 1, 2000, the increase provided for in this subsection shall not become effective until the third January first following the member's retirement, or in the case of any member retiring on or after July 1, 2001, the increase provided for in this subsection shall not become effective until the second January first following the member's retirement. Commencing with January 1, 1992, if the board of trustees determines that the cost of living has increased five percent or more in the preceding fiscal year, the board shall increase the retirement allowances by five percent. The total of the increases granted to a retired member or the beneficiary after December 31, 1976, may not exceed [eighty] **ninety** percent of the retirement allowance established at retirement or as previously adjusted by other subsections. If the cost of living increases less than five percent, the board of trustees may determine the percentage of increase to be made in retirement allowances, but at no time can the increase exceed five percent per year. If the cost of living decreases in a fiscal year, there will be no increase in allowances for retired members on the following January first.

13. The board of trustees may reduce the amounts which have been granted as increases to a member pursuant to subsection 12 of this section if the cost of living, as determined by the board and as measured by generally accepted standards, is less than the cost of living was at the time of the first increase granted to the member; except that, the reductions shall not exceed the amount of increases which have been made to the member's allowance after December 31, 1976.

14. Any application for retirement shall include a sworn statement by the member certifying that the spouse of the member at the time the application was completed was aware of the application and the plan of retirement elected in the application.

15. Notwithstanding any other provision of law, any person retired prior to September 28, 1983, who is receiving a reduced retirement allowance under option 1 or option 2 of subsection 3 of this section, as such option existed prior to September 28, 1983, and whose beneficiary nominated to receive continued retirement allowance payments under the elected option dies or has died, shall upon application to the board of trustees have his or her retirement allowance increased to the amount he or she would have been receiving had the option not been elected, actuarially adjusted to recognize any excessive benefits which would have been paid to him or her up to the time of application.

16. Benefits paid pursuant to the provisions of the public school retirement system of Missouri shall not exceed the limitations of Section 415 of Title 26 of the United States Code except as provided pursuant to this subsection. Notwithstanding any other law to the contrary, the board of trustees may establish a benefit plan pursuant to Section 415(m) of Title 26 of the United States Code. Such plan shall be created solely for the purpose described in Section 415(m)(3)(A) of Title 26 of the United States Code. The board of trustees may promulgate regulations necessary to implement the provisions of this subsection and to create and administer such benefit plan.

17. Notwithstanding any other provision of law to the contrary, any person retired before, on, or after May 26, 1994, shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such requests. As compensation for such duties the person shall receive an amount based on the person's years of service so that the total amount received pursuant to sections 169.010 to 169.141 shall be at least the minimum amounts specified in subdivisions (1) to (4) of this subsection. In determining the minimum amount to be received, the amounts in subdivisions (3) and (4) of this subsection shall be adjusted in accordance with the actuarial adjustment, if any, that was applied to the person's retirement allowance. In determining the minimum amount to be received, beginning September 1, 1996, the amounts in subdivisions (1) and (2) of this subsection shall be adjusted in accordance with the actuarial adjustment, if any, that was applied to the person's retirement allowance due to election of an optional form of retirement having a continued monthly payment after the person's death. Notwithstanding any other provision of law to the contrary, no person retired before, on, or after May 26, 1994, and no beneficiary of such a person, shall receive a retirement benefit pursuant to sections 169.010 to 169.141 based on the person's years of service less than the following amounts:

- (1) Thirty or more years of service, one thousand two hundred dollars;
- (2) At least twenty-five years but less than thirty years, one thousand dollars;
- (3) At least twenty years but less than twenty-five years, eight hundred dollars;
- (4) At least fifteen years but less than twenty years, six hundred dollars.

18. Notwithstanding any other provisions of law to the contrary, any person retired prior to May 26, 1994, and any designated beneficiary of such a retired member who was deceased prior to July 1, 1999, shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement or aging and upon request shall give written or oral opinions to the board in response to such requests. Beginning September 1, 1996, as compensation for such service, the member shall have added, pursuant to this subsection, to the member's monthly annuity as provided by this section a dollar amount equal to the lesser of sixty dollars or the product of two dollars

multiplied by the member's number of years of creditable service. Beginning September 1, 1999, the designated beneficiary of the deceased member shall as compensation for such service have added, pursuant to this subsection, to the monthly annuity as provided by this section a dollar amount equal to the lesser of sixty dollars or the product of two dollars multiplied by the member's number of years of creditable service. The total compensation provided by this section including the compensation provided by this subsection shall be used in calculating any future cost-of-living adjustments provided by subsection 12 of this section.

19. Any member who has retired prior to July 1, 1998, and the designated beneficiary of a deceased retired member shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such requests. As compensation for such duties the person shall receive a payment equivalent to eight and seven-tenths percent of the previous month's benefit, which shall be added to the member's or beneficiary's monthly annuity and which shall not be subject to the provisions of subsections 12 and 13 of this section for the purposes of the limit on the total amount of increases which may be received.

20. Any member who has retired shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such request. As compensation for such duties, the beneficiary of the retired member, or, if there is no beneficiary, the (1) surviving spouse, (2) surviving children in equal shares, (3) surviving parents in equal shares, or (4) estate of the retired member, in that order of precedence, shall receive as a part of compensation for these duties a death benefit of five thousand dollars. **Notwithstanding any provision of law, the five thousand dollars received under this subsection shall not be subject to taxation.**

21. Any member who has retired prior to July 1, 1999, and the designated beneficiary of a retired member who was deceased prior to July 1, 1999, shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such requests. As compensation for such duties, the person shall have added, pursuant to this subsection, to the monthly annuity as provided by this section a dollar amount equal to five dollars times the member's number of years of creditable service.

22. Any member who has retired prior to July 1, 2000, and the designated beneficiary of a deceased retired member shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such requests. As compensation for such duties, the person shall receive a payment equivalent to three and five-tenths percent of the previous month's benefit, which shall be added to the member or beneficiary's monthly annuity and which shall not be subject to the provisions of subsections 12 and 13 of this section for the purposes of the limit on the total amount of increases which may be received.

23. Any member who has retired prior to July 1, 2001, and the designated beneficiary of a deceased retired member shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such requests. As compensation for such duties, the person shall receive a dollar amount equal to three dollars times the member's number of years of creditable service, which shall be added to the member's or beneficiary's monthly annuity and which shall not be subject to the provisions of subsections 12 and 13 of this section for the purposes of the limit on the total amount of increases which may be received."; and

JOURNAL OF THE HOUSE

Second Regular Session, 93rd GENERAL ASSEMBLY

FIFTY-FOURTH DAY, TUESDAY, APRIL 11, 2006

The House met pursuant to adjournment.

Speaker Pro Tem Bearden in the Chair.

Prayer by Father Donald W. Lammers.

Aware that President Bush is coming today, let us pray.

God our Father, all earthly powers must serve You. Guide our President, coming to our State and this city today, to conduct his time among us in righteousness. May the purpose of his visit be fulfilled worthily and well, with honesty and ability.

Always, and today, may he honor and strive to please You. By his efforts may we see the advance of liberty and justice for all. As we pray for our President, so may we carry out our own work of public service. We pray to You, who are our God, forever and ever. Amen.

The Pledge of Allegiance to the flag was recited.
